

BLOUBERG LOCAL MUNICIPALITY HOLDS FOURTH QUARTER IDP/BUDGET REVIEW SESSION

The Mayor of Blouberg Local Municipality, Her Worship Cllr Maria Thamaga indicated that receiving positive feedback from some members of the community and traditional leaders about the services the municipality renders means that, the municipality is moving towards the right direction and that should serve as a motivation to councillors and officials to work even harder to ensure that communities are happy.

Mayor Thamaga was addressing municipal leadership and management during Intergated Development Plan IDP/ Budget 2021/22 quarterly review session held earlier today. The purpose of the session was to present the progress reports in respect of the fourth quarter performance for the period; April-June 2021/22 financial year as per the Service Delivery and Budget Implementation Plans(SDBIPs) of the municipality.

Mayor Thamaga further called on management to always prioritize service delivery resolutions taken on previous session to improve the living conditions of the people.

"Implementation of service delivery resolutions is beneficial to our communities.

This session closes our performance for the 2021/22 financial year and we are seeing a huge progress. July 1 marked a new journey, our new year, let us all go out there and make a positive impact in the lives of our community members. Communities need basic services, let us provide that to them. Let us make them proud. Everyday should be a "Mandela Day" in Blouberg", nothing is impossible.

We can only succeed if all departments focus on their targets and work as a team to achieve them".
Said the Mayor

For two days, municipal leadership and management will deliberate on important service delivery issues critical to the development of the municipality.
