

MAYOR MARIA THAMAGA'S MESSAGE TO THE MATRIC CLASS OF 2023

As you prepare for your National Senior Certificate (NSC) final exams, I would like to wish you all the best of luck. As President Nelson Mandela said, "No country can really develop unless its citizens are educated." Indeed, the future of our country rests on the shoulders of its youth, and we can only achieve successes through education.

We continue echoing the words of our icon when he said, "Education is the most powerful weapon you can use to change the world". We wish to see the young and shining stars of Blouberg Local Municipality in a very big mission of changing a status quo characterised by hunger and underdevelopment to a possible prosperous future.

I call upon our parents to support the children during the exam time and in their future endeavors. I humbly request that you create a conducive environment for them to study, rest enough, and be ready to enter the exam room with confidence.

Trust in the Almighty to give you strength to pull through.
As the Blouberg Council, we guarantee you unconditional support, and we are proud that you have made it this far in life.

ALL THE BEST WITH YOUR EXAMS!
#BloubergValuesEducation
