Gabriel Mistral once remarked that 'We are guilty of many errors and many faults, but our worst crime is abandoning the children, neglecting the fountain of life. Many of the things we need can wait. The child cannot.

And the municipality fully agrees that the most important period of life is not the age of university studies, but the first one, the period from birth to the age of six hence the construction of these facilities.

On Behalf of Blouberg Mayor Cllr Serite Sekgoloane; Chairperson of Infrastructure Development Cllr Seleka yesterday joined parents, contractors and engineering consultants to celebrate the start of construction of brand new R2m (respectively) early-child hood development facilities.

The construction is expected to be complete by January 2013. The pre-schools will house children between the ages of 1 and 5.

Meanwhile the Municipality will today also, handover the Phase3 project of the Eldorado Sport Complex to the contractor. The R4.5 million project is due to be completed by April 2013.
