BLOUBERG MUNICIPALITY
CONTRACT NO: BM19/22/23

**CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND
INTERNAL STREETS**

T1.1 TENDER NOTICE AND INVITATION TO TENDER

Suitable service providers are invited to tender for the development of **CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND INTERNAL STREETS**. Bidders are requested to bid as per specification attached to the bid documents that will be obtainable from e-tender website, www.e-tender.gov.za

A compulsory briefing session will be held on the 8th June 2023 at Ditatsu Village at **11H00**.

Completed bid documents signed by a duly authorised person, sealed in an envelope clearly marked "Tender No. **BM19/22/23 CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND INTERNAL STREETS**" must reach the undersigned by depositing it into the tender box by not later than **11H00** on the **26th June 2023** when all tenders received will be opened in public at the Offices of Blouberg Municipality in Senwabarwana. The Municipality is not bound to accept the lowest or any bid and reserves the right to accept any part of a bid. Bids must remain valid for a period of ninety (90) days after closing date of submission thereof. Submitted tenders will be evaluated on 80/20 score points.

Bids which are late, incomplete, unsigned or submitted in pencil or by telegraph or facsimile or electronically by e-mail, or not having the following documents attached for evaluation or not complying with the tender specifications, will not be evaluated and will be disqualified:

- Original valid Tax Clearance Certificate
- A certified copy of Company Registration Certificate
- Certified copy/copies of company owner(s) ID Book(s).
- CIDB Certificate, 7CE OR HIGHER
- Copies of Appointment Letter(s) and Completion Certificate(s) of Relevant Projects
- COIDA
- Joint Venture Agreement in cases of Joint Venture
- 3 months' municipal rates and taxes letter not in arrears for both director and company if residing at a billing municipality. If rented lease agreement with municipal rates of the landlord if residing at the village's tribal authority letter not more than three months old for both company and director.

N.B NON-ATTENDANCE TO BRIEFING SESSION IS AN AUTOMATIC DISQUALIFICATION

All enquiries can be directed to the SCM Manager, M.W Kgowa and PMU Manager, Ms Rabumbulu H at (015) 505 7100.

F.3.11.2	The procedure for the evaluation of responsive tenders is Method 2. The financial offer will be scoring using Formula 2 (option 1) in Table F1 where the value of W1 is: 1) 90 where the financial value inclusive of VAT of all responsive tenders received have a value in excess of R 50 000 000; or Higher 2) 80 where the financial value inclusive of VAT of one or more responsive tender offers have a value that equals of is less than R 50 000 000.
F.3.18	The number of paper copies of the signed contract to be provided by the Employer is one.
	The tenderer is to note that the following Additional Relevant Documents attached into Part 5 of this document will form part of this contract: 1 Ministerial Determination No.3: Expanded Public Works Programmes.

F3.11

Preferential Procurement Regulations, 2022 as published in Government Gazette 47452 dated 4th November 2022

First stage –Compliance to administrative requirements

Bidders will be evaluated on the following administrative compliance:

- Proof of a valid SARS TCS PIN
- Company Registration Certificate (CK)
- Attendance of compulsory Briefing Session
- Certified Copies of Company Owner's ID Book(s) not older than 3 months
- Original or certified copy of the up-to-date statement of municipal rates & taxes and municipal service charges for company and company owners/directors (not more than six months and not in arrears), AND if renting a lease agreement with proof of payment. If the bidder is operating where municipal rates are not applicable, a certified copy of residence from the traditional authority must be submitted
- Relevant CIDB Grading (7CE OR HIGHER)
- Signed Audited Annual Financial Statements for 3 consecutive years
- Letter of intent to sub-contract
- Authority for Signatory
- Completion of Form of Offer
- Completion and Compliance with Addendum
- Completion of Schedule of Quantities
- Insurance Statement
- Certificate of good standing with COIDA.
- Completion of MBD Forms
- Copy of the up-to-date central supplier database CSD registration report detailing all compliance requirements [last verified between the advert date and the closing date]
- A certified copies of Historically Disadvantage Individuals (HDI) or targeted goals as identified and requested/directed.
- Bid document must be printed in the colours indicated on table of Contents
- Completed MBD forms (MBD 2, MBD 3, MBD 4, MBD 7.1 & 2, MBD 8 and MBD 9)
- Each party to join venture must attach proof of join venture agreement (if applicable)

Responsive tenders will firstly be evaluated on administration and then be evaluated for functionality. The minimum score for functionality is 75%, and a bidder who scores below this minimum shall not be considered for further evaluation in terms of the preference point systems.

T1.2.5

SCORING OF FUNCTIONALITY:

Functionality Evaluation Criteria

Functionality will be as follows:

- Company Reputation and Reference 45%
- Plant and equipment 15%
- Financial capacity 10%
- Management and key staff experience 30%

2.1. COMPANY REPUTATION AND REFERENCES (45 points)

This will take into consideration similar contracts successfully completed by the bidder.

NB. Proof of largest similar project must be attached (Appointment Letter and Completion certificate certified). Failure to provide proof will result in disqualification of points.

The score will be calculated as follows:

COMPANY EXPERIENCE	WEIGHT	RATING
<ul style="list-style-type: none"> • Successful completed projects of similar nature of above 10 million at least 5 or more • Appointment letters • Completion letters 	45	<ul style="list-style-type: none"> • Excellent = 5 • Very good = 4 • Good = 3 • Fair = 2 • Poor = 1
MAXIMUM POINTS	45	

2.2 PLANT AND EQUIPMENT (15 POINTS)

This will be assessed against a minimum number of different types of plant and equipment required to successfully complete the project within the stipulated construction period as determined by the engineer.

Access to plant may be in a form of ownership, hire or leasing arrangements, orders etc. A letter of intent from hiring or leasing companies stating the number and type of plant and equipment on which arrangement has been made must be submitted. Any changes to the lease/hire agreement must be approved by the Municipality prior commencement.

PLANT AND EQUIPMENT	WEIGHT	RATING
At least 1 x Excavator	15	<ul style="list-style-type: none"> • Excellent = 5 • Very good = 4 • Good = 3 • Fair = 2 • Poor = 1
At least 2 x Grader		
At least 2 x TLB		
At least 4 x Tipper Trucks		
At least 2 x Self-propelled rollers		
MAXIMUM POINTS	15	

Access to plant may be in a form of ownership, hire or leasing arrangements, orders etc. A letter of intent from hiring and leasing companies stating the number and type of plant and equipment on which arrangement has been made will be accepted

NB. Proof of ownership on equipment indicated above must be submitted with the bid document. Failing to submit will result in disqualification of points.

2.3 FINANCIAL STATUS (10 POINTS)

This will be assessed against Bank ratings as follows: (Bank letter must be submitted, and not older than 30 days)

Bidders must submit a recent stamped letter from the bank for rating.

FINANCIAL CAPACITY	WEIGHT	RATING
Bank rating A (5) Bank rating B (4) Bank rating C (3) Bank rating D (2) Bank rating E and below (1)	10	<ul style="list-style-type: none"> • Excellent = 5 • Very good = 4 • Good = 3 • Fair = 2 • Poor = 1
MAXIMUM POINTS	10	

2.4 MANAGEMENT AND KEY STAFF (30)

Bidders must submit the certified copies of the certificates

MANAGEMENT AND KEY STAFF	WEIGHT	RATING
PROJECT MANAGER <ul style="list-style-type: none"> • At least Degree in project management or (BSc Civil Eng., B-Tech Civil Eng.). With Successive ten (10) years' Experience in construction of projects of similar nature 	15	<ul style="list-style-type: none"> • Excellent = 5 • Very good = 4 • Good = 3 • Fair = 2 • Poor = 1
SITE AGENT <ul style="list-style-type: none"> • At least national diploma in civil engineering and successive seven (7) years' experience in construction of projects 	5	<ul style="list-style-type: none"> • Excellent = 5 • Very good = 4 • Good = 3 • Fair = 2 • Poor = 1

T1.2.7

MANAGEMENT AND KEY STAFF	WEIGHT	RATING
FOREMAN <ul style="list-style-type: none"> Technical certificate (N6) and successive five (5) years' experience of projects of similar nature 	5	<ul style="list-style-type: none"> Excellent = 5 Very good = 4 Good = 3 Fair = 2 Poor = 1
HEALTH AND SAFETY <ul style="list-style-type: none"> Certificate in occupational health and safety with three years' experience or similar SACPCMP accreditation 	5	<ul style="list-style-type: none"> Excellent = 5 Very good = 4 Good = 3 Fair = 2 Poor = 1
MAXIMUM POINTS	10	

2.5 Commercial Risk Analysis

Prior to being recommended for further evaluation, a bid will be subjected to risk analysis to ensure that it would, if accepted, not place the Municipality or the bidder, at undue risk. A risk analysis will be performed to ascertain if any of the following might present an unacceptable commercial risk to the Municipality:

- Unduly low tendered sums
- Unduly high individual rates
- Unduly low rates
- Imbalances in pricing

It is in the best interests of the Municipality to amend an error which will cause the bid to be rejected on the basis of it presenting an unacceptable commercial risk.

The minimum score required for functionality is 75%, and a bidder who scores below this minimum shall be disqualified and shall not be considered for further evaluation in terms of the 80/20 preference point system.

NOTE: In order for the Tenderer to claim points for Experience under Functionality, the Tenderer must also attach the following proof for each of the completed projects to Form T2.1E :

- **Copy of Appointment Letter for current projects, and**
- **Certified Copy of Completion Certificate.**
- **Certified Copy of Qualifications**

3. Third stage –Evaluation in terms of the 80/20 Preference Point System:

Evaluation on Price and HDI / Specific points (80/20 Preference Point System)

3.1 Financial offer and evaluation on price and specific points

- ✓ Score Bid evaluation points for financial offer.
- ✓ Confirm that Bidders are eligible for the HDI claimed, and if so, score Bid evaluation points for HDI.
- ✓ Calculate total Bid evaluation points (Price points plus HDI points)
- ✓ Rank Bid offers from the highest number of Bid evaluation points to the lowest.
- ✓ The bidder obtaining the highest number of total points will be awarded the contract.
- ✓ Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts.

- ✓ Points scored must be rounded off to the nearest 2 decimal places.
- ✓ In the event that two or more bids have scored equal total points, the successful bids must be the one scoring the highest number of preference points for HDI.
- ✓ However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for HDI, the successful bid must be the one scoring the highest score for functionality.
- ✓ Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

3.2 Price formula (80 Points)

$$Np = \frac{80[1 - (Pt - Pmin)]}{Pmin}$$

- Where: Np = the number of bid/tender adjudication points awarded for price.
- Pt = the bid/tender sum (corrected if applicable) of the responsive bid under consideration.
- Pmin = the bid/tender sum (corrected if applicable) of the lowest responsive tender/bid.

3.3 Scoring for HDI / SPECIFIC GOALS (20 points)

- a. Bids will be evaluated in accordance with the prescripts of the Preferential Procurement Policy Framework Act (PPPFA) and the associated Preferential Procurement Regulations of 2022 (municipal SCM policy as amended), which stipulate a 80/20 point split for requirements not exceeding R50 000 000.00.
- b. Bidders must attach certified copies of HDI (as to be required/directed) to claim HDI points. Failure to attach the valid HDI required copies points shall not disqualify the Bidder from further evaluation; but only points will be forfeited.
- c. Historical Disadvantage Individuals (target goals) or any other specific goals Contributor Number of points (20)

Preferential Elements		20 Points
Historical Disadvantage Individual - Contributor		Number of Points: 20
1.	Locality = [(Limpopo = 4 / Outside = 2)]	4 (Attach proof of address and affidavit supporting proof of address)
2.	Gender [(Women = 8, Men = 4)]	8 (Attach certified copies of Identity Documents)
3.	Youth = [18 – 35]	2 (Attach certified copies of identity documents)
4.	Race [Blacks (Africans, Coloureds and Indians) = 4, White = 2]	4 (Attach certified copies of Identity Documents)
5.	Disability [Any]	2 (Form of proof / letter / medical report signed and certified by a Qualified Medical Doctor)
6.	Non-compliant contributor	0

T1.2.9

T1.2.10

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

F.1 Standard Conditions of the Bid**F.1.1 Actions**

The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in F.2 and F.3, timeously and with integrity, and behave equitably, honestly with openness and transparency.

F.1.2 Tender Documents

The documents issued by the employer for the purpose of a tender offer are listed in the tender data.

F.1.3 Interpretation

F.1.3.1. the tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

F.1.3.2. these conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

F.1.3.3 For the purposes of these conditions for the calling of expressions of interest, the following definitions apply:

- a) Comparative offer means the tenderer's financial offer after the factors of non-firm prices, all unconditional discounts and any other tendered parameters that will affect the value of the financial offer have been taken into consideration
- b) Corrupt practice means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process; and
- c) Fraudulent practice means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels.

F.1.4 Communication and employer's agent

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be read, copied and recorded. Writing shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

F.1.5 The employer's right to accept or reject any tender offer

F.1.5.1 The employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The employer shall not accept or incur any liability to a tenderer for such cancellation and rejection, but will give written reasons for such action upon written request to do so.

F.1.5.2 The employer may not, subsequent to the cancellation or abandonment of a tender process or the rejection of all responsive tender offers re-issue a tender covering substantially the same scope of work within a period of three months.

F.2 Tenderer's obligations**F.2.1 Eligibility**

Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his/ her principals, is not under any restriction to do business with the employer.

F.2.2 Cost of tendering

Accept that the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer to satisfy requirements.

It is a term of this bid that the employer is indemnified from any liability arising or accruing from expenses or damages or losses incurred by the bidder including in the event the employer opts to cancel or discontinue the bidding process of this tender.

F.2.3 Check documents

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

F.2.4 Confidentiality and copyright of documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

The distribution of the tender documents is for the sole purpose of obtaining offers. The distribution does not grant permission or licence to use the documents for any other purpose. Tenderers are required to treat the details of all documents supplied in connection with the tender process as private and confidential. All responses to this invitation to tender will be treated in confidence and no information contained therein will be communicated to any third party without the written permission of the tenderer except in so far as is specifically required for the consideration and evaluation of the response or as may be required under law.

F.2.5 Reference documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

F.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary, apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

F.2.7 Clarification meeting

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting are stated in the tender data.

F.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five (5) working days before the closing date stated in the tender data.

F.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is required to seek adequate cover for covering liability that may arise in terms of international trips.

F.2.10 pricing the tender offer

F.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes, Value Added Tax (VAT), and other levies payable to the successful tenderer, such duties, taxes and levies being those applicable fourteen (14) days before the closing time stated in the tender data.

F.2.10.2 Provide rates and prices that are fixed for the duration of the contract, payable after delivery of the vehicles, subject to inspection by the Employer.

F.2.10.3 State the rates and prices in South African Rand.

F.2.10.4 The municipality has limited resources and bids must be competitive, with market related pricing, as this will be one of the deciding factors in the final award of the contract.

F.2.11 Alterations to documents

Not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations. Erasures and the use of masking fluid or TIPPEX are prohibited.

F.2.12 Alternative tender offers

F.2.12.1 Submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted. The alternative tender offer is to be submitted with the main tender offer together with a schedule that compares the requirements of the tender documents with the alternative requirements of the tenderer proposes.

F.2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.

F.2.13 submitting a tender offer

F.2.13.1 Submit a tender offer to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.

F.2.13.2 Return all returnable documents to the employer after completing them in their entirety.

F.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English.

F.2.13.4 Sign the original copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state; which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

F.2.13.5 Seal the original package marking the package as "ORIGINAL".

F.2.13.6 Seal the original tender offer package in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.

T1.2.13

F.2.13.7 Accept that the employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

F.2.14 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, will be regarded by the employer as non-responsive.

F.2.15 Closing Time

F.2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Proof of posting shall not be accepted as proof of delivery. The employer shall not accept tender offers submitted by telegraph, facsimile or e-mail.

F.2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

F.2.16 Tender Offer Validity

F.2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.

F.2.16.2 If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period.

F.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (Or both).

No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.

F.2.18 Provide other material

F.2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), referencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.

F.2.19 Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

F.2.20 Submit securities, bonds, policies, etc.

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

F.2.21 Check final draft

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

F.2.22 Return of other tender documents

If so instructed by the employer, return all retained tender documents within twenty-eight (28) days after the expiry of the validity period stated in the tender data.

F.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

F.3 The employer's undertakings**F.3.1 Respond to clarification**

Respond to a request for clarification received up to five (5) working days before the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.

F.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until seven (7) days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.

F.3.3 Return late tender offers

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

F.3.4 Opening of tender submissions

F.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

F.3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened, the total of his prices, preferences claimed and time for completion, if any, for the main tender offer only.

F.3.4.3 Make available the record outlined in F.3.4.2 to all interested persons upon a formal request.

F.3.5 Two-envelope system

F.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

F.3.5.2 Evaluate the quality of the technical proposals offered by tenderers, then advice tenderers who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the quality evaluation more than the minimum number of points for quality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any preferences

T1.2.15

claimed. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for quality.

F.3.6 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

F.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

F.3.8 Test for responsiveness

F.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a. Complies with the requirements of these Conditions of Tender,
- b. Has been properly and fully completed and signed, and
- c. Is responsive to the other requirements of the tender documents.

F.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a. Detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b. Change the Employer's or the tenderer's risks and responsibilities under the contract,
- c. Affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

F.3.9 Arithmetical errors

F.3.9.1 Check responsive tender offers for arithmetical errors, correcting them in the following manner:

- a. Where there is a discrepancy between the amounts in figures and in words, the amount in figures shall govern.
- b. If bills of quantities (or schedule of quantities or schedule of rates) apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the rate shall govern and the total shall be corrected.
- c. Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the rate shall govern and the tenderer will be asked to revise selected item prices to achieve the tendered total of the prices.

F.3.9.2 Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of his/ her arithmetical errors in the manner described in F.3.9.1.

F.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

F.3.11 EVALUATION METHODOLOGY

In addition to all items highlighted under Page 2 titled **“Very Important Notice on Disqualifications”**, the tenders will be evaluated in terms of the Municipality Supply Chain Management policy, Preferential Procurement Framework Act (Act 5 of 2000) and its regulations as enacted in 2022.

- Tenders will be evaluated using the 80/20 points allocation system.

F.3.13 Acceptance of tender offer

F.3.13.1 Accept tender offer only if the tenderer complies with the legal requirements stated in the Tender Data.

F.3.13.2 Notify the successful tenderer of the employer's acceptance of his/her tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data, or agreed additional period. Providing the form of offer and acceptance does not contain any qualifying statements, it will constitute the formation of a contract between the employer and the successful tenderer as described in the form of offer and acceptance.

F.3.14 Notice to unsuccessful tenderers

After the successful tenderer has acknowledged the employer's notice of acceptance, the employer will publicise a list of bidders in the form of tender register on the municipal website.

F.3.14 Municipality’s right to accept or reject any or all Bids

The municipality reserves the right to:

- Accept or reject any bid;
- Annul the tender process and reject all bids at any time prior to contract award;
- Award the contract to one or more bidders; without thereby incurring any liability to the affected Bidder or bidders.
- Accept one or more bids submissions.
- Reject all bids submitted.
- Request further information from any bidder after the closing date.
- Cancel this bid or any part thereof any time, or
- Award this bid or any part thereof to any one or more bidders.
- Vary the site or number of sites and/or guards due to operational or budgetary requirements.

F.3.15. Prepare contract documents

Revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:

- addenda issued during the tender period,
- inclusion of the returnable documents,
- other revisions agreed between the employer and the successful tenderer, and
- the schedule of deviations attached to the form of offer and acceptance, if any.

F.3.16 Issue final contract

Prepare and issue the final draft of contract documents to the successful tenderer for acceptance within fourteen (14) days after the date of the employer's signing of the form of offer and acceptance (including the schedule of deviations, if any). Only those documents that the conditions of tender require the tenderer to submit, after acceptance by the employer, shall be included.

F.3.17 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the Tender Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance

FORM D PREFERENCE SCHEDULE

Acceptable Tenders will be evaluated using a system that awards points on the basis of Tender price and the meeting of specific goals. **Failure on the part of a Tenderer to sign this form will be interpreted to mean that point preference is not being claimed.**

The acceptable Tenderer obtaining the highest number of points will be awarded the contract. For Tenders with a Tender amount equal to or below R 500 000 a maximum of 80 points is allocated for price and a maximum of 20 points for meeting specific goals, which may include HDI equity, SMME status, job creation and local (South African) content. For Tenders with a Tender amount above R 500 000 a maximum of 90 points is allocated for price and a maximum of 10 points for meeting specific goals.

The points for the meeting of specific goals may only be awarded to an enterprise which is a legal entity, registered as an income tax payer with the South African Revenue Services, and which is an independent and operating enterprise which performs commercially useful functions as set out below. Points can be denied where an enterprise subcontract more than 25% of the value of the contract (excluding SMME's and emerging contractors and materials) at the time of award, exclusive of all VAT, allowances for contingencies, escalation and provisional sums, to other entities.

DEFINITIONS

“Acceptable Tender” means any Tender which, in all respects, complies with the conditions of Tender and specifications as set out in the Tender document, including conditions as specified in the Preferential Procurement Policy Framework Act (Act 5 of 2000) and related legislation.

“Council” refers to the **BLOUBERG MUNICIPALITY**.

“Equity ownership” refers to the percentage ownership and control, exercised by individuals within an enterprise.

“HDI equity ownership” refers to the percentage of an enterprise, which is owned by individuals, or in the case of a company, the percentage shares that are owned by individuals meeting the requirements of the definition of a HDI.

“Historically disadvantaged individuals (HDIs)” means all South African citizens –

- (i) Who had no franchise in national elections prior to the introduction of the 1983 and 1993 constitutions (Referred to as Previously Disadvantaged Individuals (PDIs) in this document)
- (ii) Women
- (iii) Disabled persons.

“SMME’s” (small, medium and micro enterprises) refers to separate and distinct business entities, including co-operative enterprises and NGOs, managed by one owner or more, as defined in the National Small Business (Act 102 of 1996).

Tenders are adjudicated in terms of BM Supply Chain Management Policy, and the following framework is provided as a guideline in this regard.

1. Technical adjudication and General Criteria

- Tenders will be adjudicated in terms of inter alia:
- Compliance with Tender conditions
- Technical specifications

If the Tender does not comply with the Tender conditions, the Tender may be rejected. If technical specifications are not met, the Tender may also be rejected.

With regard to the above, certain actions or errors are unacceptable, and warrants **REJECTION OF THE TENDER**, for example:

- Certified or scanned copies of Tax Clearance Certificates. (**Only valid original tax clearance certificates** must be attached to the Tender document).
- Pages to be completed, removed from the Tender document, and have therefore not been submitted.
- Failure to complete the schedule of quantities as required – only lump sums provided.
- Scratching out without initialling next to the amended rates or information.
- Writing over / painting out rates / the use of tippex or any erasable ink, e.g. Pencil.
- Failure to attend compulsory site inspections
- The Tender has not been properly signed by a party having the authority to do so, according to the **Form 2.2.2 – “Authority for Signatory”**
- No authority for signatory submitted.
- Particulars required in respect of the Tender have not been provided – non-compliance of Tender requirements and/or specifications.
- The Tenderers’ attempts to influence, or has in fact influenced the evaluation and/or awarding of the contract.
- The Tender has been submitted after the relevant closing date and time
- Each page of the Contract portion of this Tender document (Part C1 – C4) must be initialled by the authorised person in order for the document to constitute a proper Contract between the Employer (GGM) and the undersigned.
- If any municipal rates and taxes or municipal service charges owed by that Tenderer or any of its directors to the municipality, or to any other municipality or municipal entity, are in arrears for more than three months.
- If any Tenderer who during the last five years has failed to perform satisfactorily on a previous contract with the municipality or any other organ of state after written notice was given to that Tenderer that performance was unsatisfactory.

2. Size of enterprise and current workload

Evaluation of the Tenderers’ position in terms of:

- Previous and expected current annual turnover

T2.2.10

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- Current contractual obligations
- Capacity to execute the contract

3. Staffing profile

Evaluation of the Tenderers' position in terms of:

- Staff available for this contract being Tendered for
- Qualifications and experience of key staff to be utilised on this contract

4. Previous experience

Evaluation of the Tenderers' position in terms of his previous experience. Emphasis will be placed on the following:

- Experience in the relevant technical field
- Experience of contracts of similar size
- Some or all of the references will be contacted to obtain their input.

5. Financial ability to execute the contract:

Evaluation of the Tenderers' financial ability to execute the contract. Emphasis will be placed on the following:

- Professional indemnity
- Contact the Tender's bank manager to assess the Tenderers' financial ability to execute the contract and the Tenderer hereby grants his consent for this purpose.

6. Good standing with SA Revenue Services

- Determine whether an original valid tax clearance certificate has been submitted.
- The Tenderer must affix an original valid Tax Clearance Certificate to the second page of the Tender document.

If the Tender does **not** meet the requirements contained in the MLM Procurement Policy, and the mentioned framework, it will be rejected by the Council, and may not subsequently be made acceptable by correction or withdrawal of the non-conforming deviation or reservation.

7. Penalties

The BLOUBERG MUNICIPALITY will if upon investigation it is found that a preference in terms of the Act and these regulations has been obtained on a fraudulent basis, or any specified goals are not attained in the performance of the contract, on discretion of the Departmental Head, one or more of the following penalties will be imposed:

- Cancel the contract and recover all losses or damages incurred or sustained from the Tenderer.

T2.2.11

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- Impose a financial penalty of twice the theoretical financial preference associated with the claim, which was made in the Tender.
- Restrict the contractor, its shareholders and directors on obtaining any business from the BLOUBERG MUNICIPALITY for a period of 5 years.

8. HDI Status

- Preference points stipulated in respect of a tender include preference points for equity ownership by HDIs.
- The equity ownership must be equated to the percentage of an enterprise or business owned by individuals or, in respect of a company, the percentage of a company's shares that are owned by individuals, who are actively involved in the management of the enterprise or business and exercise control over the enterprise, commensurate with their degree of ownership at the closing date of the tender.
- In the event that the percentage of ownership changes after the closing date of the tender, the tenderer must notify the Council accordingly and such tenderer will not be eligible for any preference points. Preference points may not be claimed in respect of individuals who are not actively involved in the management of an enterprise or business and who do not exercise control over an enterprise or business commensurate with their degree of ownership.

Claims made for equity ownership by an HDI must be considered according to the following criteria:

- Equity within private companies must be based on the percentage of equity ownership;
- A Consortium or Joint Venture may, based on the percentage of the contract value managed or executed by their HDI members, be entitled to equity ownership in respect of an HDI.
- The number of points scored for a Consortium or Joint Venture must be added to the number of points scored for achieving specified goals.
- A person awarded a contract as a result of preference for contracting with, or providing equity ownership to, an HDI, may not subcontract more than 25% of the value of the contract to a person who is not an HDI or does not qualify for such preference.

**PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL
PROCUREMENT REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 **To be completed by the organ of state**

(delete whichever is not applicable for this tender).

- a) The applicable preference point system for this tender is the 90/10 preference point system.
- b) The applicable preference point system for this tender is the **80/20** preference point system.
- c) Either the 90/10 or **80/20** preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 **To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) “**tender**” means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) “**price**” means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) “**rand value**” means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) “**tender for income-generating contracts**” means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) “**the Act**” means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$Ps = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right) \text{ or } Ps = 90 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. **FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT**

3.2.1. **POINTS AWARDED FOR PRICE**

A maximum of 80 or 90 points is allocated for price on the following basis:

$$Ps = 80 \left(1 + \frac{Pt - Pmax}{Pmax} \right) \text{ or } Ps = 90 \left(1 + \frac{Pt - Pmax}{Pmax} \right)$$

Where

- Ps = Points scored for price of tender under consideration
- Pt = Price of tender under consideration
- Pmax = Price of highest acceptable tender

4. **POINTS AWARDED FOR SPECIFIC GOALS**

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
 - (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.)

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)	Number of points claimed (80/20 system) (To be completed by the tenderer)

DECLARATION WITH REGARD TO COMPANY/FIRM

4.3. Name of company/firm.....

4.4. Company registration number:

4.5. TYPE OF COMPANY/ FIRM

- Partnership/Joint Venture / Consortium
- One-person business/sole propriety
- Close corporation
- Public Company
- Personal Liability Company
- (Pty) Limited
- Non-Profit Company
- State Owned Company

[TICK APPLICABLE BOX]

4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person’s conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

C1.1 FORM OF OFFER AND ACCEPTANCE

OFFER

The Employer, identified in the Acceptance signature block, has solicited offers to enter into a contract in respect of the following works:

.....

The Tenderer, identified in the Offer signature block below, has examined the documents listed in the Tender Data and addenda thereto as listed in the Tender Schedules, and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the Tenderer, deemed to be duly authorised, signing this part of this Form of Offer and Acceptance, the Tenderer offers to perform all of the obligations and liabilities of the Contractor under the Contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the Conditions of Contract identified in the Contract Data.

THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS

.....

..... Rand (in words); R (in figures).

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document to the Tenderer before the end of the period of validity stated in the Tender Data, whereupon the Tenderer becomes the party named as the Contractor in the Conditions of Contract identified in the Contract Data.

ACCEPTANCE

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the Conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall form an agreement between the Employer and the Tenderer upon the terms and conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

The terms of the contract are contained in:

- Part 1 Agreements and Contract Data (which includes this Agreement)
- Part 2 Pricing Data
- Part 3 Scope of Work
- Part 4 Site information
- Part 5 Additional Documentation

and drawings and documents or parts thereof, which may be incorporated by reference into Parts 1 to 4 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this Schedule, which must be duly signed by the authorised representative(s) of both parties.

The Tenderer shall within two weeks after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data at or just after the date this Agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the Tenderer (now Contractor) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.

SCHEDULE OF DEVIATIONS

Notes:

1. The extent of deviations from the tender documents issued by the Employer prior to the tender closing date is limited to those permitted in terms of the Conditions of Tender.
2. A Tenderer's covering letter shall not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid become the subject of agreements reached during the process of Offer and Acceptance, the outcome of such agreement shall be recorded here.
3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties becomes an obligation of the contract, shall also be recorded here.
4. Any change or addition to the tender documents arising from the above agreements and recorded here, shall also be incorporated into the final draft of the Contract.

	<p>Add the following to the clause:</p> <p>The Contractor shall provide the following to the Engineer for retention by the Employer or his assignee in respect of all works designed by the Contractor:</p>
4.1.2.1	A Certificate of Stability of the Works signed by a registered Professional Engineer confirming that all such works have been designed in accordance with the appropriate codes of practice.
4.1.2.2	Proof of registration and of adequate and current professional indemnity insurance cover held by the designer(s).
4.1.2.3	Design calculations should the Engineer request a copy thereof.
4.1.2.4	Engineering drawings and workshop details (both signed by the relevant professional engineer), in order to allow the Engineer to compare the design with the specified requirements and to record any comments he may have with respect thereto.
4.1.2.5	"As-Built" drawings in DXF electronic format after completion of the Works. The Contractor shall be responsible for the design of the Temporary Works.
4.3	Contractor's Compliance (Health and Safety Act)
	The Contract shall comply with the Occupational Health and Safety Specification prepared by the Employer in terms of the Construction Regulations, 2003 promulgated in terms of Section 43 of the Occupational Health and Safety Act (Act No. 85 of 1993)
4.3.4:	Contractor's Liability as Mandatory
	Notwithstanding any actions which the Employer may take, the Contractor accepts sole liability for due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures imposed by the Occupational Health and Safety Act, 1993 (Act 85 of 1993), and all its regulations, including the Construction Regulations, 2003, for which he is liable as mandatory. By entering into this Contract it shall be deemed that the parties have agreed in writing to the above provisions in terms of Section 37 (2) of the Act.
	Contractor to Notify Employer
4.3.5	The Employer retains an interest in all inquiries conducted under this Contract in terms of Section 31 and/or 32 of the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and its Regulations following any incident involving the Contractor and/or Sub-contractor and/or their employees. The Contractor shall notify the Employer in writing of all investigations, complaints or criminal charges which may arise pursuant to work performed under this Contract in terms of the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and Regulations.
5.3.1	<p>Commencement of the Works</p> <p>The Contractor shall commence executing of the works within 14 days of the commencement date.</p> <p>The documentation required before commencement with Works execution are::</p> <p>a) Approved Health and Safety Plan (refer to CL 4.3) b) Initial Programme (Refer to CL 5.6) c) Security (Refer to CL 6.2.1 and CL 6.2.3)</p>

6.8.3	Variation in Cost of Special Materials Price adjustments for variations in the costs of special materials are not permitted
6.10.1.5	Percentage Limit on Materials The percentage limit on Materials not yet built into the Permanent Works is 80 (eighty) per centum.
6.10.3	Retention Money The percentage retention on amounts due to the Contractor is 10% (ten) per centum. The limit of retention money is 5 (five) per centum of the Contract Sum Retention Money Guarantee may be not offered in lieu of the retention of money
7.8.1	The Defects Liability Period is 12 months.
8.6.1.1.2	Insurance of Materials Supplied by the Employer The insurance amount to cover the value of Plant and Materials, supplied by the Employer for incorporation in the Works and not included in the Contract Sum, is NIL.
8.6.1.3	Liability insurance The limit of indemnity for liability insurance is R5 000 000 per event, the number of events being unlimited.
10.5.2	Dispute Resolution Dispute resolution shall be referred to amicable settlement.
10.12	Disagreement with ad-hoc Adjudicator's Decision Add Clause 10.12 Should either of the contracting parties disagree with any decision of the ad-hoc adjudicator, such matter shall be referred to litigation for court judgment.
13	The additional clauses to the General Conditions of Contract are: Extensions of time in respect of clause 42 in respect of abnormal rainfall shall be calculated using the following formula for each calendar month or part thereof: $V = (Nw - Nn) + \frac{(Rw - Rn)}{X}$ Where: V = Extension of time in calendar days in respect of the calendar month under consideration. Nw = Actual number of days during the calendar month on which a rainfall of 10 mm or more has been recorded. Nn = Average number of days in the relevant calendar month, as derived from existing rainfall records, on which a rainfall of 20mm or more has been recorded for the calendar month. Rw = Actual average rainfall in mm recorded for the calendar month under consideration. Rn = Average rainfall in mm for the calendar month as derived from existing rainfall records as stated in the Site Information.

C1.10

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	<p>For purposes of the Contract Nn, Rn, X and Y shall have those values assigned to them in the South African Weather Service's rainfall records of the nearest station to the site.</p> <p>If V is negative and its absolute value exceeds Nn, then V shall be taken as equal to minus Nn.</p> <p>The total extension of time shall be the algebraic sum of all monthly totals for the period under consideration, but if the total is negative the time for completion shall not be reduced due to subnormal rainfall. Extensions of time for part of a month shall be calculated using pro rata values of Nn and Rn.</p> <p>This formula does not take account flood damage which could cause further or concurrent delays and will be treated separately as far as extension of time is concerned.</p> <p>The factor (Nw – Nn) shall be considered to represent a fair allowance for variations from the average in the number of days during which rainfall exceeds 10 mm. The factor (Rw-Rn) shall be considered to represent a fair allowance for variations from the average in the number of days during which the rainfall did not exceed 10 mm but wet conditions prevented or disrupted work.</p> <p>For the purpose of applying the formula, accurate rain gauging shall be taken at a suitable point on the Site and the Contractor shall at his own expense, take all necessary precautions to ensure that rain gauges cannot be interfered with by unauthorized persons.</p>
14	<p>A delay caused by inclement weather conditions will be regarded as a delay only if, in the opinion of the Engineer, all progress on an item or items of work on the critical path of the working programme of the contractor has been brought to a halt. Delays on working days only (based on a five-day working week) will be taken into account for the extension of time, but the Contractor shall make provision in his programme of work for an expected delay of "n" working days caused by normal rainy weather, for which he will not receive any extension of time, where "n" equals days. Extension of time during working days will be granted to the degree to which actual delays, as defined above, exceed the number of "n" workings days.</p>
15	<p>Payment for labour-intensive component of the works</p> <p>Payment for works identified in the Scope of Works as being labour-intensive shall only be made in accordance with the provisions of the Contract if the works are constructed strictly in accordance with the provisions of the Scope of Work. Any payment for such works shall not relieve the Contractor in any way from his obligations either in contract or in delict</p>
16	<p>Linkage of payment for labour-intensive component of works to submission of project data</p> <p>The Contractor's payment invoices shall be accompanied by labour information for the corresponding period in a format specified by the employer. If the contractor chooses to delay submitting payment invoices, labour returns shall still be submitted as per frequency and timeframe stipulated by the Employer. The contractor's invoices shall not be paid until all pending labour information has been submitted.</p>
17	<p>Applicable Labour Laws</p> <p>The current Ministerial Determination (also downloadable at www.epwp.gov.za), Expanded Public Works Programmes, issued in terms of the Basic Condition of Employment Act of 1997 by the Minister of Labour in Government Notice, shall apply to works described in the scope of work as being labour-intensive and which are undertaken by unskilled workers.</p>

3 ADDITIONAL SPECIAL CONDITIONS OF AMENDMENTS TO THE GENERAL CONDITIONS OF CONTRACT

These Special Conditions of Contract (SCC) form an integral part of the Contract. The Special Conditions shall amplify, modify or supersede, as the case may be, the General Conditions of Contract 2015 to the extent specified below, and shall take precedence and shall govern.

The clauses of the Special Conditions hereafter are numbered "SCC" followed in each case by the number of the applicable clause or sub clause in the General Conditions of Contract 2015, and the applicable heading, or (where a new special condition that has no relation to the existing clauses is introduced) by a number that follows after the last clause number in the General Conditions, and an appropriate heading.

The variations to the General Conditions of Contract are:

SCC 4.4.3

For conditions regarding selection of **LOCAL EMERGING SUB-CONTRACTORS** (LES Work), see additional clauses below.

The additional clauses to the General Conditions of Contract are: Local Emerging Sub-Contractors

The Contractor shall promptly, and in any event within a reasonable time after the Commencement Date, sub-contract a portion of the Works to the value of **thirty (30) percent** of the work specified in the Schedule of Works (excluding preliminary and general costs) ("the LES Work") to one or more of the local emerging sub-contractors notified by the Employer to the Contract ("the Local Emerging Sub-Contractors"), in strict accordance with, and subject to, the requirements set out in Paragraphs (i) to (x) of this Clause, as follows:

(i) The Contractor shall select the Local Emerging Sub-Contractor(s) to whom he is to sub-contract the LES Work by means of a competitive bidding process conducted strictly in accordance with the CIDB Standard for Uniformity in Construction Procurement and Best Practice Guidelines January 2009, and in doing so shall exercise all reasonable endeavours to ensure as inclusive and equal a distribution of the LES Work as shall be practicable amongst all the Local Emerging Sub-Contractors, taking into account price, competency and capacity only.

(ii) The Contractor shall, without reference to the Employer, taking into account only the competencies and capacity of each Local Emerging Sub-Contractor, be free to identify those components of the LES Work that he shall allocate to each Local Emerging Sub-Contractor.

(iii) Subject to paragraphs (iv) and (vii) of this clause, in the event that the Contractor fails to sub-contract and/or allocate the required quantum of LES Work or any portion thereof in accordance with this clause, the Engineer may either a) apply a penalty equal to 20% of the value of the shortfall, or b) make a determination regarding the setting aside of the LES Work so as to prevent the shortfall.

(iv) Subject to paragraph (vii) of this clause, and notwithstanding paragraph (iii) of this clause, in the event that the Contractor fails to sub-contract and/or allocate the required quantum of LES Work or any portion thereof in accordance with this clause by reason of his inability to reach agreement on price with one or more of the Local Emerging Sub-Contractor(s), the Engineer may, in his absolute discretion, advise the Employer to allow an increase in the Contractor's rates to so as to facilitate successful price negotiation. In the event that the Employer refuses to authorize an increase to the Contractor's rates or, in the event that the authorized increase in rates fails to facilitate successful negotiation between the Contractor and the relevant Local Emerging Sub-Contractor(s), the

C1.14

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Contractor shall be relieved of his obligation to sub-contract the relevant portion of LES Work, always subject to paragraph (vii) of this clause.

(v) The rates to be applied by the Contractor in the sub-contracts with the Local Emerging Sub-Contractors for the LES Work shall at all times be based strictly on the rates applicable to the Contractor under the Contract, save for any adjustments allowed in terms of paragraph (iv) above.

(vi) The Contractor shall apply the same rates to each Local Emerging Sub-Contractor in respect of each component of the LES Work, such that, in the event that more than one Local Emerging Sub-Contractor is successfully selected for a single component of the LES Work, the same rates shall apply to each of the selected Local Emerging Sub-Contractors in respect of the said single component.

(vii) The Contractor shall not be under any obligation to employ a Local Emerging Sub-Contractor against whom the Contractor raises reasonable objection by written notice to the Engineer as soon as practicable, with supporting particulars in writing. In the event of failure on the part of the Contractor to prove reasonable objection to the satisfaction of the Engineer, the Engineer's determination shall be final and binding.

(viii) The Contractor shall be entitled to include within the Contract Price a maximum management fee of 20% in excess of the rates paid to the Local Emerging Sub-Contractors.

(ix) When tendering the Contractor shall have exercised all reasonable care not to distort any rates in such a way as to hinder or preclude his obligations under this clause, and, in the event that the Engineer determines the setting aside of the LES Work in terms of paragraph (iii) above, the Contractor shall be prevented from arguing that such LES Work is reserved not to be subcontracted.

(x) The Contractor shall submit a priced copy of the final agreed version of each proposed sub-contract with a Local Emerging Sub-Contractor ("the Final Draft LES Sub-Contract") to the Employer prior to the execution of such sub-contract. In the event that the Employer, in consultation with the Engineer, deems the price or any other term of any Final Draft LES Sub-Contract to be unduly onerous or unfair to the Local Emerging Sub-Contractor concerned, the Contractor shall modify the price and/or terms in accordance with the Engineer's reasonable instructions.

In sub-contracting the LES Work, the Contractor shall be responsible for performing the LES Work as if he had not sub-contracted. The Contractor shall be liable for the acts and omissions of the employees, sub-contractors and agents of the Local Emerging Sub-Contractors as if they were his own employees, sub-contractors and agents.

CONDITIONS OF CONTRACT FOR LABOUR-INTENSIVE CONSTRUCTION

Payment for the labour-intensive component of the works

Payment for works identified in the Scope of Work as being labour-intensive shall only be made in accordance with the provisions of the Contract if the works are constructed strictly in accordance with the provisions of the scope of work.

Any non-payment for such works shall not relieve the Contractor in any way from his obligations either in contract or in delict.

Applicable labour laws

The Ministerial Determination, Special Public Works Programmes, issued in terms of the Basic Conditions of Employment Act of 1997 by the Minister of Labour in Government Notice N° R63 of 25 January 2002 shall apply to works described in the scope of work as being labour intensive and which are undertaken by unskilled or semi-skilled workers, as reproduced below.

C1.4 AGREEMENT IN TERMS OF THE OCUPATIONAL HEALTH AND SAFETY ACT, 1993 (ACT NO 85 OF 1993)

C1.4 AGREEMENT IN TERMS OF THE OCUPATIONAL HEALTH AND SAFETY ACT, 1993 (ACT NO 85 OF 1993)

THIS AGREEMENT made at _____

On this the _____ day of _____ in the year

Between **BLOUBERG MUNICIPALITY** (hereinafter called "**the Employer**") of the one part, herein represented by

in his capacity as

and

(Hereinafter called "the Mandatory") of the other part, herein represented by

in his capacity as

WHEREAS the Employer is desirous that certain works be constructed, viz CONTRACT: **TENDER NO. BM.....**:

CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND INTERNAL STREETS

and has accepted a Bid by the Mandatory for the construction, completion and maintenance of such Works and whereas the Employer and the Mandatory have agreed to certain arrangements and procedures to be followed in order to ensure compliance by the Mandatory with the provisions of the Occupational Health and Safety Act, 1993 (Act 85 of 1993);

NOW THEREFORE THIS AGREEMENT WITNESSETH AS FOLLOWS:

- 1 The Mandatory shall execute the work in accordance with the Contract Documents pertaining to this Contract.
- 2 This Agreement shall hold well from its Commencement Date, which shall be the date of a written notice from the Employer or Engineer requiring him to commence the execution of the Works, to either
 - (a) the date of the Final Approval Certificate issued in terms of Clause 5.16.1 of the General Conditions of Contract (hereinafter referred to as "the GCC"),

Witness 2

Employer

Witness 1

Witness 2

- (b) the date of termination of the Contract in terms of Clauses 9.1 of the GCC.
- 3 The Mandatory declares himself to be conversant with the following:
- (a) All the requirements, regulations and standards of the Occupational Health and Safety Act (Act 85 of 1993), hereinafter referred to as "The Act", together with its amendments and with special reference to the following Sections of The Act:
- (i) Section 8 : General duties of employers to their employees;
 - (ii) Section 9 : General duties of employers and self-employed persons to persons other than employees;
 - (iii) Section 37 : Acts or omissions by employees or mandataries, and
 - (iv) Subsection 37(2) relating to the purpose and meaning of this Agreement.
- (b) The procedures and safety rules of the Employer as pertaining to the Mandatory and to all his subcontractors.
- 4 In addition to the requirements of Clause 8 of the GCC and all relevant requirements of the above-mentioned Volume 3, the Mandatory agrees to execute all the Works forming part of this Contract and to operate and utilise all machinery, plant and equipment in accordance with the Act.
- 5 The Mandatory is responsible for the compliance with the Act by all his subcontractors, whether or not selected and/or approved by the Employer.
- 6 The Mandatory warrants that all his and his subcontractors' workmen are covered in terms of the Compensation for Occupational Injuries and Diseases Act, 1993 which cover shall remain in force whilst any such workmen are present on site. A letter of good standing from the Compensation Commissioner to this effect must be produced to the Employer upon signature of the agreement.
- 7 The Mandatory undertakes to ensure that he and/or subcontractors and/or their respective employers will at all times comply with the following conditions:
- (a) The Mandatory shall assume the responsibility in terms of Section 16.1 of the Occupational Health and Safety Act. The Mandatory shall not delegate any duty in terms of Section 16.2 of this Act without the prior written approval of the Employer. If the Mandatory obtains such approval and delegates any duty in terms of section 16.2 a copy of such written delegation shall immediately be forwarded to the Employer.
- (b) All incidents referred to in the Occupational Health and Safety Act shall be reported by the Mandatory to the Department of Labour as well as to the Employer. The Employer will further be provided with copies of all written documentation relating to any incident.
- (c) The Employer hereby obtains an interest in the issue of any formal inquiry conducted in terms of section 32 of the Occupational Health and Safety Act into any incident involving the Mandatory and/or his employees and/or his subcontractors.

In witness thereof the parties hereto have set their signatures hereon in the presence of the subscribing witnesses:

BLOUBERG MUNICIPALITY

BLOUBERG MUNICIPALITY

CONTRACT NO: BM19/22/23**CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND
INTERNAL STREETS****C2.1 PRICING INSTRUCTIONS**

1. The Tender Data the Scope of Work and the Drawings are to be read in conjunction with the Schedule of Quantities.
2.
 - a. The Schedule comprises items covering the Contractor's profit and costs of general liabilities and of the construction of temporary and permanent Works.
 - b. Although the Tenderer is at liberty to insert a rate of his own choosing for each item in the Schedule, his attention is drawn to the fact that the Contractor has the right, under various circumstances, to payment for additional works carried out and that the Engineer is obliged to base his assessment of the payment to be paid for such additional work on the rates inserted in the Schedule by the Contractor.
 - c. Clause 8 of each Standardized Specification and the measurement and payment clause of each Particular Specification, read together with the relevant clause of the Project Specification, set out what ancillary or associated activities are included in the rate for the operations specified.
3. Descriptions in the Schedule of Quantities are abbreviated. The schedule has been drawn up generally in accordance with the latest issue of "Civil Engineering Quantities". Should any requirement of the measurement and payment clause of the applicable Standardized Specification, or the Project Specification, or the Particular Specification(s) conflict with the terms of the Schedule or, when relevant "Civil Engineering Quantities", the requirement of the Standardized, Project or Particular Specification, as applicable, shall prevail.
4. Unless otherwise stated, items are measured net in accordance with the Drawings, and no allowance has been made for waste.

C2.1.1

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

5. The prices and rates to be inserted in the Schedule of Quantities are to be the full inclusive prices to the Employer for the work described under the several items. The prices and rates shall be exclusive of Value Added Tax. Such prices shall cover all costs and expenses that may be required in and for the construction of the work described, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the documents on which the tender is based.
6. A price or rate is to be entered, in **BLACK INK**, against each item in the Schedule of Quantities.
7. In the event of the Tenderer failing to price any item it will be held that the Tenderer has made adequate allowance under other items for all labour, material and costs required for the execution, not only of the quantum of work covered by the unpriced item but also for any increase in the said quantum which may have to be undertaken during the course of the Contract.

BILLS OF QUANTITIES

ITEM	LI	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
		GENERAL REQUIREMENTS AND PROVISIONS				
12.02		Services				
		a) Relocation and Protection of existing services (Power line crossings and Erf fences)	P.C. Sum	1.00	R450 000.00	R450 000.00
		b) Handling cost and profit in respect of subitem 12.02(a)	%			
12.06		The setting out and protection of beacons	Sum	1.00		
12.27		Monthly site progress meetings	Prov. Sum	1.00	R24 000.00	R24 000.00
B12.31		Accredited training				
		(a) Generic skills	P.C. Sum	1.00	R75 000.00	R75 000.00
		(b) Entrepreneurial skills	P.C. Sum	1.00	R75 000.00	R75 000.00
		(c) Allow a provisional sum for payment of stipend for 1 student (@R6000/m)	Prov. Sum	1.00	R72 000.00	R72 000.00
		(d) Handling cost and profit in respect of subitem 12.31 (a), (b) and (c) above	%	R222 000.00		
B12.34		Public Participation				
		(a) Allow a provisional sum for payment of salary for CLO including cellphone allowance (@R3900/m)	Prov Sum	1.00	R46 800.00	R46 800.00
		(c) Allow a provisional sum for payment of salary for Social Consultant / Facilitator as and when required (p/m)	Prov. Sum	Rate Only		
		(d) Allow a provisional sum for payment of a 5-member Project Steering Committee (@R175/siting/month)	Prov. Sum	1.00	R10 500.00	R10 500.00
		(e) Allow a provisional sum for payment of salary of a Safety Representative	Prov. Sum	1.00	R34 800.00	R34 800.00
		(f) Provision for Opening Ceremony	Prov. Sum	1.00	R40 000.00	R40 000.00
		(g) Handling cost and profit in respect of sub-item B12.34 (a) to (d)	%	R132 100.00		
B12.35		Specialist Services				
		(a) Environmental Impact Assessment consultant fee	Prov. Sum	1.00	R180 000.00	R180 000.00
		(b) Occupational Health and Safety (Construction Work permit and OHS monitoring)	Prov. Sum	1.00	R200 000.00	R200 000.00
B12.36		Personal Protective Eequipment				
		a) Two (2) sets of PPE for 55 labourers	Sum	1.00		
PSA6.3		Occupational Health and Safety				
		Provision for the cost of the Occupational Health and Safety Act, 85 of 1993, and relevant regulations:				
		(a) Preparation of Health and Safety Plan	Lump sum	1.00		
		(b) Contractor's Health and Safety Officer	Month	12.00		
		(c) Health and Safety Induction training of employees	Lump sum	1.00		
		(d) Compilation and keeping up to date of the Health and Safety File which shall include all documentation required in terms of the Act	Month	12.00		
		(e) Entry and Exit Medical Examinations	Lump sum	1.00		
B12.05		Construction of speed hump complete as per typical speed hump drawing inclusive of road marking and road signs	No	15.00		
1200		TOTAL CARRIED TO SUMMARY

BLOUBERG MUNICIPALITY

BLOUBERG MUNICIPALITY

CONTRACT NO: BM19/22/23**CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND
INTERNAL STREETS**

C3 SCOPE OF WORK

All definitions, interpretations and general provisions for the General Conditions of Contract for Construction Work (2010) (2ND edition) are applicable.

C 3.1 DESCRIPTIONS OF WORKS**C3.1.1 Client's Objective**

The Clients objective is to make sure that all internal streets around the area be upgraded.

It is a specific goal of this project that the labour component be maximised where it is economically feasible, and that the use of this labour goes hand in hand with on the job training of the labour force. The project is thus process and product orientated, and it is expected that the contractor will pursue these goals in the execution of the project.

C3.1.2 Overview of the Works

The work entails construction of Lethaleng to Pickum access road and internal streets

C3.1.3 Extend of the Works

The work to be carried out by the Tenderer under this contract comprises mainly of the following:

- Site establishment,
- Setting out of works
- Construction of a new 5.9km Road (Roadbed, Selected Layer, Subbase, Base, 25mm Block Paving) and upgrading at the intersection.
- Stormwater management works
- Construction of Concrete Kerbs

C3.1

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- To install the road signs
- Road Marking
- To finish the road reserve after completion of the works

C3.1.3 Location of the Works

The project is located in Lethaleng and Pickum villages.

C3.1.4 Construction program

It is specifically brought to the notice of the Contractor that time is critical on this project, and the construction period will be a major factor in the award of the tender.

Tenderers shall submit with their tender their **preliminary weekly programme for the construction** of the Works under this contract to suit their proposed method of executing the Works. The programme shall be sufficiently detailed to differentiate between the various activities so that the contract may be properly evaluated.

C3.1.5 Change in works

The Engineer may, from time to time by order in writing without in any way vitiating the Contract or giving to the Contractor any claim for additional payment, require the Contractor to proceed with the execution of the works in such order as in his opinion may be necessary, and may alter the order of or suspend any part of the Works at such time and times as he may deem desirable and the Contractor shall not, after receiving such written order, proceed with work ordered to be suspended until he shall receive a written order to do so from the Engineer. Where the work must of necessity be carried out in conjunction with work of other Contractors, or with that of the Employer, it shall be co-ordinated and arranged in such a manner as to interfere as little as possible with the progress of such other work so as to offer every reasonable facility to other Contractors or to employees of the Employer.

C3.2 ENGINEERING

C3.2.1 Design services and activity matrix

Description	Responsibility
Design of Works	Engineer
Concept, feasibility and overall process	Client
Basic Engineering and detail layouts to tender stage	Engineer
Final Design of Works	Engineer
Final Design to approved for construction stage	Client
Preparation of tender documentation & adverts	Engineer
Appointment of soil test / topographical surveyors	Client
Appointment of sub-contractors	Contractor
Supervision	Engineer
Preparation of as-built drawings	Contractor / Engineer
Completion certificate	Engineer / Client / Contractor

C3.2.2 Drawings

The Engineer will provide the Contractor with one full set of drawings, which will be used exclusively for the recording of as built information by the Contractor.

Only dimensions, positions, levels, co-ordinates etc. that change from the original values, will be required to be entered on these drawings. These drawings, fully marked up, will be handed to the Engineer at the issue of the Certificate of completion, which will not be issued until the as-built information has been received.

The applicable drawings are at the end of this book

The applicable drawings mentioned above are attached at the end of this section (C3 – Scope of Work).

C3.3

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

C3.3 PROCUREMENT

The Tenderers notice is drawn to the fact that the awarding of this tender will be in terms of the Supply Chain Management Policy of the BLOUBERG MUNICIPALITY and The Standard Conditions of Tender as contained in Annexure F of the September 2005 edition of the CIDB Standard for Uniformity in Construction Procurement.

C3.4 SUB-CONTRACTING

No work may be sub-contracted to another party unless approval is given by the Engineer in writing. The Contractor is to submit to the Engineer in writing a request for appointment of a particular sub-contractor. Accompanying this request is to be the full detail of the sub-contractor, including:

- Previous experience
- Work which will be sub-contracted to him/her
- Approximate value of the work to be sub-contracted

Before the Engineer in terms of Clause 49 hereof issues any certificate that includes any payment in respect of work done or goods supplied by any sub-contractor appointed in accordance with the provisions of Clause 6.3 of the General Conditions of Contract for Construction works (2004), he shall be entitled to call upon the Contractor to furnish reasonable proof that all payments (less retention moneys) included in previous certificates in respect of the work or goods of such sub-contractors have been made or discharged by the Contractor, in default of which, unless the Contractor:

- ✓ Informs the Engineer in writing that he has reasonable cause for withholding or refusing such payment; and
- ✓ Submits to the Engineer reasonable proof that he has so informed such sub-contractor in writing.

C3.5 CONSTRUCTION**C3.5.2 Plant and materials**

All materials shall comply with the requirements of the South African Bureau of Standards, and shall bear the official standardization mark. Where SABS standard does not exist for a certain material, or a material does not bear the official standardization mark, the Engineers approval of such material must be gained before use thereof.

C3.5.3 Construction Equipment

All equipment on site shall be in a good working order, and is to be in such a condition that it can achieve production rates which are typical of the industry standards.

Should any equipment, in the opinion of the Engineer, be substandard or breaks down frequently to such an extent that it affects the progress on the project, the Engineer may instruct the Contractor to replace such equipment.

C3.4

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

C 3.5.4 Existing Services

The Contractor shall so carry out all his operations as not to encroach on, or interfere with, trespass on, or damage adjoining lands, building properties, roads, structures, places and things in the vicinity of the Works, and he shall free and relieve the Employer of any liability that may be incurred in consequence of his failure to do so.

The services existing on the site will be either shown on the drawings or pointed out on site by the Engineer and / or the Municipality. No excavation work will commence unless a representative of the Municipality and/or the Engineer have been requested to point out existing services in the area under construction. Written confirmation of services that have been pointed out by the Municipality is to be obtained by the Contractor.

All existing services on the site may not be shown on the drawings or be visible on the site. The Engineer may order excavation by hand in order to search for and expose services. An item has been included in the Schedule of Quantities to cover the cost of such work if so ordered by the Engineer. Where a service is damaged because of the Contractors negligence he shall be liable for the cost involved in the repair of the services and any other consequent cost that may arise due to the interruption of the damaged services.

No excavation is to take place until a representative from the Municipality has been contacted and he has pointed out the existing services to the Contractor and confirmed it in writing. The same shall apply to all Telkom services in the area.

C3.5.5 Site Establishment

- Source of Water Supply

The Contractor is to arrange with the Local Authority for water and be responsible for the costs of water for construction purposes.

- Sources of power supply

The Contractor is to arrange with the Local Authority for a connection. The Contractor will be responsible for the costs of electricity consumed as well as the connection costs.

- Location of camp and depot

The Contractor shall make arrangement of the Contractors camp to the Contractor during the site inspection.

C3.5

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- Sanitary facilities

The Contractor is to provide the necessary sanitary facilities at his camp, all of which will be governed by the requirements of the Local Authority. The contractor shall pay all sanitary fees and charges due.

- Temporary offices

The Contractor is required to provide a specific office space for the Engineers, for the Engineer to perform administrative functions on an ad hoc basis.

Neither housing nor shelters will be provided for the contractor's employees, and the Contractor shall make his own arrangements to house his employees and transport them to the Site.

- Laboratory facilities

The use of commercial laboratories will be allowed, but the laboratory to be used is subject to the approval of the Engineer.

- Sanitary facilities

The facilities are, however, to be kept in a clean and hygienic condition, to the satisfaction of the Engineer. All sanitary facilities are to conform to the by-laws of the Local Authority.

- Name Boards

One name boards shall be provided in positions as ordered by the Engineer. The Engineer will provide the lettering required once the tender is awarded.

- Survey assistant and equipment

The Contractor will however make 2 survey assistants available to the Engineer as and when required, as well as the theodolite and/or level plus accessories.

C3.5.6 Site Usage

- Ground and access to the works

The Contractor shall where necessary on or adjacent to roads which carry traffic, provide all the necessary barricades and signs in accordance with the stipulations of the South African Road Traffic Signs Manual, and in strict accordance with the requirements of the Protective Services of the Blouberg Municipality.

The Contractor shall further ensure that all public roads that are used for access to the site are kept free of debris at all times. The Contractor shall also take adequate measures to

C3.6

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

ensure that dust is kept to an acceptable level. The term acceptable is to be deemed as acceptable to the Engineer.

▪ Care, damage and protection

The Contractor shall at his own cost make full provision for all watching and lighting necessary for the protection of all persons, animals, vehicles, etc., from injury by reason of the Works. He shall provide ample warning signs, guard rails, etc., around open excavations, stacks of materials, excavated material, debris or the like, and he shall be held liable for all claims made upon himself or upon the Employer by reason of his neglect of all such precautions and provisions.

During the periods of construction of the Works and the repair of defects, the Contractor shall, at his own cost, to the satisfaction of the Engineer and the relevant Authority, take sufficient and adequate measures to avoid interrupting the use of all roads, footpaths, water courses, drains, pipes, telephones, electric wires and cables, premises, places and works, public or private, which may in any way be interfered with by the operations; and shall also afterwards permanently restore all structures and everything which may have been temporarily displaced or otherwise interfered with, all to the satisfaction of the Engineer and the relevant Authority, without extra charge beyond the Contract price.

▪ Survey beacons

The Contractor shall take care to safeguard any permanent survey beacons such as erf boundary pegs and reference beacons. Should the Contractor disturb any such pegs and beacons, he shall have them replaced at his own cost by a registered Land Surveyor. The Contractor is to provide the Engineer with written confirmation from the Land Surveyor that he has replaced the relevant beacons.

The Contractor's attention is drawn to article 35(i) of the Land Surveying Act No. 9 of 1927 (as amended) in this regard.

▪ Blasting

As the construction takes place within a built up area, extreme care is to be taken during any blasting operations. No blasting shall be permitted without prior written consent from the Engineer. Written as well as verbal notice will be given to all house owners in the affected area 24 hours prior to the blast being set off, and the contractor is to do a survey of all the houses (internal and external) in the area prior to blasting.

A full daily report of all blasting operations (in duplicate) is to be completed by the Contractor.

This report shall inter alia contain the following information:

- Date and time of each blast
- Number of holes
- Charge per hole

C3.7

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

➤ Use of relays, etc.

This report is to be submitted to the Engineer on a weekly basis, and is to be countersigned by the Engineer.

The contractor is to be noted that he is not to use or permit any person to use an explosive powered tool, unless—

- (a) it is provided with a protective guard around the muzzle end, which effectively confines any flying fragments or particles; and
- (b) the firing mechanism is so designed that the explosive powered tool will not function unless—
 - (i) it is held against the surface with a force of at least twice its weight; and
 - (ii) the angle of inclination of the barrel to the work surface is not more than 15 degrees from a right angle:

▪ Protection of existing vegetation

Before any tree is cut down and removed from the site, the Contractor shall confirm the necessity of such action with the Engineer or his Representative.

▪ Access to individual erven

Access to all public and private property must be maintained at all times. Where excavations cross the access point to any property, the Contractor is to make sure that access be properly done for vehicles to pass.

The Engineer must approve the method of providing access before any excavation commences.

▪ Use of construction vehicles and equipment

The contractor shall ensure that all construction vehicles and mobile plants—

- (a) are of an acceptable design and construction;
- (b) are maintained in a good working order;
- (c) are used in accordance with their design and the intention for which they were designed, having due regard to safety and health;
- (d) are operated by workers who-
 - (i) have received appropriate training and been certified competent and been authorised to operate such machinery; and
 - (ii) are physically and psychologically fit to operate such construction vehicles and mobile plant by being in possession of a medical certificate of fitness;

C3.8

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- (e) arrangements to guard against the dangers relating to the movement of vehicles and plant, in order to ensure their continued safe operation;
- (f) are prevented from falling into excavations, water or any other area lower than the working surface by installing adequate edge protection, which may include guardrails and crash barriers;
- (g) where appropriate, are fitted with structures designed to protect the operator from falling material or from being crushed should the vehicle or mobile plant overturn;
- (h) are equipped with an electrically operated acoustic signalling device and a reversing alarm; and
- (i) are on a daily basis inspected prior to use, by a competent person who has been appointed in writing and the findings of such inspection is recorded in a register.
- (j) no person rides or be required or permitted to ride on any construction vehicle or mobile plant otherwise than in a safe place provided thereon for that purpose;
- (k) every construction site is organised in such a way that, as far as is reasonably practicable, pedestrians and vehicles can move safely and without risks to health;
- (l) the traffic routes are suitable for the persons using them, sufficient in number, in suitable positions and of sufficient size;
- (m) every traffic route is, where necessary indicated by suitable signs for reasons of health or safety;
- (n) bulldozers, scrapers, loaders, and other similar mobile plant are, when being repaired or when not in use, fully lowered or blocked with controls in a neutral position, motors stopped and brakes set;
- (o) whenever visibility conditions warrant additional lighting, all mobile plant are equipped with at least two headlights and two taillights when in operation;
- (p) when workers are working on or adjacent to public roads, reflective indicators are provided and worn by the workers.

3.6 MANAGEMENT

C3.6.1 Management of the Works

- Planning and programme

The Contractor shall deliver to the Engineer within **14** days, calculated from the commencement date, a realistic programme showing the order of procedure, the duration of activities making up the programme and method which he proposes to use in carrying out the Works in order to meet the due completion date for this project.

The tenderer is to note that the penalty for failing to complete the works is **0.03%** per calendar day (as stated in the contract data)

C3.9

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

▪ Setting out of the works

Generally the positions of the works have been fixed on the plans according to the existing stand boundaries. The Engineer is to approve all setting out prior to commencement of excavation.

▪ Excavation of works & safety

The contractor shall ensure that all excavation work is carried out under the supervision of a competent person who is been appointed in writing. The Contractor will evaluate, as far as is reasonably practicable, the stability of the ground before excavation works begin and he/she shall not permit any person to work in an excavation which has not been adequately shored or braced.

The Contractor will cause convenient and safe means of access to every excavation area in which person are required to work and such access shall not be further than 6m from the point where any worker within the excavation is working.

The Contractor must ascertain as far as is reasonably practicable the location and nature of electricity, water, gas or other similar services which may in any way be affected by the work to be performed, and shall before the commencement of excavation work that may affect any such service, take the steps that may be necessary to render the circumstances safe for all persons involved;

The Principal Contractor shall cause every excavation which is accessible to the public or which is adjacent to public roads or thoroughfares, or whereby the safety of persons may be endangered, to be:

- (i) adequately protected by a barrier or fence of at least one metre in height and as close to the excavation as is practicable; and
- (ii) provided with warning illuminants or any other clearly visible boundary indicators at night or when visibility is poor;

The Principal Contractor shall cause warning signs to be positioned next to an excavation within which persons are working or carrying out inspections or tests.

▪ Inspection by engineer

No stage of construction shall be proceeded with until the Engineer or his representative has examined and approved the previous stage. If any work is covered or hidden from view before the Engineer has inspected same, the Contractor shall at his own cost open the covered work for inspection. The Contractor shall also be responsible for making good any work damaged by such uncovering.

C3.10

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

▪ Employment of local labour

It is a specific criterion of this project that should as far as possible adhere to EPWP principles, and to meet these principles the following procedures will be followed:

All labourers are to be sourced from Kromhoek within Blouberg Municipal area of jurisdiction and a minimum of 50 local labours have to be employed for the duration of the project and the Contractor may only bring in key personnel from outside this area. The fixed rate for the appointment of local labour will be R 150 per day. This will be payable by the Contractor on monthly basis.

Key personnel would typically include the Contracts Manager, Site Agent, and Supervisor for each discipline, and operators of plant where the operator must be seated.

A Monthly labour report on all local labour i.e. payments and labour days should be submitted to the Engineer at the end of each month in order for the Engineer to submit a report to the Employer.

None of the Works shall be executed except between sunrise and sunset on Monday to Saturday, inclusive, of any week, and none of the Works shall be executed on any special non-working days stated in the Contract Data, unless:

- ✓ The Engineer's permission in writing is obtained, subject to such conditions as may be laid down by the Engineer; or
- ✓ Provision is specifically made for it in the Contract; or
- ✓ Work is unavoidable or necessary for the saving of life or property or for the safety of the Works.

▪ Site Meetings

Regular meetings will be held between all relevant parties to establish the progress and / or delays and problems that might occur on site. Any problems of delays will be address accordingly and the Contractor will receive proper instructions with reference to this matter.

▪ Communication

The Engineer's representative on this project will be: **Mr T Nkadimeng**

Contact No: **015 293 0104**

The contact person for the Employer is: **Mr Herminah Rabumbulu**

Contact No: **015 505 7100**

▪ Daily Records

Daily records of resources (equipment and people employed) must be kept and must be available on site at all times. These records will include i.e. site instruction book, site diary, site visit register, contractual documentation and minutes of all project meetings. Labour information should be kept updated at all times.

C3.11

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

▪ Compliance with applicable laws

The Contractor shall, in performance of the Contract, comply with all applicable laws, regulations and statutory provisions and agreements, and shall in particular, on the request of the Engineer, provide proof that he has complied therewith with regard to amongst others:

- ✓ Wages and conditions of work; and
- ✓ Safety

▪ Payment Certificates

As consideration for the construction, completion and defects correction of the Works, the Employer shall pay the Contractor in terms of the provisions of the Contract.

▪ Clearance of site

On completion of the Works, the Contractor shall clear away and remove from the site all Construction Equipment, surplus materials, rubbish and temporary works of every kind and leave the whole of the site and the works clean and in a safe condition. All streams and watercourses (where applicable) shall be cleaned and restored to the condition as at the commencement of the Works. If the Contractor does not, within a reasonable time, comply with this requirement, the Employer may have the site cleared and recover the cost thereof from the Contractor.

▪ Termination of Contract

If application is made for the sequestration of the Contractor's estate, or if the Contractor publishes a notice of surrender of his estate or presents a petition for the acceptance of the surrender of his estate as insolvent, or makes a compromise with his creditors, or assigns in favour of his creditors, or agrees to carry out the Contract under the supervision of a committee representing his creditors, or (being a company) goes into liquidation, whether provisionally or finally (other than a voluntary liquidation for the purposes of amalgamation or reconstruction), or if the contractor assigns the contract without having first obtained the Employer's consent in writing, or if execution is levied on his goods or if the Engineer certifies reference to this Clause, that in his opinion the Contractor:

- ✓ Has abandoned the contract; or
- ✓ Without reasonable excuse has failed to commence the Works in terms of Clause 10 of the General Conditions of Contract for Construction Works (2015), or has suspended the progress of the Works for fourteen (14) days after receiving from the Engineer written notice to proceed or
- ✓ Has failed to proceed with the Works with due diligence; or
- ✓ Has failed to remove materials from the site or to pull down and replace work within fourteen (14) days after receiving from the Engineer written notice that the said materials or work have been condemned and rejected by the Engineer in terms of these conditions; or

C3.12

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- ✓ Is not executing the Works in accordance with the Contract, or is neglecting to carry out his obligations under the Contract; or
- ✓ Has, to the detriment of good workmanship or in defiance of the Engineer's instruction to the contrary, sublet any part of the Contract; or
- ✓ Has assigned the Contract or any part thereof without the Employer's consent in writing; or
- ✓ The contractor or anyone on his behalf or in his employ would pay, offer or offer as payment to any person in the employ of the Employer a gratuity or reward or commission; or
- ✓ The contractor furnished inaccurate information in the Schedules forming part of this Contract.

Then the Employer may, after giving fourteen (14) days' notice in writing to the Contractor, terminate the Contract and order the Contractor to vacate the Site and to hand it over to the Employer, and the Employer may then enter upon the site and the Works and expel the Contractor there from without thereby affecting the rights and powers conferred on the Employer of the Engineer by the Contract, and the Employer may himself complete the Works or may employ another contractor to complete the Works, and the Employer or such other contractor may use for such completion so much of the construction equipment, temporary works and materials bought onto the site by the Contractor as the Employer may think proper, and the Employer may at any time sell any of the said construction equipment, temporary works and unused materials and apply the proceeds of sale toward payment of any sums that may be due or become due to the Employer by the Contractor under the Contract. In such circumstances the Contractor shall forthwith vacate the site and shall not be entitled to remain on the site on the grounds that he is entitled to do so on a right of retention until amounts due to him have been paid, neither will the contractor be entitled to any further payments of this Contract.

C3.7 HEALTH AND SAFETY

- Health & Safety Issues

All work is to be carried out in accordance with the Occupational Health and Safety Act and Regulations (Act 85 of 1993) (a copy of which must be kept on site), the Explosive Material Act of (Act 26 of 1956), the Minerals Act of 1991, and the Factories Machinery and Building Work Act (No 22 of 1941).

The Contractor's notice is drawn to the stipulations of the Construction Regulations 2003, a regulation of the Health and Safety Act 1993 (Gov Notice No R1010 of 18 July 2003). The construction regulation will be applied vigorously on the project.

The Contractor to be appointed must have made provision for the cost of health and safety measures during the construction process. The contractor must have the necessary skills, competencies and resources to carry out the work safely. A proper Safety Plan is to be submitted by the Contractor and a copy thereof is to be made available to all applicable appointed labourers and permanent workers on this project.

C3.13

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

The Contractor is to ensure that the legal compliance for the Health and Safety issues are in place. Audits will be carried out to ensure that the Contractor is registered and in good standing with the Workmen's Compensation fund and that the Contractor has affected insurance indemnifying the Employer against penalties levied upon the Employer due to the acts of omissions of the Contractor in failing to comply with the provisions of the OHS regulations 2003. A compliance audit will also be carried out to ensure that the Contractor has appointed a full-time competent person in writing to deal with the issues of the OHS and that a risk assessment has been conducted and a copy of the Safety plan is on site before any work commences.

Operational audits will be carried out on the following important issues:

- ✓ That the Safety Plan is on site at all times
- ✓ That the Contractor's Safety file is on site at all times
- ✓ That the Safety Officer is on site at all times
- ✓ That Safety meetings are conducted as per the Safety Plan
- ✓ That employees are working under safe conditions
- ✓ That the public is not placed in danger
- ✓ That there is no harm to the environment

▪ Accommodation of traffic

It is expected of the Contractor to ensure that the free flow of traffic is possible throughout the construction period.

The Contractor is to provide all necessary barricades, signs and lighting in accordance with the stipulations of the South African Road Signs Traffic Manual, and the Protective Services of the BLOUBERG MUNICIPALITY. All work is to be to the satisfaction of the Engineer.

▪ Reporting of accidents

In addition to any statutory regulations, the Contractor shall, as soon as practicable, report to the Engineer every occurrence on the Works or the site causing damage to property of injury of death of persons. If required by the Engineer, the Contractor will submit a report in writing to the Engineer within 48 hours of such requirement setting out full details of the occurrence. The Engineer shall have the right to make any enquiries either on the site or elsewhere as to the cause and results any such occurrence and the Contractor shall make available to the Engineer the necessary facilities for carrying out such enquiries.

PROJECT SPECIFICATIONS

C3.2 PART B: MATTERS RELATING TO THE STANDARD SPECIFICATIONS

B1 PROJECT SPECIFICATIONS REFERRING TO THE STANDARD SPECIFICATIONS AND ADDITIONAL SPECIFICATIONS

In certain clauses the standard specifications allow a choice to be specified in the project specifications between alternative materials or construction methods, and for additional requirements to be specified to suit a particular contract. Details of such alternatives or additional requirements applicable to this contract are contained in this part of the project specifications. It also contains some additional specifications required for this particular contract.

The number of each clause and each payment item in this part of the project specifications consists of the prefix B followed by a number corresponding to the number of the relevant clause or payment item in the standard specifications. The number of a new clause or a new payment item that does not form part of a clause or a payment item in the standard specifications and is included here, is also prefixed by B followed by a new number. The new numbers follow on the last clause or item number used in the relevant section of the standard specifications.

B2 SECTION 1100: DEFINITIONS AND TERMS

B1156 LABOUR-OPTIMISING CONSTRUCTION

ADD THE FOLLOWING NEW CLAUSE:

The cost effective employment of as great a portion of labour as is practically and technically feasible to produce a standard of construction as required by the Specifications, thus the economic substitution of plant and mechanical equipment in favour of available labour using hand tools, on condition that this method is not more expensive than the conventional construction practices.

The number of each payment item in the schedule of quantities for the above clause will consist of the Prefix L1 forward by a number corresponding to the number of the relevant Clause or Payment Item in the Standard Specifications.

C3.15

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

B3. SECTION 1200: GENERAL REQUIREMENTS AND PROVISIONS

B1202 SERVICES

ADD THE FOLLOWING NEW PARAGRAPH:

“Before work commences”, the Contractor if required, shall contact all private owners or public authorities controlling services to allow them to protect, move or relocate a service as required, or to confirm that all such work has been completed.

No payment will be made for inconvenience to the contractor due to services crossing the site or any authority working on such services, nor will delays caused by such workings be accepted as a basis for claiming an extension of time for completing the works”.

B1204 PROGRAMME OF WORK

(a) General requirements

Amend the word “network” in the fourth line of the first paragraph to read as “bar (Gantt) chart”.
Add the following after the third paragraph:

“The bar-chart programme to be provided by the contractor shall show the various activities in such detail as may be required by the engineer. Progress in terms of the programme shall be updated monthly by the contractor in accordance with the progress made by the contractor.

In compiling the programme of work, the contractor shall indicate and make due allowance for the following, as specified elsewhere in the contract documents:

The requirements regarding the accommodation of traffic and areas that may be occupied at any time for construction purposes (as indicated on the drawings and specified in Section 1500 of the specifications)

Requirements regarding the training of labourers and Emerging Contractors (EC’s).

The requirements for work to be undertaken by labourers and work to be undertaken by EC’s.

(b) Programme of work for rehabilitation work

Amend the word “network” in the fourth line of the second paragraph to read as “bar (Gantt) chart”.

B1205 WORKMANSHIP AND QUALITY CONTROL

Add the following to the third paragraph:

“The engineer shall, however, undertake acceptance control tests for the judgement of workmanship and quality, without accepting any obligations vested with the contractor in terms of the contract with specific reference to quality of materials and workmanship. Such acceptance control test done by the engineer shall not relieve the contractor of his obligations to maintaining his own quality control system.”

Add the following at the end of this clause:

"The engineer shall, for the purpose of acceptance control on products and workmanship, assess test results and measurements in accordance with the provisions of section 8300 of the standard specifications. Where small quantities of work are involved, a lot shall mean a full day's production for a specific item of work subject to acceptance control testing."

C3.16

Witness 1

Witness 2

Employer

Witness 1

Witness 2

B1206 THE SETTING-OUT OF THE WORK AND PROTECTION OF BEACONS

Add the following:

“The contractor shall be responsible for the true and proper setting out of the Works and for the correctness of the position, levels, dimensions and alignment of all parts of the Works and for the provision of all necessary instruments, appliances and labour in connection therewith.”

The Contractor shall take care that property beacons, trigonometrical survey beacons or setting-out beacons are not displaced or destroyed without the consent of the Engineer. Property beacons and trigonometrical survey beacons that have been displaced or destroyed shall be replaced by a registered land surveyor, who shall certify such replacement.

The cost of replacing all beacons displaced or destroyed during the course of the Contract without the consent of the Engineer shall be borne by the Contractor.”

B1209 PAYMENT

(b) Rates to be inclusive

Add the following:

“VAT shall be excluded from the rates and provided for as a lump sum in the Summary of Bill of Quantities”.

(e) Materials on the site

Add the following:

"In addition, the engineer may at his sole discretion also allow payments under "Materials on Site" in respect of any construction materials if stored off-site providing that:

- (a) The site selected for this purpose is approved by the engineer
- (b) Such land is physically separated from any production plant or operation
- (c) Only materials for use under this contract is stockpiled on such land
- (d) The contractor has provided proof of an agreement with the owner of such land that the owner has no claim whatsoever on any materials stockpiled on such land
- (e) Materials obtained by the contractor for or on behalf of emerging subcontractors (SMME's) shall remain the responsibility of the contractor after payment has been made in respect of materials on site.”

B1215 EXTENSION OF TIME RESULTING FROM ABNORMAL RAINFALL

Add the following after the first paragraph of this clause:

"For the purposes of this contract, extension of time resulting from abnormal rainfall or other forms of inclement weather shall be determined according to the requirements of Method ii (critical-path method).”

Method (ii) (Critical path method)

Delete “(based on a five-day working week)” in the fifth and sixth lines of the second paragraph of the description of this method.

C3.17

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Delete the last sentence of the second paragraph of the description of this method and replace with the following:

“The value of “n” shall be taken as **two (2) working days** per calendar month.

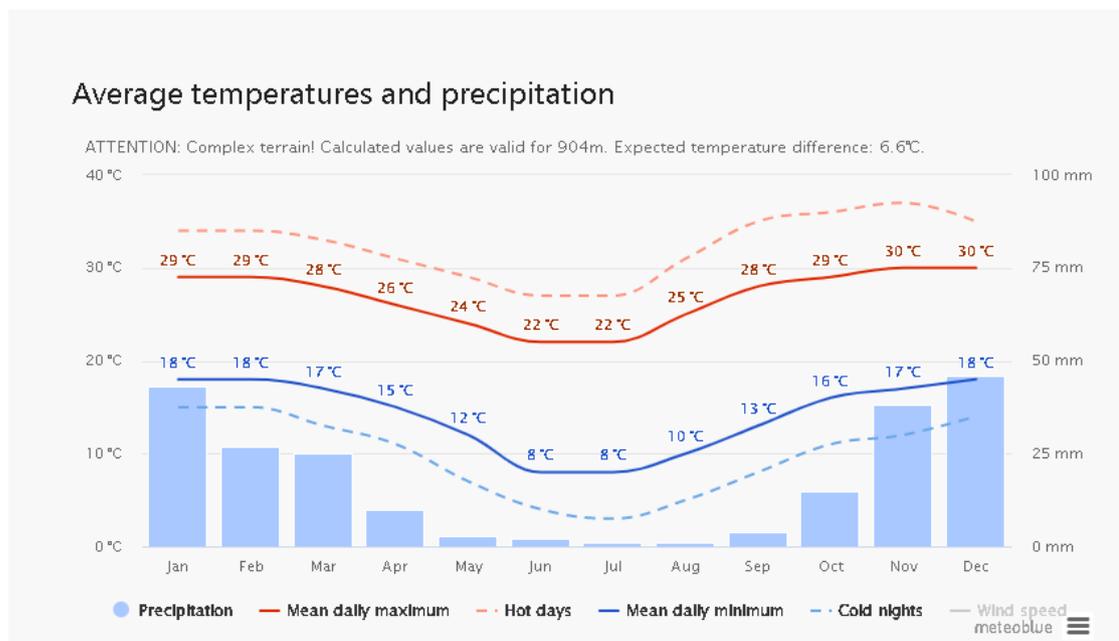

If normal rainy or inclement weather, resulting in delays, occurs for less than **two (2) working days** in any calendar month, the difference between the **two (2) working days** and the actual number of working days on which normal rainy or inclement weather occurred, shall be ignored and not accumulated for the duration of the contract period for the purposes of determining an extension of time due to normal rainy weather, nor due to any other reason.

Items of work on the critical path of the programme of work which are subject to climatic limitations, shall also be considered for extension of time if such items of work are delayed by e.g. cold weather, high winds or other inclement weather conditions.

In this regard, reference shall be made to weather limitations specified for the application of various bituminous products. However, for months during which seal-work cannot be undertaken in terms of the specifications, no extension of time shall be claimed for.

B1230: COMMUNITY LIASON OFFICER (CLO)

The Contractor or his appointed agent will appoint a Community Liaison Officer (CLO) after consultation with the Project Co-ordinating Committee, the Engineer and the Employer. The Contractor shall direct all his liaison efforts with the local communities through the appointed officer. The Contractor shall, however, accept the appointed officer as part of his management personnel.

(a) Duties of the Community Liaison Officer

The Community Liaison Officer's duties will be:

- (i) To be available on site daily between the hours of 07:15 and 10:30 and at other times as the need arises. His normal working day will extend from 07:15 in the morning until 15:15 in the afternoon.
- (ii) To determine, in consultation with the Contractor, the needs of the temporary labour for relevant skills training. He will be responsible for the identification of suitable trainees and will attend one of each of the training sessions.
- (iii) To communicate daily with the Contractor and the Engineer to determine the labour requirements with regard to numbers and skill, to facilitate in labour disputes and to assist in their resolution.
- (iv) To assist in and facilitate in the recruitment of suitable temporary labour and the establishment of a "labour desk".
- (v) To attend all meetings in which the community and/or labour are present or are required to be represented.
- (vi) To assist in the identification, and screening of labourers from the community in accordance with the Contractor's requirements.
- (vii) To inform temporary labour of their conditions of temporary employment and to inform temporary labourers as early as possible when their period of employment will be terminated.
- (viii) To attend disciplinary proceedings to ensure that hearings are fair and reasonable.
- (ix) To keep a daily written record of his interviews and community liaison.
- (x) To attend monthly site meetings to report on labour and RDP matters.
- (xi) All such other duties as agreed upon between all parties concerned.

(b) Period of employment of the Community Liaison Officer

The period of employment of the Community Liaison Officer shall be as decided upon jointly by the Contractor, Engineer and Employer

Witness 2

Employer

Witness 1

Witness 2

The unit of measurement shall be the actual number of hours worked by labourers or foremen or an item of plant.

The tendered rates shall include full compensation for all cost items including overheads, head-office expenses and profits as described in sub clause 40(3) of the general conditions of contract and shall be subject to contract price adjustment as provided for in the contract.

The mark-ups on day work items in accordance with the Appendix to the Tender shall not be applicable on day work items listed in the bill of quantities in terms of the above specifications. In the event of new day work rates being requested for items not appearing in the bill of quantities, then the provisions of the general conditions of contract and the Appendix to the Tender shall apply.

Prior to the commencement of any work by the labourers described under item B18.01, the contractor must obtain written consent from the engineer regarding the classification and composition of all labourers in terms of "unskilled" and "skilled" labourers required for the work as ordered by the engineer."

B.2210 LAYING AND BEDDING OF PREFABRICATED CULVERTS

B.2210 (b)(l) Cast in situ invert slabs

"B2201 SCOPE

"All rectangular culverts with spans from 0,9m up to and including 2,4m shall be constructed with precast units.

The attention of the contractor is drawn to the fact that information given on the plans, longitudinal sections or drainage schedules may have to be altered to suit actual site conditions and, therefore, the contractor shall only construct these culverts after the engineer has verified the information on the drawings from detail surveys taken on site by the contractor as directed by the engineer.

Precast units shall be ordered by the contractor from actual measurements of length acquired on the site and not from lengths stated in the drainage schedule or from the bill of quantities.

No precast units shall be ordered until the engineer has satisfied himself that the proposed units have been manufactured to the required tolerances and loading standards. The engineer must be given the opportunity to load test units if he considers this necessary".

B2203 MATERIALS

(f) Skewed Ends

Delete the second and third paragraphs and substitute with the following:

"Precast portal and rectangular culverts placed on a skew shall be supplied with cast in situ skewed ends as shown on the drawings. In situ skew ends are to be constructed simultaneously with the wing walls and headwalls".

B2204 CONSTRUCTION METHODS

Add the following:

"In all cases where soft founding materials is classified as suitable for culvert bedding construction, the in situ material shall be ripped, moistened and compacted to 90% or 93% modified AASHTO density. The depth of preparation and compaction of founding material shall be as indicated on the drawings or as specified by the engineer. Allowance for measurement and payment for this work is made in the bill of quantities under this section."

The Generic Labour-intensive specification below is the same as SANS 1921-5, Construction and management requirement for works contracts- Part 5: Earthworks activities which are to be performed by hand and should be included in the scope of works without amendment or modification as set out below.

C3.27

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Scope

This specification establishes general requirements for activities which are to be executed by hand involving the following:

- a) Trenches having a depth of less than 1.5 metres
- b) Storm water drainage
- c) low-volume roads and sidewalks

Precedence

Where this specification is in conflict with any other standard or specification referred to in the Scope of Works to this Contract, the requirements of this specification shall prevail.

Hand excavateable material

Hand excavateable material is material:

- a) Granular materials:
 - i) whose consistency when profiled may in terms of table 1 be classified as very loose, loose, medium dense, or dense; or
 - ii) where the material is a gravel having a maximum particle size of 10mm and contains no cobbles or isolated boulders, no more than 15 blows of a dynamic cone penetrometer is required to penetrate 100mm;
- b) Cohesive materials:
 - i) whose consistency when profiled may in terms of table 1 be classified as very soft, soft, firm, stiff and stiff / very stiff; or
 - ii) where the material is a gravel having a maximum particle size of 10mm and contains no cobbles or isolated boulders, no more than 8 blows of a dynamic cone penetrometer is required to penetrate 100mm;

Note:

- 1) A boulder, a cobble and gravel is material with a particle size greater than 200mm, between 60 and 200mm.
- 2) A dynamic cone penetrometer is an instrument used to measure the insitu shear resistance of a soil comprising a drop weight of approximately 10 kg which falls through a height of 400mm and drives a cone having a maximum diameter of 20mm (cone angle of 60° with respect to the horizontal) into the material being used.

Table 1: Consistency of materials when profiled.

C3.28

<i>Contractor</i>	<i>Witness 1</i>	<i>Witness 2</i>	<i>Employer</i>	<i>Witness 1</i>	<i>Witness 2</i>

GRANULAR MATERIALS		COHESIVE MATERIALS	
CONSISTENCY	DESCRIPTION	CONSISTENCY	DESCRIPTION
Very loose	Crumbles very easily when scraped with a geological pick.	Very soft	Geological pick head can easily be pushed in as far as the shaft of the handle.
Loose	Small resistance to penetration by sharp end of a geological pick.	Soft	Easily dented by thumb; sharp end of a geological pick can be pushed in 30-40 mm; can be moulded by fingers with some pressure.
Medium dense	Considerable resistance to penetration by sharp end of a geological pick.	Firm	Indented by thumb with effort; sharp end of geological pick can be pushed in upto 10 mm; very difficult to mould with fingers; can just be penetrated with an ordinary hand spade.
Dense	Very high resistance to penetration by the sharp end of geological pick; requires many blows for excavation.	Stiff	Can be indented by thumb-nail; slight indentation produced by pushing geological pick point into soil; cannot be moulded by fingers.
Very dense	High resistance to repeated blows of a geological pick.	Very stiff	Indented by thumb-nail with difficulty; slight indentation produced by blow of a geological pick point.

Trench excavation

All hand excavateable material in trenches having a depth of less than 1,5 metres shall be excavated by hand.

Compaction of backfilling to trenches (areas not subject to traffic)

Backfilling to trenches shall be placed in layers of thickness (before compaction) not exceeding 100mm. Each layer shall be compacted using hand stampers

- to 90% Proctor density;
- such that in excess of 5 blows of a dynamic cone penetrometer (DCP) is required to penetrate 100 mm of the backfill, provided that backfill does not comprise more than 10% gravel of size less than 10mm and contains no isolated boulders, or
- such that the density of the compacted trench backfill is not less than that of the surrounding undisturbed soil when tested comparatively with a DCP.

Excavation

All hand excavateable material including topsoil classified as hand excavateable shall be excavated by hand. Harder material may be loosened by mechanical means prior to excavation by hand.

The excavation of any material which presents the possibility of danger or injury to workers shall not be excavated by hand.

C3.29

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

(d) Drainage of excavations

The contractor shall apply suitable, effective drainage and dewatering methods for preventing the ingress of water into the excavation and to keep them dry.
 Drainage measures, with the exception of pumping, shall be maintained until the backfilling has been completed. Between various construction stages, pumping may be interrupted in consultation with the engineer.
 Any draining or pumping of water shall be done in a manner as will preclude the concrete or materials or any part thereof from being carried away.
 Allowance for measurement and payment for dewatering and keeping dry of culvert excavations is made in the schedule in this section”.

Delete sub clause B.2210 (b) (ii): “Prefabricated floor slabs.”

B.2211 BACKFILLING OF PREFABRICATED CULVERTS

Change the last sentence in the fourth paragraph to read "90% or 93% as shown on the drawings or as directed by the engineer."

B2212: INLET AND OUTLET STRUCTURES, CATCHPITS AND MANHOLES

Concrete work
 Add the following:

“The type of surface finish for in situ concrete in the culverts shall be as indicated on the drawings. Generally all exposed faces shall be of Class F2 formwork and faces covered by backfill shall be Class F1. The top of parapet walls and wing walls shall be finished to a Class U2 surface finish.”

(h) Prefabricated inlet and outlet structures
 Add the following:

“The use of precast concrete inlets and outlets as described in clause 2212(h), shall not be allowed under any circumstances. Cast in situ concrete wing wall type inlets and outlets shall be constructed as indicated on the drawings and shall be in accordance with section 6000 of the Standard Specifications. Allowance for measurement and payment for wing wall type inlets and outlets is made in the schedule in this section.”

B2218: MEASUREMENTS AND PAYMENT

Add the following:
 “Item

	Unit
B22.01(c) Extra over sub item B22.01(a) for excavation by hand using hand tool	cubic metre (m3)

Measurement shall be as specified for pay item 22.01 of the standard specifications. The bided rate shall include full compensation for carrying out the excavations by hand where circumstances prevent the use of mechanical excavators.

Item	Unit
B22.07 (f) Formwork for joints in cast in situ concrete invert slabs	

C3.30

Contractor	Witness 1	Witness 2	Employer	Witness 1	Witness 2

- | | |
|---|-------------------|
| (i) Transverse construction joints (type indicated) | square metre (m2) |
| (ii) Longitudinal joints (as per drawing) | metre (m) |

Measurement and payment shall be as specified in item 22.07 of the standard specifications with the exception that formwork for construction joints in cast in situ invert slabs in trench conditions as indicated on the drawings, shall be measured and paid for in accordance with section 6200 of the standard specifications. No payment shall be made for formwork to the outside edges of invert slabs (closest to excavated face)."

Add the following to pay item 22.08:

"In addition to the requirements for measuring concrete backfill to rectangular culverts as specified for item 22.08, the following shall apply:

Concrete backfill shall be measured to the actual dimensions of the precast units, i.e. actual volumes between ribs and haunches shall be taken into account. For the purpose of calculating concrete backfill quantities, the horizontal dimensions of the concrete backfill on the outside of the culvert(s) (closest to excavated face), shall be taken as 100mm maximum irrespective of what type or make of precast portal is used or the actual width of the excavation. The width of the concrete backfill between portals in the case of multiple culverts, shall be taken as 80mm for precast units with a leg height of 1500mm and 100mm for precast units with a leg height exceeding 1500mm. The vertical dimensions, in both cases, shall be equal to the height of the portal".

Add the following new items:

Item	Unit
B22.29	
Tie bars for joining in situ concrete invert slabsto inlet and outlet structures, as indicated on the drawings (Type, diameter and length indicated)	Number (No.)

The unit of measurement shall be the number of tie bars installed as specified and indicated on the drawings. The bided rate shall include full compensation for supply and installation of the tie bars.

ITEM	UNIT
B22.30a) Preparation and compaction of in-situ bedding material to 90% of Mod. AASHTO density (Depth indicated)	cubic metre (m3)
B) Extra over sub-item B22:30(a) for compaction to 93% of Mod. AASHTO density (depth indicate)	cubic metre (m3)

The unit of measurement shall be the cubic metre of material ripped and compacted as specified. The bided rate shall include full compensation for the ripping of the in-situ material to the specified width and depth, wetting of the material to such an extent that the specified density can be achieved.

ITEM	UNIT
B22.31 Dewatering and keeping dry of culvert excavations	NO.

The unit of measurement shall be the number of culverts constructed. The bided rate shall be full compensation for dewatering and keeping dry of the culvert excavations until the backfill is completed.

C3.31

Contractor	Witness 1	Witness 2	Employer	Witness 1	Witness 2

Payment shall be as follows:

80% of the payment shall be made after the barrel of the culvert has been constructed and backfilled. Remaining 20% of the payment shall be made after the wing walls have been constructed and backfilled.

ITEM	UNIT
B22.32 Cutting of concrete pipes	
a) Diameter indicated	Number (No.)

The unit of measurement shall be the number of pipes that have been cut. The bided rate shall be full compensation for the cutting, by means of mechanical saw (angle grinder) and finishing off of the pipes for the specific angle of skew at which the pipes must be laid. Cutting of pipes shall only be paid for if the headwall of the wing walls are at such a skew angle in respect to the centre line of the pipes that cutting is required and where non-standard lengths are required. The maximum skew angle at which pipes are allowed to be cut shall be 30 degrees and the minimum length of pipe, measured along the shortest side, shall be 1,5m."Classification of soft/hard materials as well as all quantities shall be agreed upon and finalised as the work progresses.

B10.SECTION 3100 : BORROW MATERIALS

B3102 NEGOTIATIONS WITH OWNERS AND AUTHORITIES

RENUMBER THE EXISTING SUB-CLAUSE (c) AS SUB-CLAUSE (d) AND ADD THE FOLLOWING SUB-CLAUSE (c):

"Should borrow pits located on ground not owned by the Employer be required during the contract, all negotiations and compensation will be arranged by the Employer. Before the Contractor enters private property for the purpose of opening borrow pits, constructing access roads, temporarily occupying certain land or inspecting relevant areas, he shall notify the Engineer well in advance of such action being undertaken. If any negotiations with land owners are required, the Employer will enter into such negotiations and obtain the necessary permission".

B3104 OPENING AND WORKING BORROW PITS AND HAUL ROADS

(d) Excavating borrow material

ADD THE FOLLOWING:

"The Contractor shall at all times ensure that the removal of the material is carried out in such a manner that the stability of the exposed faces is not prejudiced and safe working conditions are maintained".

C3.32

Contractor	Witness 1	Witness 2	Employer	Witness 1	Witness 2

B11.SECTION 3300 : MASS EARTHWORKS

B 3307 FILLS

ADD THE FOLLOWING SUB-CLAUSE:

“(k) Preparation of formation of existing road

(i) General

“Re-shaping” means performing minor earthworks and grading so that the final cross-section of the road complies with the typical cross-section for the type of road specified and the vertical alignment complies with the information provided by the Engineer.

The Contractor shall supply the Engineer with a full set of cross-sections before commencing any construction activities in the road reserve.

(ii) Earthworks

The re-shaped formation shall be constructed true to line, level and cross-section as shown on the drawings or as directed by the Engineer.

The re-shaping process shall in general be carried out using material obtained from within the road reserve which is moved laterally and placed in the road formation. It is not the intention that material be moved longitudinally along the road over any significant distant during this process.

After re-shaping the road formation with material from within the road reserve and prior to any material being imported from borrow pits, the Contractor shall supply the Engineer with a set of cross-sections at the same positions as the original cross –sections for the purpose of calculating quantities.

Unsuitable or excess material from the road prism shall be removed and disposed of to spoil. Any shortfall in material shall be made up by importing suitable material.

Material in the road formation shall be placed, watered, mixed and compacted to a minimum of 90% of modified AASHTO density for gravel, or 95% for non plastic sand where >20% passes through the 0,075mm sieve, or 100% for sand where <20% passes through the 0.075mm sieve.

The Contractor’s attention is specifically drawn to the requirement that only material approved by the Engineer may be used to bring the road up to the specified new formation (sub-base) level. To obtain better material characteristics in the fill, wearing course material from the existing road formation may be mixed with material obtained from the adjacent road reserve.

After the road has been brought up to the specified new formation level, whether material was imported, moved laterally in the road reserve or the existing profile was only re-shaped, a full set of cross-sections, on the same positions as the original set, shall be supplied to the Engineer. The Engineer must approve the new levels, profile and alignment before any importation of wearing course material shall be permitted.

C3.33

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

During the re-shaping process, the road side drains and cut and fill slopes shall be trimmed and finished true to line, level and cross-section. No additional payment will be made for trimming and finishing of cut and fill slopes”.

B3312 MEASUREMENT AND PAYMENT

Item

B33.01 Cut and borrow to fill, including free-haul up to 0,5km

ADD THE FOLLOWING TO THE PAYMENT PARAGRAPH:

“The tendered rates shall also include full compensation for trimming and finishing-off the road side drains and cut and fill slopes true to line, level and cross-section.

ADD THE FOLLOWING ITEM:

Item Unit

B33.20 Reshaping the road formation with material obtained from the road reserve and compaction to 90% of modified AASHTO density cubic meter (m³)

The unit of measurement is the cubic metre of material computed by the method of average end areas from levelled cross-sections taken along the ground line after clearing, with the final cross-sections, before importation of materials from borrow pits, superimposed thereon at intervals not exceeding 20m along the centre line of the road.

The tendered rate shall include full compensation for the work involved in reshaping the road to the correct profile and cross-section, benching, terracing, selecting material from the road prism, watering, mixing and compacting to a minimum of 90% of modified AASHTO density for gravel material, or 95% for non-plastic sand where >20% passes through the 0,075mm sieve, or 100% for sand where <20% passes through the 0,075mm sieve, and for trimming and finishing of the roadside drains and cut and fill slopes.

Roadbed preparation will be paid under item 33.10”.

B12.SECTION 3400 : PAVEMENT LAYERS OF GRAVEL MATERIAL

B 3401 SCOPE

ADD THE FOLLOWING:

“This section also covers the reprocessing or replacement of existing pavement layers over part of or over the full road width.

B3403 CONSTRUCTION

ADD THE FOLLOWING SUB-CLAUSE:

“(f) Temporary stockpiling of material

The Contractor shall plan his activities so that materials excavated from borrow areas and cuttings can be directly transported to and placed at the designated points.

The temporary stockpiling of material will not be paid for separately unless instructed by the Engineer, and full compensation will be deemed to have been included in the rates tendered for the various payment items for work in which the material is to be used”.

B3406 ROUTINE INSPECTION AND TESTS

REPLACE THE SECOND PARAGRAPH WITH THE FOLLOWING:

“Test results and measurements will be assessed in accordance with the provisions of section 8300”.

C3.4.2.17 SECTION 5200: GABIONS

B.5201 SCOPE

Add the following paragraph

“This section also covers the removal, dismantling and stacking of existing gabion work, and the reuse of these materials where authorised by the engineer.”

B 5203:CONSTRUCTION OF GABION CAGES

(a) General

Add the following new sub-clause:

“(iii) Reno mattresses or similar may be used as alternative to gabion boxes. These Reno mattresses are to be manufactured of 80mm x 100mm mesh (2,5mm diameter wires, diaphragm spacing 0,6m).

B 5204:CONSTRUCTING GABIONS

C3.35

--

Contractor

Witness 1

--

Witness 2

--

Employer

--

Witness 1

--

Witness 2

(b) Assembly

(c)

Delete and substitute with:

(c) Assembly, erection and stretching

(i) Assembly

"Prior to assembly, the gabion material shall be opened out flat on the ground and stretched to remove any kinks and bends. The gabion boxes shall then be assembled individually by raising the sides, ends and diaphragms ensuring that all creases are in the correct position and that the tops of all four sides are even. The four corners of the gabion boxes shall be laced first followed by the edges of internal diaphragms to the sides. In all cases lacing shall commence at the top of the box by twisting the end of the lacing wire around the selvages. It shall then be passed round two edges being joined, through each mesh in turn and securely tied off at the bottom. The ends of all lacing wire shall be turned to the inside of the box on completion of each lacing operation.

(ii) Erection

Only assembled boxes, or groups of boxes, shall be positioned in the structure. The side, or end, from which work is to proceed, shall be secured to either completed work or by rods or stakes driven into the ground at the corners. These must be secured and reach at least to the top of the gabion box. Further gabions shall then be positioned in the structure as required, each being securely laced to the preceding one at all corners and diaphragm points.

(iii) Stretching

On completion of erection of a suitable length of gabion, the gabion boxes shall be stretched using a wire strainer or winch of at least one ton capacity firmly secured to the free end of the assembled gabion boxes. Whilst under tension the gabion boxes shall be securely laced along edges (top, bottom and sides) and at diaphragm points, to all adjacent boxes and shall thereafter be filled."

(d) Rock filling

Add the following new sub-sub-clause:

(iii) General

"Filling shall be carried out only whilst gabion boxes are under tension. Filling material shall consist of rock of size not less than 120mm and not greater than 250mm so placed to produce a neat face and line with a minimum of voids. Internal horizontal bracing wire shall be provided at 500mm vertical centres or such spacing to ensure a ratio of four to every 1m³ of filling. These bracing wires shall be wrapped around two mesh wires and extended from front to back so positioned to ensure a neat face and line free of excessive bulges and depressions. Gabion boxes shall be filled in stages and horizontal bracing wires inserted as filling is brought up. Similar bracing wires used vertically shall be provided in 0,5mm deep gabions at 330mm horizontal centres where waterfalls directly onto gabions or where a neat face is required.

Tension on the gabion boxes shall be released only when sufficiently full to prevent the mesh from slackening. Gabion boxes shall be overfilled by 20 to 50mm above their tops to allow subsequent settlement of the filling."

C3.36

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Add the following new sub-clauses:

(e) Final wiring

“Closing and wiring down of lids shall proceed as soon as possible after filling operations and certainly in the likelihood of storms or floods during construction. The wiring down shall consist of wrapping around wire at such intervals as required or specified. Lids shall be stretched tight over the filling with bars and wired down securely through each mesh along all edges, ends and diaphragms. The ends of all tying and bracing wires shall be turned into the gabion box on completion of all lacing operations. Tightness of mesh, well packed filling and secure lacing is essential in all structures.”

(f) Removal, dismantling and stacking of gabions

“Existing gabions, either damaged or not, that require to be removed or moved to a new location shall be dismantled. Material not required for re-assembly or unsuitable for re-use shall be neatly stacked at approved locations in accordance with the engineer’s instructions. Payment will be made only for gabions removed in accordance with the written instruction of the engineer. Where gabions require moving, or as declared suitable by the engineer are re-usable, the contractor shall re-use all the material, plus supply such new materials as may be required to re-assemble the gabion again to the standard specification for new gabions.”

B.5205 MEASUREMENT AND PAYMENT

Add the following new items:

ITEM	UNIT
B52.05 Removal and dismantling of existing damaged gabions.	Cubic metre (m3)

The unit of measurement for the removal and dismantling of existing damaged gabions shall be the cubic metre of each type of gabion removed and dismantled on the instruction of the engineer. The bided rate shall include full compensation for removing and dismantling gabions, and stacking all the materials. The bided rate shall further include for the disposal of unsuitable material.

ITEM	UNIT
B52.06 Gabions constructed from re-usable materials Galvanised gabion boxes:	
(i) 4m x 1m x 1m	Cubic metre (m3)
(ii) 3m x 1m x 1m	Cubic metre (m3)
(iii) 2m x 1m x 1m	Cubic metre (m3)

Galvanised gabion mattresses

(i) 0.3m Deep	Cubic metre (m3)
---------------	------------------

C3.37

Contractor	Witness 1	Witness 2	Employer	Witness 1	Witness 2

The unit of measurement for re-assembling gabions from re-usable materials shall be the cubic metre of rock filled cages for each type of gabion that is re-usable and approved by the engineer, as specified in the standard specification.

The bided rate shall include full compensation for using the existing wire cages and rock fill, and for supplying new binding and connecting wires, the assembling and filling of the cages, and any other work for the re-construction of the gabions to conform to the specifications.”

B17. SECTION 5600: ROAD SIGNS

B5602 MATERIALS

(g) Retro-reflective material

IN THE FIRST SENTENCE, REPLACE "SABS 1519" WITH "SABS 1519-1" AND DELETE "and the adhesion requirements of CKS 191."

ADD THE FOLLOWING:

"When measured with a field retro-reflectometer in accordance with section B8118, the coefficient of retro-reflection of a retro-reflective material shall not be less than the appropriate value given in Table B8118/1”.

(k) Black vinyl

IN THE SECOND SENTENCE REPLACE "SABS 1519" WITH "SABS 1519-1" AND DELETE THE REST OF THE SENTENCE.

ADD THE FOLLOWING SUBCLAUSE:

"(m) Temporary covers for road signs

When required, existing road signs shall be fully or partially covered with burlap or other approved material to obscure destinations that are temporarily inapplicable or irrelevant.

The covers shall be neatly applied and firmly fixed in position on the rear side of the sign so that they will be able to withstand strong gusts of wind or eddies caused by passing traffic”.

B5603 MANUFACTURING OF ROAD SIGN BOARDS AND SUPPORTS

(a) Road sign boards

(i) Steel plate road sign boards

ADD THE FOLLOWING AS THE FOURTH PARAGRAPH:

"Steel plate used to manufacture guidance signs shall be pre-punched by means of an automated process with 5 mm holes in a rectangular grid pattern not exceeding 150 mm c/c”.

C3.38

Contractor

5900: FINISHING THE ROAD AND ROAD RESERVE AND TREATING OLD ROADS

B5902 FINISHING THE ROAD AND ROAD RESERVE

Add the following to the first paragraph:

"The contractor shall pay special attention to the collection and removal of all waste materials originating from the construction activities. All materials trimmed or excavated from the road shall be collected and removed from the road reserve to the satisfaction of the engineer.

This requirement shall be deemed to be incorporated in the tendered rates for item 59.01 of the bill of quantities or such other items as the contractor may decide upon.

The engineer may order additional finishing of the road reserve which will entail the collection and disposal of loose rocks etc. Payment for this work will be made under daywork items included in section 5900 of the bill of quantities as described in section 1800 of these project specifications."

C3.4.2.21 SECTION 6100: FOUNDATIONS FOR STRUCTURES

B.6106 FOUNDING

Add the following paragraph:

"Where founding takes place in soils or at "founding level" before the placing of foundation fill the in-situ material in the bottom of the excavation shall be compacted to a density of 90% or 93% of modified AASHTO density as directed by the engineer. The depth of preparation and compaction of founding material shall be specified by the engineer. Allowance for measurement and payment for this work is made in the schedule of quantities under this section."

B.6108 BACKFILL AND FILL NEAR STRUCTURES

(a) General

Add the following:

(iv) "During backfilling within 1,0m of any concrete structure, or as directed by the Engineer, only hand operated mechanical compaction equipment shall be used to achieve the required density."

B.6109 FOUNDATION FILL

Add the following after the 3rd paragraph:

"Granular foundation fill shall be constructed from selected subgrade material.

Add the following after the 6th paragraph:

Concrete screeds shall extend 200mm beyond the horizontal dimensions of all footings to facilitate the placing of formwork, unless otherwise directed by the engineer. In the case of structures where excessive ground water is encountered, the screed shall extend over the full plan area of the base of the excavation. Payment shall be made for the quantity of concrete calculated as the product of the specified thickness of the screed and the actual area of screed specified by the engineer up to a

C3.39

Contractor

Witness 1

Witness 2

Employer

maximum area of the product of the neat footing length plus 750mm and the neat footing width plus 750mm."

B.6115 MEASUREMENT AND PAYMENT

Add the following new items:

"Item

Unit

B61.51

(a) Preparation and compaction of in situ founding material to 90% Mod. AASHTO density (depth indicated) cubic metre (m³)

(b) Extra over item B61.51 (a) for compaction to 93% of Mod. AASHTO density (depth indicated) cubic metre (m³)

The unit of measurement shall be the cubic metre of founding material prepared and compacted to the density as specified in accordance with Clause B6106 of these project specifications. The bided rates shall include full compensation for shaping, scarifying, mixing of in-situ and imported material if required, and preparing and compacting the material as specified."

C3.4.2.22 SECTION 6400: CONCRETE FOR STRUCTURES

B.6402 MATERIALS

Cement

Replace this sub-section with the following:

"Refer to section 1142 for specification of cement."

CEM I 32,5, CEM II A-S 32,5, CEM II/A-V 32,5, or CEM III A may be used for the manufacture of reinforced concrete members.

B.6404 CONCRETE QUALITY

Strength concrete

Add the following paragraph:

"The cement content for any class of structural concrete or mass concrete used in structures shall not be less than 300kg/m³ of concrete. The contractor must provide the engineer with complete mix designs and materials for strength concrete at least two (2) weeks before the first concrete is cast on the project".

B.6405 MEASURING THE MATERIALS

(c) Aggregates

Add the following:

"All concrete for structures shall be manufactured by mechanical mass batching unless authorised otherwise by the engineer for minor concrete structures or for labour-intensive methods."

C3.40

Contractor

Witness 2

Employer

Witness 1

Witness 2

B.6407 PLACING AND COMPACTING

(a) General

Add the following after the third paragraph:

"Concrete shall only be placed up to 20:00 at the latest. Under exceptional circumstances the Engineer may allow night work on condition that proper lighting arrangements can be made and a new and rested shift for night work is provided and ambient temperatures are such as to not adversely affect the setting of the concrete."

B.6408 CONSTRUCTION JOINTS

(a) General

Add the following:

"No construction joints other than those indicated on the drawings will be permitted without the written approval of the engineer".

B.6409 CURING AND PROTECTING

Add the following:

The surface area of bridge and culvert floor slabs and decks shall be cured as follows:

(i) The area of freshly cast and finished concrete surface shall be immediately covered as specified in clause 6409(e).

(iii) After the concrete has set sufficiently the entire area shall be treated with an approved curing compound as specified in clause 6409(f)."

B.6414 QUALITY OF MATERIALS AND WORKMANSHIP

(a) Criteria for compliance with the requirements

Add the following:

"Quality control shall be carried out by the engineer as specified in Section 8200: Quality Control (Scheme 1)."

Add the following new paragraph:

(c) Concrete cores - strength requirements

"Cores will only be drilled if authorised by the engineer. This will only be considered if the contractor's own cubes, when crushed by the engineer, attained the required 28-day cube strength."

B.6416 MEASUREMENT AND PAYMENT

Item	Unit
B64.01	
Cast in situ concrete:	cubic metre (m3)

Add the following after the first paragraph:

"Where foundation slabs are set directly against the face of excavations, the volume of concrete measured for payment shall include the total volumes of concrete placed, allowing for up to a

maximum over the neat footing dimensions of 200mm where in the opinion of the engineer accurate excavation to neat lines and levels indicated on the drawings is not possible. (No formwork to the footing shall be measured when the concrete is cast against the face of the excavations)."

B18.SECTION 8100: TESTING MATERIALS AND WORKMANSHIP

ADD THE FOLLOWING CLAUSE:

B8118 TESTS ON RETRO-REFLECTIVE MATERIAL FOR USE ON ROAD SIGNS

On site testing of the retro-reflective properties of road signs shall be done with a field retro-reflectometer measuring at an entrance angle of 5,0° and an observation angle of 0,33°. The coefficient of retro-reflection so determined shall not be less than the relevant values given in Table B 8118/1 below. The coefficients of retro-reflection are expressed in candelas per lux per square metre (cd/(lux/m²)).

TABLE B 8118/1 COEFFICIENTS OF RETRO-REFLECTION

1	2	3	4	5	6	7	8	9	10	11

C 01 SCOPE

This Specification covers the provisions and requirements relating to the provision of the temporary workforce.

C 02 INTERPRETATIONS

C 02.01 Supporting documents

The Tender Rules, Conditions of Contract, Standard and Project Specifications, Drawings and statutory minimum requirements relating to the employment and remuneration of labour shall *inter alia* be read in conjunction with this Specification.

C 02.02 Definitions and abbreviations

For the purposes of this specification, the definitions given in the Conditions of Contract, the Standard Specifications and the Project Specifications, together with the following additional definitions shall, unless the context dictates otherwise, apply:

- (a) "Key Personnel" means all contracts managers, site agents, materials and survey technicians, trainers, supervisors, foremen, skilled plant operators, artisans and the like, and all other personnel in the permanent employ of the Contractor or Subcontractor who posses special skills and/or who play key roles in the Contractor's or Subcontractor's operation

- (b) "Project Committee" means a committee consisting of the Employer, the Engineer, the Contractor, (or their nominated representatives) as well as representatives of the temporary workforce, which is convened from time to time at the discretion of the Engineer, for the purposes of acting as an avenue for effective communication and liaison between all the parties referred to, in all matters pertaining to the Contract

- (c) "Subcontractor" means any person or group of persons in association, or firm, or body corporate (whether formally constituted or otherwise) not being the Contractor, to whom specific portions or aspects of the Works are sublet or subcontracted by the Contractor in accordance with the provisions of the Contract

- (d) "Worker" for the purposes of this Specification means any person, not being one of the Contractor's key personnel, nor any key personnel of any Subcontractor, who is engaged by the Contractor, a Subcontractor or the Employer to participate in the execution of any part of the Contract Works and shall include unskilled labour, semi-skilled and skilled labour, clerical workers and the like

- (e) "Workforce" means the aggregate body comprising all workers and shall, unless the context dictates otherwise, include the workforces of the Contractor and all Subcontractors

- (f) "Liaison Officer" means a representative from the temporary workforce, duly elected by them, to act on their behalf and through whom all matters pertaining to the temporary workforce can be channelized.

C3.44

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

C 02.03 Status

Where any provisions or requirements of this Specification are in conflict with anything elsewhere set out in the Contract, the provisions and requirements of this Specification shall take precedence and prevail.

C 03 PERMITTED SOURCES OF TEMPORARY WORKERS

The Contractor shall as far as possible make optimum use of the human resources outside his own workforce and the workforces of all subcontractors. The temporary workforce which is to be used in the execution of the Works in terms of Part A may consist of the workers of various communities, and shall not be bound to one particular community.

C 04 EMPLOYMENT RECORDS TO BE PROVIDED

(a) The Contractor shall maintain accurate and comprehensive records of all workers engaged on the Contract and shall provide the Engineer at monthly intervals from the commencement of the Contract, with interim records substantiating the actual numbers of employment opportunities which have been generated to date and the amounts actually paid in respect thereof. Such interim records shall be in a format approved by the Engineer.

(b) The Contractor shall, on completion of the Contract, and as a pre-requisite event to the release of any retention money in terms of the Conditions of Contract, provide the Engineer with copies of the Terms of Employment as well as independently audited documentary evidence of the total number of temporary and permanent employment opportunities actually generated during the Contract.

C 05 VARIATIONS IN WORKER PRODUCTION RATES

Notwithstanding anything to the contrary as may be stated in or inferred from any other provision of this Contract, the Contractor shall not be entitled to any additional payment or compensation whatever, in respect of any differences as may result between the production rates actually achieved by workers in the course of the execution of the Contract Works and those production rates on which he has based his tender.

C 06 TRAINING OF THE TEMPORARY WORKFORCE

- (a) Selected members of the workforce are to be provided with structured training in accordance with the provisions of Part D.
- (b) The Contractor shall make all necessary allowances in his programme of work to accommodate and facilitate the delivery of such structured training and shall comply fully with the requirements of Part D.
- (c) The provision of structured training as described in Part D shall not relieve the Contractor of any of his obligations in terms of the Conditions of Contract and the Contractor shall remain fully liable for the provision, at his own cost, of all training of the workforce, additional to that as provided for in Part D, as may be necessary to achieve the execution and completion of the works strictly in accordance with the provisions of the Contract.

C3.45

Contractor

Witness 2

C 07 RECRUITMENT AND SELECTION PROCEDURES

C 07.01 the Contractor shall be fully responsible for the recruitment and selection of workers to constitute the temporary workforce.

C 07.02 The Contractor shall advise the Engineer in writing of the numbers of each category of temporary worker which he requires, together with the personal attributes which he considers desirable that each category of worker shall possess (taking due cognisance of the provisions of the Contract relating to training).

C 07.03 the Contractor shall, at his own cost, take all necessary actions to advertise within the communities comprising the personnel resources, the fact that temporary employment opportunities exist and the time and place where recruiting will occur.

C 07.04 the Contractor shall record in writing, the details of all persons applying for employment, including *inter alia*:

- (a) Name, address, age and sex
- (b) Marital status and number of dependants
- (c) Qualifications and previous work experience (whether substantiated or not)
- (d) Period since last economically active
- (e) Preference for type of work or task.

C 07.05 the Contractor shall make his selection of workers from amongst the applicants, taking due cognisance of his requirements for the workforce and the provisions of the contract in regard to the provision of training to the workforce and in accordance with the following principles:

- (a) No potential temporary worker shall be precluded from being employed by the Contractor on the execution of the Works, by virtue of his lack of skill in any suitable operation forming part of the Works, unless -
 - (i) All available vacancies have been or can be filled by temporary workers who already possess suitable skills, or
 - (i) The Time for Completion allowed in the Contract, or the remaining portion of the Contract Period (as the case may be) is insufficient to facilitate the creation of the necessary skills.
- (b) Preference shall be given to the unemployed and single heads of households.
- (c) The Contractor shall, in so far as is reasonably practicable, give priority to accommodating the applicants' expressed preferences regarding the types of work for which they are selected.
- (d) The selection process shall not be prejudicial to youth (over the age of fifteen years) and women.

C 07.06 After making his selection, the Contractor shall advise the Engineer thereof, in writing and the Engineer shall, without undue delay, ratify the Contractor's selection.

C3.46

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

C 07.07 The provisions of this clause shall apply *mutatis mutandis* in respect of the selection of additional or replacement members of the workforce as may be necessary from time to time during the Contract.

C 07.08 the Contractor shall, after selecting his temporary workforce, arrange at his own cost for the appointment of the Liaison Officer as representative of the workforce to act on their behalf with regards to all matters pertaining to the workforce."

C 08 TERMS AND CONDITIONS PERTAINING TO THE EMPLOYMENT OF THE TEMPORARY WORKFORCE

C 08.01 All temporary workers engaged in accordance with the provisions of Part A of the Project Specifications, shall be employed on the terms and conditions of employment as are consistent with those as set out in this Contract. The Contractor shall implement and adhere strictly to such terms and conditions relating to the employment of the temporary workforce, and subject only to the provisions of this Contract, shall not employ any temporary worker on terms and conditions which are less favourable to the worker or inconsistent with the standards and norms generally applicable to temporary workers in the Civil Engineering Industry and applicable to the particular area.

C 09 LABOUR RELATIONS AND WORKER GRIEVANCE PROCEDURES

C 09.01 the Contractor, as the Employer of the workforce, shall be fully responsible for the establishment and maintenance at his own cost, of satisfactory labour relations on site and the resolution of all grievances of temporary workers as may occur.

C 09.02 The Contractor shall at all times adhere to the accepted norms and standards of labour relations prevailing generally in the Civil Engineering Construction Industry and shall conduct himself in a fair and reasonable manner, within the constraints as may be imposed upon him by the terms of the Contract.

C 09.03 In the event of any temporary worker engaged by the Contractor in terms of the Contract, being aggrieved with regard to his Terms of Employment, working conditions and training, he shall have the right, at his discretion, to be supported in any inquiry or disciplinary hearing or investigation instituted by the Contractor in terms of Sub clause C 09.02 above, by one member of the temporary workforce and one member of the Project Committee, which persons shall be nominated by the worker.

C 09.04 In the event of any grievance not being satisfactorily resolved through the application of normal dispute resolution procedures in accordance with Sub clauses C 09.02 and C 09.03, then either the Contractor or the worker concerned may require that the matter be referred to the Project Committee for further consideration, with a view to facilitate the resolution thereof.

C 10 THE SUBCONTRACTORS' WORKFORCES

C 10.01 The provisions of this Part C shall apply *mutatis mutandis* to the workforces employed by all subcontractors engaged by the Contractor and the Contractor shall be fully responsible for ensuring, at his own cost, that the terms of every subcontract agreement entered into are such as to facilitate the application of these provisions in respect of the workforces of all subcontractors.

C 10.02 The Contractor shall at his own cost and to the extent necessary, assist and monitor all subcontractors in the application of the provisions of this Specification, and shall, in terms of the Conditions of Contract, remain fully liable in respect of the acts, omissions and neglects of all subcontractors, in respect of the application of the provisions of this Specification.

C3.47

Contractor	Witness 1	Witness 2	Employer	Witness 1	Witness 2

C 11 MEASUREMENT AND PAYMENT

The Contractor will not be separately reimbursed or compensated in respect of the provision of the workforce and creation of temporary employment opportunities and all the Contractor's costs associated with compliance with the provisions of this part of the Project Specifications shall, except to the extent provided for in Part D as relevant, be deemed to be included in the rates tendered for the various items of work listed in the Schedule of Quantities.

BLOUBERG MUNICIPALITY

BLOUBERG MUNICIPALITY

CONTRACT NO: BM19/22/23

CONSTRUCTION OF LETHALENG TO PICKUM ACCESS ROAD AND INTERNAL STREETS

C4 SITE INFORMATION

Site Inspection

The bidder shall inform him/herself on the nature of the site and inspect the site.

The Engineer will consider a bid only if the site inspection and/or bidder's meeting arranged by the Engineer has been attended by a representative who must;

- Be suitably qualified to comprehend the implications of the work involved and
- Be the bidder him/herself or a person in the direct employ of the bidder.

Site Information

Blouberg Local Municipality is a municipality in the Limpopo Province, Northern South Africa, bordering Botswana. It takes its name from the Blouberg (literally meaning blue mountain), a mountain range located to the west of the western end of the Soutpansberg mountain range, north west of the town of Vivo.

The project road links the two villages starting in Lethaleng and ending Pickum, north west of Bochum. The road connects two district roads (D3322_030 and D3326_020).

Co-ordinates are as follows:

Project Start Point : 23° 11' 14.90" S, 29° 02' 26.12" E

Project End Point : 23° 11' 21.22" S, 29° 04' 53.82" E

DEPARTMENT OF LABOUR

No. R. 347

4 May 2012

BASIC CONDITIONS OF EMPLOYMENT ACT, 1997

MINISTERIAL DETERMINATION 4: EXPANDED PUBLIC WORKS PROGRAMMES

I, Nelisiwe Mildred Oliphant, Minister of Labour, hereby in terms of section 50 of the Basic Conditions of Employment Act, 1997, make a Ministerial Determination establishing conditions of employment for employees in Expanded Public Works Programmes, South Africa, in the Schedule hereto and determine the second Monday after the date of publication of this notice as the date from which the provisions of the said Ministerial Determination shall become binding.

All the provisions of the Ministerial Determination: Expanded Public Works Programmes published under Government Notice R949 in Government Gazette 33665 of 22 October 2010 will be superseded by this ministerial determination with effect from the date of implementation.

**NM OLIPHANT, MP****Minister of Labour**

1. Definitions
 2. Application of this determination
 3. Sections not applicable to public works programmes
 4. Conditions
-

1. Definitions

1.1 In this determination -

"expanded public works programme" means a programme to provide public or community assets or services through a labour intensive programme initiated by government and funded from public resources .

1.2 Without limiting subsection (1), the following programmes constitute Expanded Public Works Programmes.:

- (a) Environment and Culture Sector Programmes including: Working for Water, Working on Fire, Working for wetlands, People and Parks, Working for Energy, Working for Woodlands, Working for the Coast, Landcare, Working on Waste/ Working for Tourism, Investing in Culture Programmes
- (b) Infrastructure Sector Programmes and Projects declared part of EPWP which may include the construction, rehabilitation and maintenance of: rural and low-volume roads, storm-water drains, water reticulation, basic sanitation, footpaths, sidewalks, bicycle paths, schools and clinics.
- (c) Social Sector Programmes including Early Childhood Development, Home, Community Based Care, Community Safety and other community based programmes.
- (d) All projects and programmes accessing the EPWP wage incentive including those Implemented by Non-Governmental organisations (NGO) and Community Based Organisations (CBO) and the Community Works Programme.
- (e) Any other programme deemed to be part of the EPWP as determined by the Department of Public Works

2. Application

This Determination applies to all employers and employees engaged in expanded public works programmes.

3. The following provisions of the Basic Conditions of Employment Act do not apply to public works programmes -

3.1 Section 10(2) [Overtime rate]

- 3.2 Section 14(3) (Remuneration required for meal intervals of longer than 75 minutes]
- 3.3 Section 29(h) to (p) [Written particulars of employment]
- 3.4 Section 30 [Display of employee's rights]
- 3.5 Section 41 [Severance pay]
- 3.6 Section 37 [Notice of termination]
- 3.7 Sections 51 - 58 [Sectoral Determinations]

4. **Conditions**

As set out in the ANNEXURE:

ANNEXURE

CONDITIONS OF EMPLOYMENT FOR EXPANDED PUBLIC WORKS PROGRAMMES

1. Introduction

- 1.1 This document contains the standard terms and conditions for workers employed in elementary occupations on an Expanded Public Works Programme (EPWP). These terms and conditions do NOT apply to persons employed in the supervision and management of a SPWP.
- 1.2 In this document -
- (a) "department" means any department of the State, implementing agent or contractor;
 - (b) "employer" means any department, implementing agency or contractor that hires workers to work in elementary occupations on a EPWP;
 - (c) "worker" means any person working in an elementary occupation on a EPWP;
 - (d) "elementary occupation" means any occupation involving unskilled or semi-skilled work;
 - (e) "management" means any person employed by a department or implementing agency to administer or execute an EPWP;
 - (f) "task" means a fixed quantity of work;
 - (g) "task-based work" means work in which a worker is paid a fixed rate for performing a task;
 - (h) "task-rated worker" means a worker paid on the basis of the number of tasks completed;
 - (i) "time-rated worker" means a worker paid on the basis of the length of time worked.

2. Terms of Work

- 2.1 Workers on an EPWP are employed on a temporary basis or contract basis.

3. **Normal Hours of Work**

- 3.1 An employer may not set tasks or hours of work that require a worker to work-
- (a) more than forty hours in any week;
 - (b) on more than five days on any week; and
 - (c) for more than eight hours on any day.
- 3.2 An employer and worker may agree that a worker will work four days per week. The worker may then work up to ten hours per day.
- 3.3 A task-rated worker may not work more than a total of 55 hours in any week to complete the tasks allocated (based on a 40-hour week) to that worker.

4. **Meal Breaks**

- 4.1 A worker may not work for more than five hours without taking a meal break of at least thirty minutes duration.
- 4.2 An employer and worker may agree on longer meal breaks.
- 4.3 A worker may not work during a meal break. However, an employer may require a worker to perform duties during a meal break if those duties cannot be left unattended and cannot be performed by another worker. An employer must take reasonable steps to ensure that a worker is relieved of his or her duties during the meal break.
- 4.4 A worker is not entitled to payment for the period of a meal break. However, a worker who is paid on the basis of time worked must be paid. If the worker is required to work or to be available for work during the meal break.

5. **Special Conditions for Security Guards**

- 5.1 A security guard may work up to 55 hours per week and up to eleven hours per day.
- 5.2 A security guard who works more than ten hours per day must have a meal break of at least one hour or two breaks of at least 30 minutes each.

6. **Daily Rest Period**

Every worker is entitled to a daily rest period of at least twelve consecutive hours. The daily rest period is measured from the time the worker ends work on one day until the time the worker starts work on the next day.

7. **Weekly Rest Period**

Every worker must have two days *off* every week. A worker may only work on their day off to perform work which must be done without delay and cannot be performed by workers during their ordinary hours of work. ("emergency work").

8. **Sick Leave**

8.1 Only workers who work more than 24 hours per month have the right to claim sick-pay in terms of this clause.

8.2 A worker who is unable to work on account of illness or injury is entitled to claim one day's paid sick leave for every full month that the worker has worked in terms of a contract.

8.3 A worker may accumulate a maximum of twelve days' sick leave in a year.

BA Accumulated sick leave may not be transferred from one contract to another contract

8.5 An employer must pay a task-rated worker the worker's daily task rate for a day's sick leave.

8.6 An employer must pay a time-rated worker the worker's daily rate of pay for a day's sick leave.

8.7 An employer must pay a worker sick pay on the worker's usual payday.

as Before paying sick-pay, an employer may require a worker to produce a certificate stating that the worker was unable to work on account of sickness or injury if the worker is-

(a) absent from work for more than two consecutive days;
or

(b) absent from work on more than two occasions in any eight-week period.

- 8.9 A medical certificate must be issued and signed by a medical practitioner; a qualified nurse or a clinic staff member authorised to issue medical certificates indicating the duration and reason for incapacity.
- 8.10 A worker is not entitled to paid sick leave for a work-related injury or occupational disease for which the worker can claim under the Compensation for Occupational Injuries and Diseases Act.

9. **Maternity Leave**

- 9.1 A worker may take up to four consecutive months' unpaid maternity leave.
- 9.2 A worker is not entitled to any payment or employment-related benefits during maternity leave.
- 9.3 A worker must give her employer reasonable notice of when she will start maternity leave and when she will return to work.
- 9.4 A worker is not required to take the full period of maternity leave. However, a worker may not work for four weeks before the expected date of birth of her child or for six weeks after the birth of her child, unless a medical practitioner, midwife or qualified nurse certifies that she is fit to do so.
- 9.5 A worker may begin maternity leave -
- (a) four weeks before the expected date of birth; or
 - (b) on an earlier date -
 - (i) if a medical practitioner, midwife or certified nurse certifies that it is necessary for the health of the worker or that of her unborn child; or
 - (ii) if agreed to between employer and worker; or
 - (c) on a later date, if a medical practitioner, midwife or certified nurse has certified that the worker is able to continue to work without endangering her health.
- 9.6 A worker who has a miscarriage during the third trimester of pregnancy or bears a stillborn child may take maternity leave for up to six weeks after the miscarriage or stillbirth.

10. Family responsibility leave

10.1 Workers, who work for at least four days^a per week, are entitled to three days paid family responsibility leave each year in the following circumstances-

- (a) when the employee's child is born;
- (b) when the employee's child is sick;
- (c) in the event of a death of -
 - (i) the employee's spouse or life partner;
 - (ii) the employee's parent, adoptive parent, grandparent, child, adopted child, grandchild or sibling.

11. Statement of Conditions

11.1 An employer must give a worker a statement containing the following details at the start of employment -

- (a) the employer's name and address and the name of the EPWP;
- (b) the tasks or job that the worker is to perform; and
- (c) the period for which the worker is hired or, if this is not certain, the expected duration of the contract;
- (d) the worker's rate of pay and how this is to be calculated;
- (e) the training that the worker will receive during the EPWP.

11.2 An employer must ensure that these terms are explained in a suitable language to any employee who is unable to read the statement.

11.a An employer must supply each worker with a copy of these conditions of employment.

12. Keeping Records

12.1 Every employer must keep a written record of at least the following -

- (a) the worker's name and position;

- (b) copy of an acceptable worker identification
- (c) in the case of a task-rated worker, the number of tasks completed by the worker;
- (d) in the case of a time-rated worker, the time worked by the worker;
- (e) payments made to each worker.

12.2 The employer must keep this record for a period of at least three years after the completion of the EPWP.

13. Payment

13.1 An employer must pay all wages at least monthly in cash or by cheque or into a bank account

13.2 A worker may not be paid less than the minimum EPWP wage rate of R165.00 per day or per task. This will be adjusted annually on the 1st of November in line with inflation (available CPI as provided by StatsSA six (6) weeks before implementation).

13.3 A task-rated worker will only be paid for tasks that have been completed.

13A An employer must pay a task-rated worker within five weeks of the work being completed and the work having been approved by the manager or the contractor having submitted an invoice to the employer.

13.5 A time-rated worker will be paid at the end of each month.

13.6 Payment must be made in cash, by cheque or by direct deposit into a bank account designated by the worker.

13.7 Payment in cash or by cheque must take place -

- (a) at the workplace or at a place agreed to by the worker;
- (b) during the worker's working hours or within fifteen minutes of the start or finish of work;
- (c) in a sealed envelope which becomes the property of the worker.

13.8 An employer must give a worker the following information in writing -

- (a) the period for which payment is made;
- (b) the numbers of tasks completed or hours worked;
- (c) the worker's earnings;
- (d) any money deducted from the payment;
- (e) the actual amount paid to the worker.

13.9 If the worker is paid in cash or by cheque, this information must be recorded on the envelope and the worker must acknowledge receipt of payment by signing for it.

13.10 If a worker's employment is terminated, the employer must pay all monies owing to that worker within one month of the termination of employment.

14. **Deductions**

14.1 An employer may not deduct money from a worker's payment unless the deduction is required in terms of a law.

14.2 An employer must deduct and pay to the SA Revenue Services any income tax that the worker is required to pay.

14.3 An employer who deducts money from a worker's pay for payment to another person must pay the money to that person within the time period and other requirements specified in the agreement law, court order or arbitration award concerned.

14.4 An employer may not require or allow a worker to -

- (a) repay any payment except an overpayment previously made by the employer by mistake;
- (b) state that the worker received a greater amount of money than the employer actually paid to the worker; or
- (c) pay the employer or any other person for having been employed.

15. **Health and Safety**

15.1 Employers must take all reasonable steps to ensure that the working environment is healthy and safe.

15.2 A worker must -

- (a) work in a way that does not endanger his/her health and safety or that of any other person;
- (b) obey any health and safety instruction;
- (c) obey all health and safety rules of the EPWP;
- (d) use any personal protective equipment or clothing issued by the employer;
- (e) report any accident, near-miss incident or dangerous behaviour by another person to their employer or manager.

16.. **Compensation Injuries and Diseases**

- 16.1 It is the responsibility of the employers (other than a contractor) to arrange for all persons employed on a EPWP to be covered in terms of the Compensation for Occupational Injuries and Diseases Act, 130 of 1993.
- 16.2 A worker must report any work-related injury or occupational disease to their employer or manager.
- 16.3 The employer must report the accident or disease to the Compensation Commissioner.
- t6.4 An employer must pay a worker who is unable to work because of an injury caused by an accident at work 75% of their earnings for up to three months. The employer will be refunded this amount by the Compensation Commissioner. This does NOT apply to injuries caused by accidents outside the workplace such as road accident\$ or accidents at home.

17. Termination

- 17 .1 The employer may terminate the employment of a worker for good cause after following a fair procedure.
- 11 .2 A worker will not receive severance pay on termination.
- 17 .3 A worker is not required to give notice to terminate employment. However, a worker who wishes to resign should advise the employer in advance to allow the employer to find a replacement.

17.4 A worker who is absent for more than three consecutive days without informing the employer of an intention to return to work will have terminated the contract. However, the worker may be re-engaged if a position becomes available.

17.5 A worker who does not attend required training events, without good reason, will have terminated the contract. However, the worker may be re-engaged if a position becomes available.

18. **Certificate of Service**

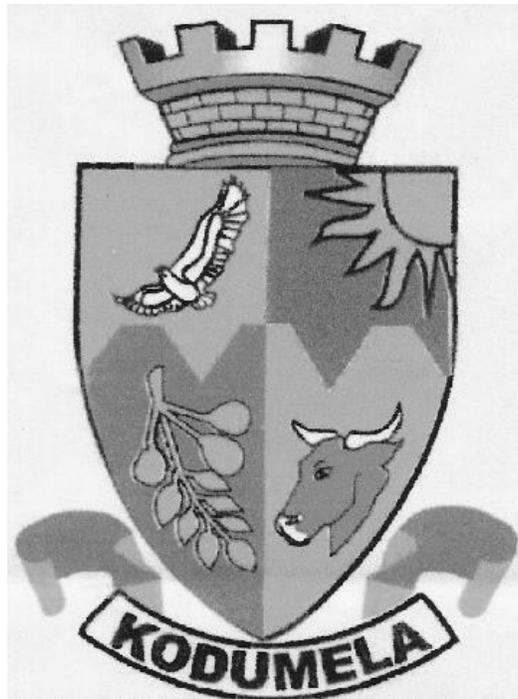

18.1 On termination of employment, a worker is entitled to a certificate stating

- (a) the worker's full name.
- (b) the name and address of the employer;
- (c) the EPWP on which the worker worked;
- (d) the work performed by the worker;
- (e) any training received by the worker as part of the EPWP;
- (f) the period for which the worker worked on the EPWP;
- (g) any other information agreed on by the employer and worker.

SUPPLY CHAIN MANAGEMENT POLICY

BLOUBERG LOCAL MUNICIPALITY

CHAPTER 1

1. INTRODUCTION

A Green Paper on Public Sector Procurement Reform in South Africa was published in April 1997. The Green Paper recognized that public sector procurement could be used by government as a mechanism to also achieve certain broader policy objectives such as black economic empowerment, local economic development spin-offs for small and medium sized business, skills transfer and job creation. To achieve this, institutional and economic reform was necessary within two broad themes, namely, to establish principles of good governance in the area of supply chain management and to introduce a preference system to achieve certain Socio-economic policy objectives.

This document is to serve as a both a policy guideline and as a general user manual for the personnel of the BLM in which the policy and directives with regard to supply chain management are made known. This policy therefore addresses the following as required by the Local Government: Municipal Finance Act, 2003 and the Preferential Procurement Regulations of 2004, the Broad-Based Black Economic Empowerment Act (Act 53 of 2003) and the Draft Supply Chain Management Regulations from National Treasury (3 May 2005):

- Procurement of goods and services;
- Disposal of goods no longer needed;

- Selection of contractors to provide assistance in the provision of municipal services otherwise than in circumstances where Chapter 8 of the Systems Act applies; and
- Selection of external mechanisms referred to in section 80(1)(b) of the Systems Act

This policy does not apply if the municipality contracts with another organ of state for-

- Provision of goods or services to the municipality;
- The provision of a municipal service or assistance in the provision of a municipal service; or
- The procurement of goods and services under a contract secured by that other organ of state, provided that the relevant supplier has agreed to such procurement.

3. DEFINITIONS

In this Policy, unless a written context otherwise indicates, a word or expression to which a meaning has been assignment in the Act has the same meaning as in the Act, and:

"Bid" means a written offer submitted in a prescribed or stipulated form, in response to an invitation by the Blouberg Municipality for a procurement as part of a competitive bidding process;

“Competitive bid” means a bid in terms of competitive bidding process;

“Final award” means the final decision on which bid or quote to accept;

“In the service of state” means to be:

(a) a member of

(i) any municipal council;

(ii) any provincial legislature;

(iii) the National Assembly or National Council of provinces;

(b) a member of the board of directors of any municipal entity;

(c) an official of any municipality or municipal entity;

(d) an employee of any national or provincial department, national or provincial entity or constitutional institution within the meaning of Public Finance Management Act, 1999(Act No. 1 of 1999)

(e) a member of the accounting authority of any national or provincial public entity; or

(f) an employee of parliament or a provincial legislature;

“Long term contracts” means a contract with a duration period exceeding one Year;

“Other applicable legislation” means any other legislation applicable to municipal Supply chain management, including:

(a) The Preferential Procurement Policy Framework Act, 2000(Act No.5 of 2000)

(b) The Broad Based Black economic Empowerment Act, 2003 (Act No.53 of 2003)

(c) The Construction Industry Development Board Act. 2000 (Act No.38 of 2000)

“Municipality” means Blouberg Municipality;

“Historically Disadvantaged Individual” means a South African citizen:

(a) Who had no franchise in national elections prior to the introduction of the Constitution of the Republic of South Africa, 1983 (Act no 110 of 1983) or the Constitution of the Republic of South Africa, 1993 (Act no 200 of 1993) (“the Interim Constitution”); and/or

(b) Who is a female; and/or

(c) Who has a disability;

(d) Provided that a person who obtained South African citizenship on or after the coming into effect of the Interim Constitution, is deemed not to be an HDI.

“Small Medium and Micro Enterprise” SMME is as defined in the National Small Business Act, 102 of 1996. Employing a maximum of 100 employees in any sector except manufacturing or construction where the maximum is 200 employees.

"Council" means Blouberg Municipal council referred to in Sec 157(1) of the constitution;

"Delegation" means the issuing of a written authorization by delegating authority to a delegated body to act in his stead;

"Physically disabled" shall mean suffering from an impairment of a physical, intellectual or sensory function, resulting in a restriction or lack of ability to perform an activity in a manner or within a range considered normal.

"Head of department" shall mean a senior manager as referred to in Section 56 of the Municipal Systems Act.

"the Act" means Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003)

"the Regulation" means the Local Government: Municipal Finance Management Act, 2003, Municipal Supply Chain Management Regulations Gazetted in Gazette Number 865 of 2005;

"youth" means any person who is thirty-five years old and below;

"Municipal Finance Management Act" shall mean the Municipal Finance Management Act no 56 of 2003

"Municipal manager" shall mean the person appointed in terms of Section 82 of the Municipal Structures Act.

"Municipal Structures Act" shall mean the Local Government: Municipal Structures Act No. 117 of 1998.

"Municipal Systems Act" shall mean the Local Government: Municipal Systems Act No. 32 of 2000.

"Supply chain management policy" shall mean the policy referred to in Section 111 of the Municipal Finance Management Act.

"Budget and treasury office" shall mean the office established in terms of Section 80 of the Municipal Finance Management Act"

"Chief financial officer" shall mean the person designated as such in terms of Section 80(2)(a) of the Municipal Finance Management Act No. 56 of 2003.

"Councilor" shall mean a member of the municipal council.

"Highest acceptable tender" means a tender that complies with all specifications and conditions of tender and that has the highest price compared to other tenders

“Lowest acceptable tender” means a tender that complies with all specifications and conditions of tender and that has the lowest price compared to other tenders.

“Price” means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts.

“Rand Value” means the total estimated value of a contract in Rand, calculated at the time of the tender invitation

“Specific goals” means specific goals as contemplated in section 2(1) of the Act, which may include contracting with persons, or categories of persons, historically disadvantaged by unfair discrimination on the basis of race, gender and disability including the implementation of programmes of the Reconstruction and Development Programme as published in Government Gazette No. 16085 dated 23 November 1994

“Tender” means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in the legislation

“Tender for income generating contracts” means a written offer in the form determined by an organ of state in response to an invitation for the origination of income generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state. And includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and

“Act” means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000)

4. LEGISLATIVE ENVIRONMENT & REGULATORY FRAMEWORK

4.1 THE CONSTITUTION

In establishing a supply chain management policy document, the Blouberg local municipality must produce a document that complies with section 217 of the Constitution of the Republic of South Africa, 1996 (Act 208 of 1996) which reads as follows:

(1) When an Organ of State in the national, provincial or local sphere of government, or any other institution identified in national legislation, contracts for goods and services, it must do so in accordance with a system which is fair, equitable, transparent, competitive and cost-effective.

(2) Subsection (1) does not prevent the Organs of State or institutions referred to in that subsection from implementing a procurement policy providing for-

(a) categories of preference in the allocation of contracts; and (b) the protection or advancement of persons, or categories of persons, disadvantaged by unfair discrimination.

(3) National legislation must prescribe a framework within which the policy referred to in subsection (2) must be implemented.

4.2 THE MUNICIPAL SYSTEMS ACT

The "Municipal Systems Act 2000 (Act 32 of 2000) requires that municipalities assess, according to specific criteria and processes, whether to provide municipal services internally or externally by way of service delivery agreements. This Act stipulates the requirements for service delivery agreements through competitive bidding selection and pre-qualification processes which-

- Are competitive, fair, transparent, equitable and cost-effective,
- Allow all prospective service providers to have equal and simultaneous access to information relevant to the bidding process;
- Minimise the possibility of fraud and corruption; and
- Make the municipality accountable to communities, residents and role-players about progress with selecting a service provider and the reasons for any decision in this regard; and
- Take into account the need to promote the empowerment of small and emerging enterprises.

4.3 THE PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT

The Preferential Procurement Policy Framework Act, (Act No. 5 of 2000) and its regulations are applicable to local government. It provides that BLM shall implement a preference system in the allocation of contracts for categories of service providers to advance the interest of persons disadvantaged by unfair discrimination. However, it must be applied without compromising or limiting the quality, coverage, cost and developmental impact of the services.

4.4 THE LOCAL GOVERNMENT: MUNICIPAL FINANCE MANAGEMENT ACT, 2003 (ACT 56 OF 2003)

This Act and Chapter 11 in particular deals with supply chain management in detail and it is essential that it is strictly adhered to by the municipality in order to achieve the objectives as set out in this document. It is compulsory for a municipality to have a supply chain management policy to give effect to the relevant provisions of the Act.

The Municipal Finance Management Act, 2003 (Act 56 of 2003) provides that the municipal supply chain management shall comply with a regulatory framework that must cover at least the following:

- The range of supply chain management processes that will be used including tenders, quotations, auctions and other types of competitive bidding.
- When a particular type of process must be used.
- Procedures and mechanisms for each type of process.

- Procedures and mechanisms for more flexible processes where the value of a contract is below a prescribed amount.
 - Open and transparent pre-qualification processes for tenders or other bids.
 - Competitive bidding processes in which only pre-qualified persons may participate.
 - Bid documentation, advertising of and invitations for contracts.
- Procedures and mechanisms for-
- The opening, registering and recording of bids in the presence of interested persons;

- The evaluation of bids to ensure best value for money;
- Negotiating of final terms of contracts; and
- The approval of bids.

Screening processes and security clearances for prospective Contractors on tenders or other bids above a prescribed value.

- Compulsory disclosure of any conflicts of interests prospective contractors may have in specific tenders and the exclusion of such prospective contractors from those tenders or bids.

- Participation in the supply chain management system of persons who are not officials of the municipality

- The barring of persons from participating in tendering or other bidding processes, including persons who were convicted for fraud or corruption during the past five years;

-Who wilfully neglected, reneged on or failed to comply with a government contract during the past five years; or -Whose tax matters are not cleared by SARS.

- Measures for:
 - Combating fraud, corruption, favouritism and unfair and irregular practices in municipal supply chain management; and
 - Promoting ethics of officials and other role players involved in municipal supply chain management.

- The invalidation of recommendations or decisions that were unlawfully or improperly made, taken or influenced, including recommendations or decisions that were made, taken or in any way influenced by –
 - Councillors in contravention of item 5 or 6 of their Code of Conduct;
 - Municipal officials in contravention of items 4 or 5 of their Code of Conduct.

- The procurement of goods and services by municipalities through contracts procured by other organs of state.
- Contract management and dispute settling procedures.
- Delegation of municipal supply chain management powers and duties.

5. VISION AND OBJECTIVES

BLM is a municipality that undertakes to ensure equitable distribution of resources and act as a catalyst for development and service delivery in a co-ordinated, inclusive and sustainable manner.

BLM intends to use the new acquisitioning policy as a tool to achieve the following objectives:

- stimulate economic growth
- stimulate socio- economic development
- enhance quality of services
- enhance delivery of services
- promote fairness, transparency, competitiveness and cost-effectiveness

This supply chain management policy is intended to be in line with the prescribed national procurement policy and will also take into consideration the following key principles:

- Creating opportunities for SMME's;ensuring that value for money is obtained; to eliminate and counter any form of corruption, favouritism and irregular practices;
- Implementation of systems of control and accountability; and standardisation in procedures of bid evaluations, documentation and contracts;
- Effective monitoring and support
- Total quality management

6. DELEGATION OF SUPPLY CHAIN MANAGEMENT POWERS.

(1)The council of the municipality delegate powers and duties to the accounting officer so as to enable the accounting officer to:

(a) Discharge the supply chain management responsibilities conferred on accounting officers in terms of chapter 8 or 10 of the Act.

(b) to maximize administrative and operational efficiency in the implementation of the scm policy

(C) to enforce reasonable cost-effective measures for the prevention of fraud, corruption, favoritism and unfair and irregular practices in the implementation of supply chain management policy; and

(d) to comply with his or her responsibilities in terms of section 115 and other applicable provisions of the Act.

(2) The council may not delegate any supply chain powers or duties to a person who is not official of municipality or to a committee which is not exclusively composed of officials of the municipality

(3) No decision-making in terms of any supply chain management powers and duties may be delegated to an advisor or consultant.

CHAPTER 2

Supply chain Management System

Municipality shall use the following system of Supply Chain Management:

- (a) demand management;
- (b) acquisition management;
- (c) logistics management;
- (d) risk management;
- (e) performance management;

1. DEMAND MANAGEMENT

1.1 SYSTEM OF DEMAND MANAGEMENT

(a) Accounting Officer must establish and implement an effective demand Management system in order to ensure that the resources required to support the strategic and operational commitments of the municipality are delivered at correct time, at the right price and at a right locations as outlined in the Integrated Development Plan of municipality.

(b) Every Head of department shall during preparation of budget for the year:

- (i) determine which function it must perform;
 - (ii) determine goods and services to be procured in the performance of those functions;
 - (iii) determine quantity and specifications for the required goods;
- (c) the SCM Unit shall after consultation with Heads of departments compile a schedule of procurements for capital projects and any other requirements for each financial year;

2. ACQUISITION MANAGEMENT

2.1 SYSTEM OF ACQUISITION MANAGEMENT

(a) the accounting officer must implement the system of acquisition management as set out in this section in order to ensure:

- (i) that goods and services are procured by municipality in accordance with authorized processes only;
- (ii) that expenditure on goods and services is incurred in terms of an approved budget and IDP in terms of section 15 of the Act; (iii) that the threshold values for the procurement for the different procurement processes are complied with;
- (iv) that bid documentation, evaluation and adjudication criteria, and general conditions of contract, are in accordance with any applicable legislation; and
- (v) that any treasury guidelines on acquisition management are properly taken into account.

(b) this policy does not apply in respect of procuring goods and services contemplated in section 110(2) of the Act, including:

- (i) water from department of water affairs or a public entity, another municipality or municipal entity; and
- (ii) electricity from Eskom or another public entity, another municipality or municipal entity.

(c) Accounting officer must, when procuring goods or services contemplated in section 110(2) of the Act make public the fact that it procures such goods or services otherwise than through its Supply Chain Management system, including: (i) the kind of goods or services; and (ii) the name of supplier.

2.2 RANGE OF PROCUREMENT PROCESSES

(a) Goods may only be procured by way of:

- (i) petty cash purchases, up to a transaction value of R 500(VAT Included);
- (ii) One quotation for procurement of transaction value of over R 500 up to R 2000 (VAT included)
- (iii) formal written quotations for procurements of transaction value over R 2000 up to R 200 000 (VAT included); and
- (iv) Competitive bidding process for procurement above R30000.00R and long term contracts.

(b) Goods or services may not deliberately be split into parts or items of a lesser value merely to avoid complying with the requirements of this policy.

(c) When determining transaction values, a requirement for goods or services consisting of different parts or items must as far possible be treated and dealt with as a single transaction.

2.3 GENERAL PRECONDITIONS FOR CONSIDERATION OF WRITTEN QUOTATIONS OR BIDS

A written quotation or bid may not be considered unless the provider who submitted quotation or bid (a) has furnished the following:

- (i) full name
 - (ii) identification number or company or other registration number;
 - (iii) tax reference number and VAT registration number, if any;
- (b) has authorized the municipality to obtain a tax clearance from South African Revenue Service that the Provider's tax matters are in order.

(c) has indicated

- (i) whether he or she is in the service of the state or has been in the service of the state in the previous twelve months
- (ii) if the provider is not natural person, whether any of its directors, managers, principal shareholders or shareholder is in the service of state, or has been in the service of state in the previous twelve months
; or
- (iii) Whether a spouse, child or parent of the service provider or of director, shareholder or stakeholder referred to in subparagraph(ii) is in the service of state or has been in the service of state in the previous twelve months.

2.4 CENTRAL SUPPLIERS DATABASE

(a) The Blouberg Local Municipality must only do a business with Suppliers from Treasury's Central Supplier's Database.

(b) The CSD 's report should include the following:

- Confirmation and status of Business Registration Documents
- Proof of Bank Account Registration
- Tax compliance status
- Employee in the service of state as defined in the Municipal SCM Regulations with information only available in the PERSAL system at this time, namely National and Provincial officials
- Identity Documentation
- Tender defaulters and restrictions status

2.5 PETTY CASH PURCHASES

The following petty cash procurement process shall apply:

(a) Procurement of goods to a maximum amount of R 500 per transaction may be made by means of petty cash purchases;

- (b) Maximum amount of petty cash on hand shall be R 5000 per month;
- (c) Only Supply Chain Manager can give a department a go ahead to request petty cash after taking into account the nature of expenditure and satisfying himself that procurement can be done via petty cash and that petty cash system is not abused.
- (d) Each department must compile monthly reconciliation reports to the Chief Financial Officer, including:
 - (i) The total amount of petty cash for that amount; and
 - (ii) Receipts and appropriate documents for each purchase.

2.6 WRITTEN OR VERBAL QUOTATIONS.

- (a) Written or Verbal quotation must be obtained from at least three different suppliers from, but not limited to, suppliers whose names appear on the suppliers database of the municipality, provided that if quotations are obtained from suppliers who are not listed, such suppliers must meet the listing criteria required by this policy.
- (b) To the extent feasible Suppliers must be requested to submit such quotations in writing.
- (c) if it is not possible to obtain three quotations, the reasons must be approved by Chief Financial Officer, recorded and reported quarterly to accounting officer;
- (d) Accounting officer must record names of potential providers requested to provide quotations as referred in (c) above and their quoted price;
- (d) If quotation was submitted verbally, the may be placed against written confirmation by selected supplier.

2.6 FORMAL WRITTEN QUOTATIONS

- (a) Quotations must be obtained from at least three different providers preferably from, but not limited to, providers whose names appear on the list of accredited prospective providers of the municipality, provided that if quotations are obtained from providers who are not listed, such providers must meet the listing criteria required by this policy.
- (b) if it is not possible to obtain three quotations, the reasons must be approved by Chief Financial Officer, recorded and reported quarterly to accounting officer;

2.7 PROCEDURES FOR PROCUREMENT VIA WRITTEN QUOTATIONS

- (a) all requirements in excess of R 30 000(VAT included) must be advertised for at least for at least seven days on the website of municipality or local notice boards.
- (b) Rotation system where possible must be used when procuring from suppliers on the list of accredited suppliers.
- (C) Accounting officer via SCM unit must take all reasonable steps to ensure that procurement of goods or service via quotations is not abused.
- (d) SCM unit must on a monthly basis notify in writing of all written quotations accepted by it.
- (e) where quotations have been invited via local notice boards and municipal website, no additional quotations are needed should the number of received quotations be less than three.

2.8 COMPETITIVE BIDS

- (a) goods and services above a transaction value of more than R 200 000 (VAT included) and long term contracts may be procured by municipality via competitive bidding process.

2.9 PROCESS FOR COMPETITIVE BIDS

Procedures for competitive bidding process will be as follows:

- (i) Compilation of bid documents
- (ii) Public Invitation of bids;
- (iii) Site meetings or briefing sessions, if applicable;
- (iv) Handling of bids submitted in response to public invitation;
- (v) The evaluation of bids
- (vi) Award of contracts
- (vii) Administration of contracts
- (viii) Proper record keeping

2.9.1 BID DOCUMENTATION FOR COMPETITIVE BIDS

Municipal Bid documents must comply with following requirements:

- (a) take into account :
 - (i) the general conditions of contact;
 - (ii) treasury guidelines on bid documentation and
 - (iii) the requirements of the construction Industry Development board, in respect of bids relating to construction, upgrading or refurbishment of buildings or infrastructure;
- (b) Stipulate the preference point system which will be applied in evaluation and adjudication of contracts;

- (c) Compel bidders to make declaration of interest and fill declaration of interest form;
- (d) if the transaction value is estimated to exceed R 10 million(VAT included), require bidders to furnish the followings:
- (i) the audited financial statements(if bidder is required by law to prepare financial statements) for the past three years or since establishment if entity is established within or during the past three years;
 - (ii) a certificate signed by the bidder certifying that the bidder has no undisputed commitments for municipal services towards a municipality or other service provider in respect of which payment is overdue for more than 30 days;
 - (iii) particulars of any contracts awarded to the bidder by an organ of state during the past five years, including particulars of any material non-compliance or dispute concerning the execution of such contract;
 - (iv) a statement indicating whether any portion of the goods or services are expected to be sourced from outside Republic, and, if so, what portion and whether any portion of payment from municipality is expected to be transferred out of the Republic;
- (e) Stipulate that disputes must be settled by means of mutual consultation, mediation (with or without legal representation), or, when unsuccessful, in a South African court of law.

2.9.2 PUBLIC INVITATION OF BIDS

- (a) Accounting officer of BLM is required to advertise all bids on the eTender Publication Portal as provided below.

All bids advertised on the eTender Publication Administrator must at least contain the following information:

- Bid description;
 - Bid number;
 - Name of Municipality or Entity;
 - The physical location where the goods, services or works specified in the bid are required; □ The closing date and time of the bid;
 - Municipality or entity's contact details (postal and physical address, telephone number, email address, etc.);
 - The physical location where hard copies of bids can be collected;
 - The physical location where bids should be delivered; and
 - The bid documents (MBDs, Terms of Reference, GCC and any other relevant document).
- (b) The minimum period of time, which may be allowed between the publication date of bid invitations and closing time for bids, must be stipulated and should be sufficient for

bidders to reply to the specific requirement. This period may not be less than 14 days for bid which does not exceed R 10 million and 30 days for bid of transaction value equal or exceeding R 10 million. When determining a closing date, sufficient time must be allowed for prospective bidders to prepare and submit their bids. The necessary information regarding the date and time of closure must appear in the bid document and shall be collected from the BLM offices during working hours. It is essential that a definite cut-off time for submitting bids should be set and it should be strictly observed. Late bids, bids by telephone, fax or email are not considered.

(c) Accounting officer may determine closure of bids which is less than 30 or 14 days requirements only on grounds of urgency or emergency or any exceptional case where it is impractical or impossible to follow official procurement process;

(d) The bid advertisement must clearly indicate that it is the municipality's

prerogative not to award the bid or any part thereof to the lowest or any bidder.

(e) Bids advertisement must contain statement that bids may only be submitted on the bid documentation provided by municipality.

(f) Bids submitted to municipality must be sealed.

2.9.3 SITE INSPECTION/BRIEFING OR INFORMATION SESSION

(a) The necessary information regarding a site inspection/information session must appear in the bid document, if applicable. A fully explanatory site inspection may be conducted before the close of bids to ensure that the bidders understand the scope of the project and that they can comply with the conditions and requirements.

(b) Should it be a condition that prospective bidders attend a site inspection, nonattendance of this site inspection may invalidate a bid.

(c) The following information shall be necessary:

(i) Particulars of the place and time of the site inspection, indicated in the advertisement as well as in the bid document

(ii) Proper minutes to be taken on all information disclosed during the site inspection

(iii) Copies of these minutes must be made available to all interested parties that attend the meeting

(iv) The same copies must also be made to all other prospective bidders (v) Bidders should be requested in the Bid documents to certify that the site inspection was attended and that they are fully aware of the extent of the task

(d) Bidders should certify that the site inspection meeting was attended and that they are fully aware of what is reasonably expected from them

(e) Bidders should state on a form (to be included in the Bid document)

(f) The name of the person who represented the company/firm;

(g) Particulars of the company/firm;

(h) Date and place of inspection; and

(i) Any other information that is required by the BLM

2.9.4 PROCEDURE FOR HANDLING, OPENING AND RECORDING OF BIDS

(a) The following procedure shall be followed when opening bids:

(i) SCM unit shall open the bids in public.

(ii) The opening of bids must be at the same time as soon as possible after the closing time.

(iii) Names of bidders and their bidding price must be read out to public.

(iv) All bids received must be recorded in the register for that purpose

(v) Register will be available to public; and

(vi) Entries in the bid register and bid results shall be published on the website of the municipality.

2.10. NEGOTIATIONS WITH PREFERRED BIDDERS

(a) Accounting officer can negotiate the final terms of a contract with bidders identified through a competitive bidding process as preferred bidders, provided that such negotiations

(i) does not allow any preferred bidder to a second or unfair opportunity;

(ii) is not to the detriment of other bidder; and

(iii) does not lead to a higher price than the bid as submitted

(b) Minutes of such negotiations must be kept for record purpose.

2.11. TWO STAGE BIDDING PROCESS

(a) two stage process is allowed only for:

(i) large complex projects

(ii) projects where it may be undesirable to prepare complete detailed (iii) long term projects with a duration period exceeding three years.

(b) In the first stage technical proposals on conceptual design or performance specification should be invited, subject to technical as well as commercial clarifications and adjustments.

18

2.12.1 BID SPECIFICATION COMMITTEE

(a) a bid specification committee must compile the specifications for each procurement of goods or services by the municipality.

(b) Specifications:

(i) must be in an unbiased manner to allow all potential suppliers to offer their goods or services;

(ii) must take into account standards such as those issued by the Standards South Africa, the International Standards Organization, or an authority accredited by or recognized by the South African National Accreditation System with which the equipment or material or workmanship should comply;

(iii) where possible described, be described in terms of performance required rather than in terms of descriptive characteristics for design;

(iv) may not create trade barriers in contract requirements in the forms of specifications, plans, drawings, designs, testing and test methods, packaging, marking or labeling of conformity certification;

(v) may not make reference to any particular trade mark, name, patent, design, type, specific origin or producer unless there is no other sufficiently precise or intelligible way of describing the characteristics of the work, in which case such reference must be accompanied by the words "equivalent".

(vi) Must indicate each specific goal for which points may be awarded in terms of the points system set out in this policy;

(vii) Must be approved by the accounting officer or delegated sec 57 Senior Manager preferably CFO prior to publication of the invitation to bid.

(c) a bid specification committee must be composed of one or more officials of municipality from the End-User department and must include manager responsible for function involved.

(d) no person, advisor or corporate entity involved with bid specification committee, or director of such a corporate entity, may bid for any resulting contracts.

2.12.2 BID EVALUATION COMMITTEE

(1) Bid evaluation committee must

(a) Evaluate bids in accordance with:

(i) the specifications for specific procurement; and (ii) the points system as set out in this policy.

(b) evaluate each bidder's ability to execute the contract;

(c) Check in respect of the recommended bidder whether municipal rates and taxes and service charges are not in arrears.; and

(d) Via Supply Chain Unit submit the evaluation report to Bid adjudication committee;

(i) make final award or a recommendation to Accounting Officer to make the final award; or

(ii) make another recommendation to accounting officer how to proceed with the relevant procurement

(b) the accounting officer must appoint the chairperson of the committee; and if he chairperson is absent the present members must elect one of them to preside at the meeting.

(c) a bid adjudication committee must consist of at least four Senior Managers which must include:

(i) the chief financial officer

(ii) at least one senior supply chain practitioner

(d) Neither a member of bid evaluation committee, nor advisor or person assisting the evaluation committee, may be a member of bid adjudication committee.

(e) If bid adjudication committee decides to award a bid other than the one recommended by the bid evaluation committee must prior to awarding of contract check in respect of the preferred bidder's municipal rates and service charges are not in arrears and notify the accounting officer of its intention.

(f) the accounting officer may after due consideration of the reasons for adjudication committee to deviate from evaluation committee recommendations, approve or reject the decision and if the decision is rejected refer the matter back to adjudication committee for reconsideration.

(g) If accounting officer approves the decision of the bid adjudication committee to deviate from bid evaluation committee recommendation he or she must comply with section 114 of the Act within 10 working days.

2.13 PROCUREMENT OF BANKING SERVICES

- (a) A contract for provision of banking services to a municipality:
 - (i) must be procured through competitive bids;
 - (ii) must be consistent with sections 7 and 85 of the Act; and
 - (iii) may not be for a period of more than five years at a time.
- (b) The process for procuring a contract for banking services must commence at least nine months before the end of an existing contract.
- (c) The Closure date for the submission of bids may not be less than 60 days from the date on which the advertisement is placed in a newspaper. Bids must be restricted to banks registered in terms of the banks Act, 1990(Act No. 94 of 1990).

2.14 PROCUREMENT OF IT RELATED GOODS OR SERVICES

- (a) Accounting Officer may request State Information Technology Agency(SITA) to assist the municipality with acquisition of IT related goods or services through competitive bidding process.
- (b) The parties must enter into a written agreement to regulate the services rendered by, and payments to be made to, SITA.
- (c) The Accounting Officer must notify SITA together with a motivation of the IT needs of the municipality if:
 - (i) the transaction value of IT related goods or services required by the municipality in any financial year will exceed R 50 million(VAT included); or
 - (ii) the transaction value of a contract to be procured by the municipality whether for a one year or more years exceeds R50 million (VAT Included).
- (d) If SITA comments on the submission and municipality disagrees with such comments, the comments and the reasons for rejecting or not following such comments must be submitted to council, the National Treasury, the relevant provincial treasury and Auditor General.

2.15 PROUREMENT OF GOODS AND SERVICES UNDER CONTRACTS SECURED BY OTHER ORGANS OF STATE

- (a) Accounting Officer may procure goods or services for the municipality under a contract secured by another organ of state, but only if:
 - (i) the contract has been secured by that other organ of state by means of a competitive bidding process applicable to that organ of state; (ii) the municipality has no reason to believe that such contract was not validly procured;

- (iii) there are demonstrable discounts or benefits for the municipality to do so;
- (iv) that other organ of state and the provider have consented to such procurement in writing.

2.16 PROCUREMENT OF GOODS NECESSITATING SPECIAL SAFETY ARRANGEMENTS

- (a) The policy restricts the acquisition and storage of goods in bulk (other than water) which necessitate special safety arrangements, including gasses and fuel.
- (b) Where the storage of goods in bulk is justified, such justification must be based on sound reasons, including the total cost of ownership and cost advantages for the municipality.

2.17 PROUDLY SOUTH AFRICAN CAMPAIGNS

- (a) Blouberg Municipality will support Proudly SA Campaign aimed at promoting locally manufactured/produced products.

2.18 APPOINTMENT OF CONSULTANT

- (a) Accounting officer can appoint consulting services provided that any treasury guidelines in respect of consulting services are taken into account when such procurement are made.
- (b) A contract to appoint consultants must be procured via competitive bids if : (i) the value of the contract exceeds R 200 000(VAT included) or (ii) the duration period of contract exceed one year.
- (c) in addition to requirements prescribed by this policy for competitive bids, bidders must furnish particulars of all and similar consultancy services provided to organ of state in the last five years.
- (d) Accounting officer must ensure that the copyright in any document produced, and the patent rights or ownership in any plant, machinery or process designed or devised by consultant in the course of the consultancy service is vested in the municipality.

2.19 DEVIATION FROM AND RATIFICATION OF MINOR BREACHES OF, PROCUREMENT PROCESS.

- (a) Accounting Officer may dispense with the official procurement processes established by this policy and procure any required item via any convenient process, which may include direct negotiations, but only
 - (i) In an emergency;

(ii) If such goods or services are available from single supplier only; (iii) For the acquisition of special works of art or historical objects where specification are difficult to compile; (iv) Acquisition of animals for zoo; or (v) In any other exceptional cases where it is impractical or impossible to follow the official procurement processes.

(b) Accounting Officer may ratify any breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of technical nature.

(C) Accounting Officer must record the reasons for any deviations and report them to the next meeting of the council and include as a note to the annual financial statements.

2.20 UNSOLICITED BIDS

(a) The Municipality in terms of section 113 of the Act is not obliged to consider unsolicited bids received outside a normal bidding process.

(b) If Municipality decides in terms of section 113(2) of the Act to consider an unsolicited bid, it may do so only if :

(i) The product or service offered in terms of the bid is demonstrably or proven unique innovative concept;

(ii) The product or service will be exceptionally beneficial to, or have exceptional cost advantages for, the municipality;

(iii) The person who made the bid is the sole provider of product or service; (iv) The reason for not going through the normal bidding process are found to be sound by the Accounting Officer.

(c) If a municipality decides to consider an unsolicited bid that complies with paragraph (b), the municipality must make its decision public in accordance with section 21A of the Municipal Systems Act, together with:

(i) Its reasons as to why the bid should not be open to other competitors; (ii) An explanation of the potential benefits for the municipality were it to accept the unsolicited bid;

(iii) An invitation to the public or other potential suppliers to submit their comments within 30 days of the notice.

(d) Once the municipality has received written comments pursuant to paragraph

(c)

,it must submit such comments, including any responses from the unsolicited bidder, to the National Treasury and relevant provincial treasury for comment.

(e) The adjudication committee must consider the unsolicited bid and may award the bid or recommend to the accounting officer, depending on its delegations. (f) A

meeting of adjudication committee to consider unsolicited bid must be open to public.

(g) When considering the matter, the adjudication committee must take into account –

- (i) Any comments submitted by the public; and
- (ii) Any written comments and recommendations of the National Treasury and relevant provincial treasury.

(h) If any recommendations of the National Treasury or provincial treasury are rejected or not followed, the accounting officer must submit to the Auditor General, the relevant provincial treasury and the National Treasury the reasons for rejecting or not following those recommendations.

(l) such submission must be made within seven days after the decision on the award of the unsolicited bid is taken, but no contract committing the municipality to the bid may be entered into or signed within 30 days of the submission.

2.21 COMBATING OF ABUSE OF SUPPLY CHAIN MANAGEMENT SYSTEM

(a) Accounting Officer must take all reasonable steps to prevent abuse of the supply chain management system.

(b) Accounting Officer must investigate any allegation against any official or other role player of fraud, corruption, favoritism, unfair or irregular practices or failure to comply with the supply chain management policy, and when justified- (i) Take appropriate steps against such official or other role player; or (ii) Report any alleged criminal conduct to the South African Police Service.

(c) Accounting Office must check the National Treasury's database prior to awarding any contract to ensure that no recommended bidder, or any of its directors, is listed as a person prohibited from doing business with public sector'

(d) Accounting Officer can reject any bid from a bidder-

- (i) If any municipal rates and taxes or municipal service charges owed by that bidder or any of its directors to the municipality, or to any other municipality or municipal entity, are in arrears for more than three months; or
- (ii) Who during the last five years has failed to perform satisfactorily on a previous contract with the municipality or any other organ of state after written notice was given to that bidder that performance was unsatisfactorily;

(e) Accounting Officer can reject a recommendation for the award of a contract if the recommended bidder, or any of its directors, has committed a corrupt or fraudulent act in competing for the particular contract;

- (f) Accounting Officer can cancel a contract awarded to a person if- (i) The person committed any corrupt or fraudulent act during the bidding process or the execution of the contract; or
(ii) An official or other role player committed any corrupt or fraudulent act during the bidding process or the execution of the contract that benefited that person; and
- (g) Accounting Officer can reject the bid of any bidder if that bidder or an of its directors-
- (i) Has abused the supply chain management system of the municipality or has committed any improper conduct in relation to such system; (ii) Has been convicted for fraud or corruption during the past five years; (iii) Has willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
- (iv) Has been listed in the Register for Tender Defaulters in terms section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
- (h) The Accounting Officer must inform the National Treasury and relevant provincial treasury in writing of any actions taken in terms of sub regulation (1) (b) (ii), (e) or (f).

2.22 ACQUISITIONING EVALUATION PROCESS

2.22.1 EVALUATION CRITERIA

- (a) The decision of awarding a contract to a prospective provider must be based on a determination of which bidder has the best likelihood of successfully completing the contract at the best value to the BLM. Proposal evaluation is the process of evaluating both the proposal and the bidder to determine whether the bidder by means of that proposal can successfully accomplish the contract. It forms the basis of choosing between competing offers.
- (b) Evaluation factors (criteria) are those aspects of a proposal that will be
- Local business should receive preference
 - Technical requirements of personnel.
- Perceived ability to render the services required.
 - Flexibility (to adapt to client requirements).
 - Availability to meet deadlines.

2.22.2 IDENTIFICATION OF PREFERENCE POINT SYSTEM

- (1) The Municipality must , in the tender documents, stipulate—
- (a) the applicable preference point system as envisaged in regulations 4, 5, 6 or 7;

(b) the specific goal in the invitation to submit the tender for which a point may be awarded, and the number of points that will be awarded to each goal, and proof of the claim for such goal.

(2) If it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

(a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

(b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system.

2.22.3 THE 80/20 PREFERENCE POINT SYSTEM FOR ACQUISITIONING OF GOODS AND/OR SERVICES UP TO A RAND VALUE OF R 50 000 000.00

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

(a) The following formula must be used to calculate the points for price in respect of competitive bids/price quotations with a Rand value equal to, or above R30 000 and up to a Rand value of R50 000 000.

$$Ps = 80 \left\{ \frac{1 - Pt - Pmin}{Pmin} \right\}$$

Where

Ps = Points scored for comparative price bid / offer under consideration

Pt = Comparative price of bid / offer under consideration

Pmin = Comparative price of lowest acceptable bid / offer.

(b) A maximum of 20 points may be awarded to a bidder/tenderer for a specific goal specified for the tender (The Municipality shall decide which specific goal/s to apply per tender)

(c) The points scored for the specific goal/s must be added to the points scored for price and the total must be rounded off to the nearest two decimal places. .

(d) Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

2.22.4 THE 90/10 PREFERENCE POINT SYSTEM FOR ACQUISITIONING OF GOODS

AND/OR SERVICES WITH A RAND VALUE ABOVE R 50 000 000.00

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

(a) The following formula must be used to calculate the points for price in respect of competitive bids with a Rand value above R 50 000 000.

$$Ps = 90 \left\{ 1 - \frac{Pt - Pmin}{Pmin} \right\}$$

Where

Ps = Points scored for comparative price of bid under consideration

Pt = Comparative price of bid under consideration

Pmin = Comparative price of lowest acceptable bid.

(b) A maximum of 10 points may be awarded to a bidder/tenderer for a specific goal specified for the tender (The Municipality shall decide which specific goal/s to apply per tender)

(c) The points scored for the specific goal/s must be added to the points scored for price and the total must be rounded off to the nearest two decimal places. .

(d) Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

2.22.5 THE 80/20 PREFERENCE POINT SYSTEM FOR INCOME-GENERATING CONTRACTS WITH RAND VALUE EQUAL OR BELOW R 50 000 000

(a) The following formula must be used to calculate the points for price in respect of competitive bids / price quotations with a Rand value equal to, or above R30 000 and up to a Rand value of R 50 000 000 and which relate to the sale and letting of assets.

$$Ps = 80 \left\{ \frac{1 + Pt - Pmax}{Pmax} \right\}$$

Ps = Points scored for price of bid / offer under consideration

Pt = Price of bid / offer under consideration

Pmax = Price of highest acceptable offer

(b) A maximum of 20 points may be awarded to a bidder/tenderer for a specific goal specified for the tender (The Municipality shall decide which specific goal/s to apply per tender)

(c) The points scored for the specific goal/s must be added to the points scored for price and the total must be rounded off to the nearest two decimal places. .

(d) Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

2.22.6 THE 90/10 PREFERENCE POINT SYSTEM FOR TENDERERS FOR INCOME-GENERATING CONTRACTS WITH A RAND VALUE ABOVE R 50 000 000.

(a) The following formula must be used to calculate the points for price in respect of bids with a Rand value above R 50 000 000 and which relate to the sale and letting of assets.

$$P_s = 90 \left\{ \frac{1 + P_t - P_{max}}{P_{max}} \right\}$$

P_s = Points scored for price of bid under consideration

P_t = Price of bid under consideration

P_{max} = Price of highest acceptable bid

(b) A maximum of 10 points may be awarded to a bidder/tenderer for a specific goal specified for the tender (The Municipality shall decide which specific goal/s to apply per tender)

(c) The points scored for the specific goal/s must be added to the points scored for price and the total must be rounded off to the nearest two decimal places. .

(d) Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

2.22.7 EVALUATION OF CONSULTANTS OR OTHER PROFESSIONAL SERVICES ON FUNCTIONALITY.

(a) the following formula shall be used to evaluate consultants based on Functionality

$$P_s = \underline{SO \times AP}$$

MS

Ps = Points scored for functionality

SO= points awarded by a panel member

MS= Maximum weight

AP = Percentage points for functionality

(b) the following formula shall be used to evaluate points scored for price for Consultants

$$Ps = \frac{P_{min} \times AP}{Pt}$$

Ps = points scored for price

Pmin= lowest acceptable bid price

Pt = bid price under consideration

AP = Total score for functionality

2.22.8 80/20 POINT SYSTEM FOR EVALUATION OF CONSULTANTS

(a) the following formula shall be used to determine the points scored by bidders through 80/20 system

$$Ps = 80 \left(\frac{1 + HS - RS}{RS} \right)$$

Ps = Points scored

HS = Highest acceptable points for sum of points for price and Functionality.

RS = sum of points scored for price and functionality for bid under Consideration

2.22.9 STIPULATION OF PREFERENCE POINT SYSTEM TO BE USED

(a) The Blouberg Municipality must, in the bid documents, stipulate the preference point system which will be applied in the adjudication of bids.

2.22.10 EVALUATION OF BIDS ON FUNCTIONALITY (QUALITY) AND PRICE, INCLUDING WHEN CONSULTANTS ARE APPOINTED

(a)The municipality must, in bid documents, indicate if, in respect of a particular bid invitation, bids will be evaluated on functionality and price.

(b)The total combined points allowed for functionality and price may, in respect of bids / offers with an estimated Rand value equal to or below, R 50 000 000, not exceed 80 points.

(c)The total combined points allowed for functionality and price may, in respect of bids / offers with an estimated Rand value above, R50 000 000, not exceed 90 points.

(d)When evaluating the bids contemplated in this item, the points for functionality must be calculated for each individual bidder,

(e)The conditions of bid may stipulate that a bidder must score a specified number of points for functionality to qualify for further adjudication

(f)The points for price, in respect of a bid which has scored the specified minimum number of points contemplated above must, subject to the application of the evaluation system for functionality and price, be established separately and be calculated in accordance with the other provisions in this section 9.4

(g)The number of points scored for achieving Specific goal/s must be calculated separately and must be added to the points scored for functionality and price.

(h) Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

2.22.11 AWARD OF CONTRACT TO BIDS NOT SCORING THE HIGHEST NUMBER OF POINTS

(a) Despite the above regulations, a contract may, on reasonable and justifiable grounds, be awarded to a bidder that did not score the highest points. Preference calculations or decisions, made during proposal / bid evaluations or candidate selection through interviews, shall be clear and documented. The specific goals must be measurable and quantifiable and must be monitored in the execution of the contract.

2.22.12 CANCELLATION AND RE-INVITATION OF BIDS

(a) In the event that, in the application of the 80/20 preference point system, as stipulated in the bid documents, all bids received exceed the estimated Rand value of R 50 000 000, the bid invitation must be cancelled.

(b) In the event that, in the application of the 90/10 preference point system, as stipulated in the bid documents, all bids received are equal to, or below R 50 000 000, the bid invitation must be cancelled.

(c)The municipality must, if the bid invitation has been cancelled in terms of the above, re-invite bids and must, in the bid documents, stipulate the correct preference point system to be applied.

(d) The Blouberg Municipality may, prior to the award of a bid, cancel the bid if;

- (i) Due to changed circumstances there is no longer a need for the goods, works or services offered, or
- (ii) Funds are no longer available to cover the total envisaged expenditure; or
- (iii) No acceptable bids are received.

2.22.13 **SPECIFIC GOALS AS PER SECTION 2(1)(d) of the ACT**

1. Specific goals may include :

(a) Contracting with Historically disadvantaged Individuals on the basis of race, gender and disability.

(b) The following activities may be regarded as contribution towards achieving the goals of RDP (published in Government Gazette No. 16085 dated 23 November 1994)

- (i) The promotion of South African owned enterprises;
- (ii) The promotion of export orientated production to create jobs;
- (iii) The promotion of SMMEs;
- (iv) The creation of new jobs or the intensification of labour absorption
- (v) The promotion of enterprises located in a specific province for work to be done or services to be rendered in that province
- (vi) The promotion of enterprise located in a specific region for work to be done or services to be rendered in that region
- (vii) The promotion of enterprises located in a specific municipal area for a work to be done or services to be rendered in that municipal area
- (viii) The promotion of enterprises located in the rural areas
- (ix) The promotion of enterprises owned by Youth
- (x) The development of human resources, including by assisting in tertiary and other advanced training programmes, in line with key indicators such as percentage of wage bill spent on education and training and improvement of management skills and

(xi) The upliftment of communities through, but not limited to, housing, transport, schools, infrastructure donations, and charity organizations.

(c) Contracting with companies that complies with BBBEE Act : BBBEE

SCORE POINTS TO BE USED

2. Municipality shall decide which specific goal/s to use or apply per each tender
3. Any contract awarded on account of false information furnished by the tenderer in order to secure a preference in terms of the Act, may be cancelled without prejudice to any other remedies available to the Municipality.
4. Any specific goal contemplated must be measurable, quantifiable and monitored for compliance.

2.22.16 INTERVIEW SELECTION CRITERIA

(a) If the selection is going to be made through interview, the selection criteria should be known beforehand (it could be in the form of evaluation criteria and weights). During the interview the members of the interview panel should assign a score to each criteria, and these scores are then added to arrive at a total score.

This total score is then used to assist in making the selection decision.

2.23 OTHER FACTORS IN THE ACQUISITIONING PROCESS

2.23.1 TAX CLEARANCE CERTIFICATE

(a) It is a specific requisite that on all projects, a Tax Clearance Certificate, issued by the SA Revenue Services for the bidding company/entity is to be submitted as part of the bid documentation.

(b) No contract may be awarded to a person who has failed to submit an original Tax Clearance Certificate from the South African Revenue Service ("SARS") certifying that the taxes of that person to be in order or that suitable arrangements have been made with SARS.

2.23.2 ACCESS TO BIDDING INFORMATION

(a) To ensure complete transparency in the bidding process, bid documents should provide details of adjudication criteria. This will be especially important in bids where price will no longer be the only criteria in awarding bids.

(b)The BLM will assist with the compilation and dissemination of bidding and related information in a simplified and uncomplicated format.

(c) Bid results and awards must be made available to bidders when requested. This process, which will ensure transparency, will also enable bidders to evaluate their performance and competitiveness for future bids.

(d) BLM will be required to display both the bids and awards in the offices on for example bid notice boards. This place of display should be accessible to the public even after normal working hours. This will enable the information to reach the local community as effectively as possible. Local councillors are responsible to further disseminate information to their constituencies.

2.23.3 UNIFORMITY IN BID PROCEDURES, POLICIES AND CONTROL MEASURES

(a) Uniformity in bid procedures and control measures should be enhanced to ensure efficiency and effectiveness in procurement/ acquisition management. This can be accomplished through:

(b) The implementation of a uniform acquisition policy that must address at least the following:

- (i) The range of processes to be used for example tender (local/national), quotation (formal/informal) auction etcetera
- (ii) Procedures and mechanisms for each type of process
- (iii) When a particular type of process must be used
- (iv) Categorisation of processes relating to value of transactions (financial thresholds)
- (v) Open and transparent pre-qualification processes
- (vi) Ensuring that bid procedures are easy to interpret, clear, cost-effective, inexpensive, quick, transparent and free of corruption;
- (vii) A system of supply chain management, which is uniformly applied by all organs of State
- (viii) Proper rules pertaining to unsolicited bids (sect. 113 of the MFMA)

2.23.4 GENERAL ACQUISITIONING PRINCIPLES

(a) Irrespective of who will be responsible for the acquisition process, the general principles of being fair, equitable, transparent, competitive and cost-effective will apply to, and will be the guiding principles for all stakeholders during all activities in the process.

(b) This entails a proper definition of what is required, adherence to the prescribed selection and evaluation process, as well as proper implementation, monitoring and evaluation.

2.23.5 LETTERS OF ACCEPTANCE

(a) Letters of acceptance shall be issued by the Head of Procurement once a tender has been approved by a person/structure in accordance with the delegated authority. Such letters may also be signed by the relevant delegated authority.

(b) Letters of acceptance must be accurate, unambiguous, complete and contain detail of discounts that the BLM may qualify for and must reflect the approval accurately. Such letters are to be handed to the tenderer against signature or sent by registered post as soon as possible after it has been approved and before the validity period expires. A copy must also be made available to the Finance division in order that this commitment can be captured in their records. The Corporate/Admin. Department, who is responsible for the management of the administration of contracts, must also be furnished with a copy.

(c) A formal contract may also be concluded and must display the same principles than those contained in a letter of acceptance.

(d) New conditions that did not form part of the original tender documentation, may not be included in a letter of acceptance/contract.

2.23.6 PUBLISHING RESULTS

(a) As the letter of acceptance/contract concludes the process of competing for the business, it is important that the final results also be publicized.

(b) Bid results must at least be displayed in the offices of the BLM on for example bid notice boards.

2.23.7 REPORTING

(a) The Accounting Officer should report, in the prescribed formats and frequencies prescribed by the relevant Treasury, management information to the executive authorities and the National and relevant treasuries.

2.24 POWERS OF ACQUISITIONING STRUCTURES/ INDIVIDUALS

2.24.1 POWERS OF THE COUNCIL

The Council has the power to:

- Priorities expenditure
- Receive for the purpose of maintaining oversight over the implementation of the municipality's supply chain management policy, a report within 30 days of the end of each financial year, from the MM regarding the implementation of the supply chain management policy and spending patterns on the budget. □
Monitor the activities of the BLM.

The Council and the Accounting Officer may not delegate any supply chain management power or duties to:

- A person who is not an official of the municipality; or

- To a committee which is not exclusively composed of officials of the Blouberg municipality.
- To a single person or single member of any bid committee. The power to make final awards in a competitive bidding process has been delegated to the committee and therefore the committee system must be used.

2.24.2 POWERS OF THE BID ADJUDICATION COMMITTEE

The Bid Adjudication Committee has the power to:

- (a) amend or cancel concluded agreements if delivered goods and services do not conform to specifications
- (b) approve bids over the amount of R 200 000.

©To invalidate bids on the grounds mentioned in section 112(1)(n) MFMA

(d) The Bid Adjudication Committee must within 5 days of the end of each month submit to the Municipal Manager through the Chief Financial Officer, a written report containing particulars of each final award made by this committee during that month, including –

- (i) the amount of the award;
- (ii) the name of the person/business to whom the award was made
- (iii) the reason why the award was made to that person/business.

3. LOGISTICS MANAGEMENT

- (a) Accounting officer must establish and implement an effective system of logistics management, which include;
 - (i) the day to day management of stores and warhorse.
 - (ii) determining the range and nature of items that will be carried in the store facility
 - (iii) Setting inventory level
 - (iv) Timely placement of orders when stock levels are low
 - (v) Receiving and distribution of goods; and
 - (vi) Expediting orders'
 - (vii) Transport Management
 - (viii) Vendor Performance
 - (ix) Maintenance and contract administration

4. DISPOSAL MANAGEMENT

- (a) This policy provide for an effective system of disposal management for the disposal or letting of assets, including unserviceable, redundant or obsolete assets, subject to sections 14 and 90 of the Act.
- (b) Assets may be disposed in this way:
 - (i) Transferring the asset to another organ of state in terms of a provision of the Act enabling the transfer of assets;

- (ii) Transferring the asset to another organ of state at market related value or, when appropriate free of charge;
- (iii) Selling the asset; or
- (iv) Destroying the asset;

(c) The SCM policy stipulate that-

(i) Immovable property may be sold only at market related prices except when the public interest or the plight of the poor demands otherwise; (ii) Movable assets may be sold either by way of written price quotations, a competitive bidding process, auction or at market related price, whichever is the most advantageous to the municipality;

(iii) In the case of the free disposal of computer equipment, the provincial department of education must first be approached to indicate within 30 days whether any of the local schools are interested in the equipment; and

(iv) In the case of the disposal of firearms, the National Conventional Arms Control Committee has approved any sale or donation of firearms to any person or institution within or outside the Republic.

(d) The policy provide that –

(i) Immovable property is let at market related rates except when the public interest or the plight of the poor demands otherwise; and

(ii) All fees, charges, rates, tariffs, scales of fees or other charges relating to the letting of immovable property are annually reviewed; and

(iii) That where assets are traded in for other assets, the highest possible trade-in price is negotiated.

5. RISK MANAGEMENT

5.1 GENERAL

(a) It is imperative to take cognisance of potential risks during the supply chain management and specifically the acquisitioning process. Due consideration should ideally be given to the following:

(i) Identification of acquisitioning risks on a case-by-case basis;

(ii) Allocation of risks to the party best equipped to manage such; (iii) The Municipality bearing the cost of risks where the cost of transferring them is greater than that of retaining them;

(iv) The exercising of risk management in a proactive manner and providing adequately for the cover of residual risks;

(v) Contract documentation clearly and unambiguously assigning relative risks to the contracting parties.

(vi) Development and implementation of appropriate processes. (vii) Development and implementation of procedures and mechanisms to minimise risk such as screening processes and security clearances. (viii) Development and implementation of adequate administrative procedures relating to the advertising, invitation, opening, registering and recording of bids.

- (ix) Disqualification of bidders who are inherent risks such as those who were found guilty of fraud or who failed to comply with previous government contracts.
- (x) Elimination of prospective contractors who have conflict of interests in specific tenders by implementing a system in terms whereof bidders are obliged to disclose any form of conflict they possibly may have.
- (xi) Risk management should therefore form part of the business plan for the acquisition of all goods and services.

5.2 INSURANCE

- (a) Any of the following, or a combination thereof, should be applied to protect the interests of the municipality in the procurement process:
 - (i) That insurance is taken out in deserving cases.
 - (ii) That risk management programmes are established.
 - (iii) That liquidated damage clauses be included in contracts where applicable.
- (b) Suitable arrangements should also be made to ensure that insurance related excesses do not cause the failure of emerging small and micro enterprises.

5.3 GUARANTEES

- (a) Performance guarantees should be commensurate with the degree of contractual risk to which BLM are exposed.
- (b) In cases of large and complex contracts, it is advisable to call for bid guarantees to circumvent the submission of irresponsible bids.
- (c) Performance guarantees should spread the cost of the risk of failure between the contracting parties and should be set at such a level that all BLM costs relating to such failure are likely to be recovered.
- (d) It would be prudent to make adequate provision in all engineering and construction works contracts to ensure that monies are available to rectify defects.
- (e) Performance bonds in engineering and construction works contracts should be waived in low value, low risk contracts or where a third party carries the risk of failure in an acceptable manner.

5.4 CONTRACT MANAGEMENT

- (a) The basic requirements as stipulated in the MFMA (section 116) should be adhered to namely: writing, dispute resolution mechanisms, termination, periodic review of contracts

and the duties of the Accounting Officer such as enforcement of contracts, monthly monitoring, regular reporting to council, amendment of contracts etc.

5.5 SURETIES

(a) Though the BLM is sensitive to the plight of Emerging Contractors, all projects considered being of high risk due to the nature and scope of work should be subject to high sureties.

(b) In terms of the risk management approach, all constraints are subjected to risk analysis from which alternative strategies are developed to avoid, reduce or control the associated risk for the Contractor as well as the BLM.

(c) It is suggested that the following sureties shall be applicable:

Micro projects(0 - R200 000) Nil

Small projects (R200 000 – R500 000) 2.5%

40

Medium Projects (R500 000 – R1 000 000) 5%

Large projects (R1 000 000 >) 10%

(d) When classified as a contract that does not require a surety, then such status will apply even if the bid exceeds the maximum amount to prevent bidders preparing a bid under the perception that no surety will be required, but only discover later the surety requirements changed.

(e) In the case of small and medium projects, the sureties have been reduced and a cash surety may be deducted in equal percentages from the progress payments for the duration of the contract. In the case of large projects not exceeding R2,0 million a cash deduction from the first three progress payments covering the full surety percentage will be allowed. In case of large projects over R2,0 million only bank bonds will be allowed.

5.6 RETENTION

(a) The BLM shall retain the following percentages of the project cost from the Contractor during the construction as a guard against defects that might be noticed after practical completion- Micro 5%

Small 5%

Medium 10% Large

10%

The retention will be released as follows:

Micro- 2.5% released at completion of the Project and the balance after 3 months

Small - 2.5% released at completion of the Project and balance after 6 months

Medium - 5% released at completion of the Project and the balance after 12 months

Large - 5% released at completion of the Project and the balance after 12 months

5.7 TECHNICAL AND OTHER PROFESSIONAL CONSULTANTS

(a) BLM has accepted as a fact the appointment of consultants where the in-house skills are in short supply. In order to do work on contract, it is necessary that the planning, contract documentation and site supervision be done in an absolute professional manner, maintaining a very high standard and completed in a minimum time and within budget.

(b) The consultants are to be appointed by applying these guidelines on a rotating roster system and will be grouped together in the different disciplines.

5.8 PROFESSIONAL REGISTRATION AND INDEMNITY INSURANCE

(a) In order to maintain such a high standard of work and keeping in mind the possible risk Council is exposed to, as well as the relevant legislation regarding the professions; it is of utmost importance that only firms registered with their relevant professional bodies be allowed to be appointed by BLM. Furthermore, all such firms must have a valid and current Professional Indemnity insurance policy in place. The purpose of such a policy is to provide protection for any loss, damage, death liability or take-over of a third party or a loss sustained by the BLM, related to an oversight, omission or negligence pertaining to the non-adherence of professional duties for which the consultant is responsible.

(b) In keeping with the principles of the RDP as well as procurement and delivery reform, it is essential that a certain margin of preference should be applied, targeting historically disadvantaged consultants.

5.9 UNSATISFACTORY PERFORMANCE

5.9.1 GENERAL

(a) Where unsatisfactory performance of a contractor occurs, it should be brought to his/her attention in writing, preferably by registered mail. If it is not corrected in an acceptable time (which is agreed upon by the BLM and the contractor), the contractor could be informed that the BLM would withdraw from its contractual obligations if a suitable response were not forthcoming. If this persists, legal counsel should be consulted to unilaterally withdraw from the contract in a manner recommended by such counsel. All other costs (over and above the contract price), should also be recovered from the contractor who did not perform should it be necessary to procure emergency goods/services at a higher price. The agreement entered into should form the basis of such action.

5.9.2. PENALTIES

(a) All contracts awarded to contractors will be subject to a fair penalty clause. The penalty clause is necessary to encourage contractors to complete their assignments within the contract time. However, due care should be taken so that

penalties imposed should not harm emerging contractors to such an extent that the empowerment of HDIs cannot be realised. (a) The following penalties should be applicable

Micro projects 0.02 % of contract amount per day

Small projects 0.04 % of contract amount per day

Medium projects 0.06 % of contract amount per day

Large projects 0.08 % of contract amount per day

(c) A penalty clause does not and cannot ensure that a contract will be completed on time and therefore the enforcement of penalties will become a reality. Penalties should at least cover any loss incurred by the BLM.

5.10 CONTRACT AMENDMENTS

(a) To enhance the flexibility of the procurement process, it is proposed that the BLM be allowed to extend the quantities of an approved quotation or tender by not more than 20 percent provided that the budget accommodates the additional 20 percent and the requirement is approved. This may be approved by the BLM at the delegated level, provided that the provider agrees to such extension and the additional goods are supplied at the same (or lower) price originally agreed to.

5.11 PAYMENT FACILITATION

(a) For the sustainability of contractors generally, early payments should be made as soon as all certifications and verifications have been completed. Late payments are detrimental to emerging and small contractors' continuity in business. The BLM undertakes to effect processing invoices as soon as possible but within the time stipulated in the tender document but not exceeding 30 days.

(b) It is therefore the responsibility of the relevant functionary in the BLM to certify/assess invoices as soon as they are presented to determine whether the invoices actually mirrors the services rendered/goods delivered and that services/goods are of the required quality.

5.12 CONTRACTS HAVING FUTURE BUDGETARY IMPLICATIONS

(a) The requirements of section 33 of the MFMA must be adhered to in regard to contracts which impose financial implications for three years or more (current financial year excluded).

6. PERFORMANCE SYSTEM

(a) Accounting Officer must establish an effective internal monitoring system in order to determine, on the basis of retrospective analysis, whether the authorized To a maximum of 5% of 43 supply chain management processed were followed and whether the desired objectives were achieved.

7. OTHER MATTERS.

7.1 PROHIBITION ON AWARDS TO PERSONS WHOSE TAX MATTERS ARE NOT IN ORDER.

(a) Municipality may not make any award above R 15 000 to a person whose tax matters have not been declared by the South African Revenue Service to be in order.

(b) Before making an award to a person, a municipality must first check with SARS whether that person's tax matters are in order.

(c) If SARS does not respond within seven days such person's tax matters may for purpose of sub regulation (a) be presumed to be in order.

7.2 PROHIBITION ON AWARDS TO PERSONS IN THE SERVICE OF THE STATE.

(a) Irrespective of procurement processes followed the Municipality may not make award to a person –

(i) Who is the service of state;

(ii) If that person is not a natural person, of which any director, manager, principal shareholder or stakeholder is a person in the service of the state; or

(iii) Who is an advisor or consultant contracted with the municipality.

7.3 AWARDS TO CLOSE FAMILY MEMBERS OF PERSONS IN THE SERVICE OF THE STATE.

(a) The notes to annual financial statements of a municipality must disclose particulars of any award of more than R2 000 to a person who is a spouse, child or parent of a person in the service of the state, or has been in the service of the state in the previous twelve months, including –

(i) The name of the person;

(ii) The capacity in which that person is in the service of the state; and (iii) The amount of the award.

7.4 COMBATING CORRUPTION AND ETHICS

(a) In supply chain management and more specifically procurement/acquisition management, all parties are required to comply with the highest ethical standards to promote:

- (i) mutual trust and respect; and
- (ii) an environment where business can be conducted in a fair, transparent and reasonable manner and with integrity.

(b) The Municipal Manager (Accounting Officer) must take all reasonable steps to ensure that proper mechanisms and separation of duties in the system are in place

to minimise the likelihood of fraud, corruption, favouritism and unfair and irregular practices.

(c) All members of the bid/evaluation committees as well as the secretaries to these committees must declare interest with each activity performed.

(d) An official / employee who is involved in the decision-making process must, if a conflict of interest is prevalent:

- (i) Declare the interest;
- (ii) Excuse himself/herself from such decision-making processes (iii) Refrain from discussion in any matter related to such process.

(iv) Refrain from exerting any form of pressure on decision makers. (v) Prior to the award of any contract, the BLM must ensure that neither the recommended bidder nor any of the directors are listed as companies/directors/persons restricted to do business with the Public Sector.

(e) The BLM must:

- (i) Reject a proposal for award if it is determined that the bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question
- (ii) Reject a proposal for award if it is determined that the bidder or contracting party were convicted of fraud or corruption during the past five years
- (iii) Reject a proposal if it is determined that the contracting party willfully neglected, reneged on or failed to comply with a government contract during the past five years
- (iv) Ignore any bid from a bidder whose name appears on the national list of restricted bidders/providers/persons; and
- (v) Cancel the contract allocated to a bidder for goods, services or works if it is at any time determined that corrupt or fraudulent practices were engaged in by representatives of the department and/or the provider during the acquisition or the execution of that contract.
- (vi) Address any interference in the process. (sect. 118 of the MFMA)

(f) To address public complaints, different pieces of legislation were passed in recent years relating to transparency and anti-corruption measures and may the public complain in the first instance at the Municipal Manager. If not satisfied, the person may refer the complaint to the Public Protector or the Courts.

(g) Legislation that are aimed at addressing complaints and therefore preventing corruption are:

- Public Protector Act of 1998
- Corruption Act of 1994
- Protected Disclosure Act of 2000
- Promotion of Administrative Justice Act of 2000
- Promotion of Access to Information Act of 2000.

7.5 INDUCEMENTS, REWARDS, GIFTS AND FAVOURS TO MUNICIPALITY, OFFICIALS AND OTHER ROLE PLAYERS.

(a) No person who is a provider or prospective provider of goods and services to a municipality, or recipient or prospective recipient of goods disposed or to be disposed by a municipality, may either directly or through a representative or intermediary promise, offer or grant –

(i) Any inducement or reward to the municipality for or in connection with the award of a contract; or

(ii) Any reward, gift, favour or hospitality to any official of the municipality or any role player involved in the implementation of the supply chain management policy of them municipality.

(b) The accounting officer must promptly report any alleged contravention of sub regulation (a) to the National Treasury for considering whether the offending person, and any representative or intermediary through which such person is alleged to have acted, should be listed in the national Treasury's database of persons prohibited from doing business with the public sector.

(c) Sub regulation (a) does not apply to gifts less than R350 in value.

7.6 SPONSORSHIPS

(a) The accounting officer of a municipality must promptly disclose to the National Treasury and relevant provincial treasury any sponsorship promised, offered or granted to the municipality, whether directly or through a representative or intermediary, by any person who is-

(i) A provider or prospective provider of goods or services to the municipality; or

- (ii) A recipient or prospective recipient of goods disposed or to be disposed, of by the municipality.

7.7 OBJECTIONS AND COMPLAINTS.

- (a) Persons aggrieved by decisions or actions taken by the municipality in the implementation of its supply chain management system, to lodge within 14 days of

the decision or action a written objection or complaint to the municipality against the decision or action.

7.8 DISPUTE RESOLUTION GUIDELINES

- (a) The accounting officer may appoint an independent and impartial person not directly involved in the supply chain management process of municipality to assist in the resolution of the dispute between municipality and other persons regarding: (i) Any decision or actions taken by the municipality in implementation of its supply chain management system; or

- (ii) Any matter arising from a contract awarded in the course of its supply chain management system; or

- (iii) To deal with objections, complaints or queries regarding any such decisions or actions or any other matters from such contract.

- (b) The accounting officer, or any other official designated by the accounting officer, is responsible to assist the appointed person to perform his/her functions effectively.

- (c) A person must:

- (i) Strive to resolve promptly all disputes, objections, complaints or queries received; and

- (ii) Submit monthly report to the accounting officer on all disputes, objections, complaints or queries received, attended to or resolved.

- (d) A dispute, objection, complaint or query may be referred to the provincial treasury if-

- (i) The dispute, objection, complaint or query is not resolved within 60 days; or

- (ii) No response is received from municipality within 60 days.

- (e) If the provincial treasury does not or cannot resolve the matter, the dispute, objection, complaint or query may be referred to the National Treasury for resolution.

- (f) This resolution guidelines do not affect a person's rights to approach a court at any time.

7.9 CONTRACTS PROVIDING FOR COMPENSATION BASED ON TURNOVER

(a) If a service provider acts on behalf of a municipality to provide any service or act as a collector of fees, service charges or taxes and compensation payable to the service provider is fixed as an agreed percentage of turnover for the service or the amount collected, the contract between the service provider and the BLM.

8. NON COMPLIANCE

(a) Non compliance to relevant legislation and this policy statement in regard to supply chain management might result in unauthorized, irregular and fruitless expenses and functionaries may incur personal liability if they are negligent in exercising their duties in terms hereof.

SUMMARY OF AUTHORITY OF PROCUREMENT POWERS OF FUNCTIONARIES Functionary Purchasing power Process

- Managers to be given powers to approve purchases up to a maximum of R10 000.00. this is subject to the condition that the Manager: Supply Chain should co-sign all the memorandum.
- All payment certificates for capital projects should be signed by the Municipal Manager & Payments above R30 000
- The appointment of the Specification and Evaluation Committees be delegated to the Chief Financial Officer with the Municipal Manager retaining the power to appoint the Adjudication Committee;
- Satellite Managers should have the power to authorize petty cash vouchers

Bid Adjudication Committee/Municipal Manager Over R200 000. Public tenders

Municipal Manager Over R 30 000 up to +R200 000

Purchases over R30 000 up to R200 000: At least 3 written quotations and

Chief Financial Officer Up to R30 000 Purchases up to R 2000: At least one written quotation.

Purchases over R 2000: At least 3 written quotations.

Petty Cash Up to R250 per transaction through the authority of the Departmental Head

Preference Point Systems or Point Scoring System

ANNEXURE SCM1

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

The 80/20 Preference point system is applicable to bids (including price quotations) with a Rand value from R30000.00 to R50 million (all applicable taxes included)

	Points
Points Scored for Price	80
Points Scored for Specific goal/s	20
Total	100

ANNEXURE SCM2

The 90/10 Preference point system is applicable to bids (including price quotations) with a Rand value above R50 million (all applicable taxes included)

	Points
Points Scored for Price	90
Points Scored for Specific goal/s	10
Total	100

Determine the manner in which, and the conditions under which the offers must be made

Conclude agreements

Inspect and test the supplies and services offered, or to have them inspected and tested.

Respond to queries raised by the external and internal auditors,

2.24.4 POWERS OF THE MANAGERS OF DEPARTMENTS

The Manager of a department has the power to:

To approve bids up to the amount of R 20 000.

Manage the budget that has been allocated to the department,

Submit all expenditure requirements as per the budget for the department to the acquisitioning section for approval for initiation,

Assist the acquisitioning section by rendering advice and skills in the bid process.

2.24.5 POWERS OF CHIEF FINANCIAL OFFICER

CFO has the power to approve bids up to R 30 000

Manage the budget of the municipality and approve every procurement transaction of the municipality.

Invalidate any unauthorized procurement
