

ANGLO AMERICAN LAUNCHES PHASE 2 SCHOOL SUPPORT PROGRAMME IN BLOUBERG

Blouberg Local Municipality Mayor, Her Worship Cllr Maria Thamaga has commended global mining company, Anglo American for its school support initiative aimed at empowering local schools. Anglo American yesterday, March 8 launched the Phase 2 of its school support programme in Blouberg Local Municipality with a stakeholder engagement session.

Circuit Managers and school principals were part of the launch as potential beneficiaries of the programme. This is the Phase 2 of the programme that is set to commence later this year (2022). The Phase 1 project is still in implementation until the end of 2023. The programme entails school management, educator, learner and School Governing Body - SGB development support and Information Communication Technology ICT which includes Wifi.

Schools will be given an opportunity to apply for the programme by way of showing commitment and how they are going to effect change and improved outcome in their respective schools during the programme implementation. The programme is a whole school development programme that focuses on the 9 functional areas of school in high schools and feeder primary schools as well as early childhood development centres.
